NPC INSIGNIA

The shield is a protective influence for our entire membership.

A lamp denotes leadership, scholarship and enlightenment.

The laurel wreath signifies victory, or achievement of ideals.

While the sword piercing the wreath indicates willingness to fight for ideals, it symbolizes, too, penalty of obligation, also bravery, achievement and discipline.

The mantling surrounding the shield is the protecting cloak that education gives us and is the protective influence of organization.

Thus there in the mantle is inscribed the name of the National Panhellenic Conference.

(Adopted at the 1957 Biennial Session)

NPC LOGOS

The capital letters N, P and C represent the strength and seriousness of the organization while the overlapping letters characterize relationships built on trust through transparency and a cooperative spirit.

The wave represents a continual, forward movement, advancing and advocating for the sorority experience.

The full name of the organization, National Panhellenic Conference, is located at the base of the logomark and is displayed in a traditional font to represent the long-standing heritage on which NPC is built.

The NPC tagline aligns with the vision statement and encompasses the organization — the voice for sorority advancement.

To complement the NPC logo, graphics for both Alumnae and College Panhellenics were created. These graphics provide distinctions for these organizations while creating a consistency within the NPC brand. The Alumnae and College Panhellenics logos can be customized for the groups using them.

For more information on NPC branding and logos, please contact the NPC office.
THE PANHELLENIC CREED

We, as Undergraduate Members of women’s fraternities, stand for good scholarship, for guarding of good health, for maintenance of fine standards, and for serving, to the best of our ability, our college community. Cooperation for furthering fraternity life, in harmony with its best possibilities, is the ideal that shall guide our fraternity activities.

We, as Fraternity Women, stand for service through the development of character inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which we strive to live.

THIS WE BELIEVE

Sorority
Sorority is a social experience based on the fundamental right of a free people to form voluntary associations. It enriches university/college life.

Mutual choice
The young woman who wants a sorority experience will find it possible to belong on most campuses today. Sorority membership is a social experience arrived at by mutual choice, selection and ultimately invitation.

Sororities exist because they:
- Offer a good, democratic social experience.
- Provide lifelong value.
- Create, through their ideals, an ever-widening circle of service beyond membership.
- Develop an individual’s potential through leadership opportunities and group effort.
- Fill the need of belonging.

Sororities continue because:
- Young women feel a continuing need to belong.
- Parents appreciate sorority values and standards and cooperate to make membership possible.
- College administrations, recognizing the values of sororities, continue to welcome them on their campuses and to invite them to establish new chapters.
THE NATIONAL PANHELLENIC CONFERENCE

The National Panhellenic Conference is an organization composed of 26 inter/national Greek-letter women’s sororities. Each member organization is an autonomous social group consisting of women who are college and university undergraduates and alumnae.

Purpose of NPC

The National Panhellenic Conference was established to assist collegiate and alumnae chapters of the NPC member organizations to cooperate with colleges and universities and foster interfraternal relationships.

Mission statement of NPC

(2011) The National Panhellenic Conference is the premier advocacy and support organization for the advancement of the sorority experience.

Vision statement of NPC

(2011) Advancing the Sorority Experience Together.

Values of NPC

(2011) We are committed to relationships built on trust through transparency, accountability and mutual respect. Innovation and our core values of friendship, leadership, service, knowledge, integrity and community guide us in fulfilling our mission.

Functions of NPC

In 1988, the 26 member organizations affirmed the concept that the National Panhellenic Conference continue to operate as a conference.

Each NPC member organization is equally represented by a delegate and up to three alternate delegates. Each member organization is allowed one vote, and the delegate casts this vote. The delegate, who serves as a member of the NPC Board of Directors, acts as liaison between her sorority and the other NPC organizations. In order to conduct business, this delegate body meets annually. The delegates function year-round as members of NPC committees, the largest of which are the Alumnae Panhellenics Committee and the College Panhellenics Committee.

The officers of NPC (chairman and vice chairman) are members of the delegate body. They serve in an established order of sorority rotation — first as vice chairman then as chairman. Each position is a two-year term. The Advocacy chairman, Panhellenics chairman and Finance chairman are appointed by the NPC chairman and approved by the board of directors. These five officers serve as members of the Executive Committee with voting privileges.

Committees of NPC

The National Panhellenic Conference has standing committees, subcommittees and special committees, each of which is responsible for administering NPC matters assigned to it. These committees, in addition to specific duties, issue bulletins and other informative materials.
NPC standing committees

**Advisory**: Composed of all past NPC chairmen. The chairmanship of the Advisory Committee rotates among those committee members actively serving as delegates or alternate delegates.

**Advocacy**: Directs the organization in all advocacy efforts including but not limited to the tracking of measurable outcomes, government relations and campus based issues relating to documents and housing.

**Board Development**: Supports the board of directors by providing development opportunities, assesses effectiveness of the board and prepares new board members for their leadership role.

**Extension**: Serves as a clearinghouse for colleges and member sororities in extension matters.

**Finance**: Reviews and assesses the NPC finances.

**Housing**: Promotes Panhellenic cooperation within the sorority housing arena to benefit the sorority community, the inter/national organizations and the university administration.

**Legislative**: Works to maintain the NPC bylaws, allowing NPC to conduct its business in a fashion that is in compliance with federal and state laws and the NPC articles of incorporation.

**Panhellenics**: Comprised of the Alumnae Panhellenics and College Panhellenics committees. Provides support, guidance and resources to Panhellenic associations. Members of the committee are the Alumnae Panhellenic area coordinators and College Panhellenic area advisors.

**Strategic Planning**: Provides Conference development plans for continuity and stability.

The NPC Executive Committee may appoint special committees and task forces as needed.

**Powers of NPC**

The National Panhellenic Conference is a conference body that adopts polices in order to govern its own internal operation. Through such polices have come the *Unanimous Agreements*. In order for a policy to become a *Unanimous Agreement*, each delegate must vote in the affirmative followed by the ratification by each inter/national president.

Because the Unanimous Agreements have been ratified, all NPC member organizations must follow them until they are amended or rescinded. Alumnae and College Panhellenics are also required to follow the Unanimous Agreements. NPC cannot breach in any way the rights and powers of the member organizations except as provided in the Unanimous Agreements.

The National Panhellenic Conference formulates policies on matters of mutual interest and concern and studies changing educational outlooks. Through discussions, panels and special programs at annual meetings, NPC contributes to interfraternal understanding and friendship.
History of NPC

The National Panhellenic Conference evolved gradually through a cooperative spirit among women’s fraternities (sororities). As early as 1891, Kappa Kappa Gamma invited all Greek-letter women’s collegiate fraternities (sororities) — there were seven at the time — to a meeting in Boston on April 16 and 17. The groups discussed interfraternity courtesy, fraternity (sorority) jewelry and stationery and fraternity/sorority journalism. A second meeting was planned for 1893 at the Chicago World’s Fair, and although some representatives were there, no records exist of the session.

Early histories of women’s fraternities (sororities) contain accounts of “rushing and pledging agreements” or “compacts” among fraternities (sororities) on various campuses and many stories of cooperation and mutual assistance. However, no actual Panhellenic organization existed and no uniform practices were observed. By 1902, it was obvious that some standards were needed; therefore, Alpha Phi invited Pi Beta Phi, Kappa Alpha Theta, Kappa Kappa Gamma, Delta Gamma, Gamma Phi Beta, Delta Delta Delta, Alpha Chi Omega and Chi Omega to a conference in Chicago on May 24. Although Alpha Chi Omega and Chi Omega were not able to send delegates to this meeting, the session resulted in the organization of the first interfraternity association and the first intergroup organization on college campuses. (The North-American Interfraternity Conference for men’s fraternities was organized in 1909.)

This meeting and the next few resulted in several mutual agreements, especially regarding pledging. Up to this time no guidelines had been set. Women could be pledged to organizations before enrolling in college and even belong to more than one organization.

First called the Interfraternity Conference, the organization has been variously named and renamed the Inter-Sorority Conference (until 1908), the National Panhellenic Conference (until 1911), the National Panhellenic Congress (until 1917), the National Panhellenic Conference (until 1921), the National Panhellenic Congress (until 1945) and finally the National Panhellenic Conference.

The name change is significant to the NPC philosophy because the organization is a conference, not a congress. Other than the basic Unanimous Agreements that all organizations have voted to observe, NPC confines itself to policies and best practices and acts as a court of final appeal in any College Panhellenic difficulty. One of its greatest services is providing area advisors for College Panhellenics and area coordinators for Alumnae Panhellenics.

NPC met annually until 1914, when it voted to hold biennial sessions beginning in 1915. While some interim sessions had been held prior to 1971, provision in the constitution was made at that time for the necessary sessions. NPC voted in 1993 to have an interim session in even-numbered years. In 2008, NPC voted to change the terminology of biennial and interim sessions to annual meetings.

The chairmanship is held in rotation according to each member organization’s entrance into NPC.

Requirements for membership

A women’s sorority must have been established in its national character for a minimum of 13 years. All of its collegiate chapters must be established in senior colleges and universities authorized to confer bachelor degrees and recognized by the appropriate regional association of colleges and universities; and it must have at least 14 chapters, of which the latest established is at least two years old.
AES merger with NPC
In 1947, the six member organizations of the Association of Education Sororities, organized in 1915, affiliated with the National Panhellenic Conference, thus merging two national Panhellenics serving women’s fraternities/sororities. Prior to that time, the AES had served teacher-education colleges exclusively. The growing trend toward general liberal arts institutions resulted in extensive overlapping and led to the merger.

Other women’s sororities have been admitted to NPC as they met the requirements for membership. Through the years, additional women’s sororities, now merged with other organizations, have been members of NPC.

PHILANTHROPIES

The mission of Alpha Chi Omega’s primary philanthropy, the Alpha Chi Omega Foundation, is to support the educational and philanthropic purposes of Alpha Chi Omega through effective fundraising and stewardship of financial resources. Through generous contributions, the Foundation works to ensure that Alpha Chi Omega can meet the needs of women today and tomorrow. In addition, Alpha Chi Omega adopted domestic violence awareness as its national philanthropy in 1992. Members serve individuals and families impacted by domestic violence through fundraising and sharing gifts of time and talent with service-providing organizations. Alpha Chi Omega also works to educate its own members, giving them tools to build their own healthy relationships, and to raise awareness of domestic violence by educating others on its impact and work being done to end it.

PHILANTHROPIES

In 1979, Alpha Delta Pi officially adopted Ronald McDonald House Charities as its philanthropy. Since then, sisters have volunteered countless hours at Ronald McDonald Houses internationally and have contributed millions of dollars to this worthwhile charity. Today, more than 300 Ronald McDonald Houses around the world help keep families with seriously ill children together when they need it most by offering them a comfortable, temporary residence close to a medical facility. Alpha Delta Pi’s signature philanthropy events carry the brand, Lion’s Share Challenge, and the Alpha Delta Pi Foundation administers the sorority’s philanthropic activities. In addition, the foundation awards academic scholarships, provides grants for collegiate and alumnae members in need, supports educational and leadership programming for members internationally and financially supports the preservation of historical items important to Alpha Delta Pi’s history as the first secret society for women.

Alpha Sigma Alpha encourages members to support the Alpha Sigma Alpha Foundation and to participate in national service and charitable giving efforts as well as supporting those in their local communities. The ritual states, “Life is not taking in only; it is giving out too. It is giving ourselves — freely — to other people, giving ourselves in comradeship, in understanding, in joy, in love.” This belief is demonstrated in the many ways Alpha Sigma Alpha women express their care and concern for others through support of the sorority’s service and charitable giving endeavors. Alpha Sigma Alpha’s philanthropic partnerships are the Alpha Sigma Alpha Foundation (since 1986), Girls on the Run International (since 2012), S. June Smith Center (since 1990) and Special Olympics (since 1976).

Tri Delta collegiate and alumnae chapters raise funds and give service to support children’s cancer charities. In addition to local hospitals, clinics and cancer camps, Tri Delta chapters have raised more than $30 million for St. Jude Children’s Research Hospital, the fraternity’s philanthropic partner since 1999. In 2014, Tri Delta announced a 10-year, $60 million fundraising commitment in support of St. Jude — the single largest fundraising pledge in the hospital’s history. In return Tri Delta has received prominent recognition on the hospital’s campus with the short-term housing facility being named Tri Delta Place. In alignment with its purpose to “assist its members in every possible way” the Delta Delta Delta Foundation awards scholarships and provides assistance to alumnae and collegiate members in need. Tri Delta also supports collegiate living environments and develops qualities of unselfish leadership among its members through innovative educational and leadership initiatives.

Phi Sigma Sigma’s efforts in supporting this cause include a holistic approach comprised of the social, emotional, physical and intellectual facets of the individual. Three environmental layers, known as the ready family, the ready school and the ready community, influence these individual facets. Tri Sigma has focused on helping children since 1951, when it funded the Salk vaccine trials to combat polio. With Tri Sigma’s support, play therapy grew from a relatively unknown type of children’s care to an essential in hospitals throughout the U.S. Tri Sigma funds children’s therapy fellowships in important teaching hospitals in Dallas, Texas, and Chapel Hill, N.C., and also awards grants to local programs throughout the U.S. Support for this important philanthropic outreach is carried out through the Tri Sigma Foundation’s Robbie Page Memorial Fund, established to honor a child who wanted “to have all his birthdays now so that I can grow up and help people.”

A GUIDE TO THE MANUAL OF INFORMATION

Above any other document or manual, the NPC Manual of Information is the primary resource for guiding a College and Alumnae Panhellenic.

The Manual of Information includes NPC’s Unanimous Agreements, policies and best practices.

Unanimous Agreements

Unanimous Agreements (UAs) are the principles, procedures and behavioral expectations considered so basic to ethical and harmonious intersorority life that they are binding on every NPC member organization. College and Alumnae Panhellenic Associations are required to operate according to these agreements, and all individual members must abide by them.

Also included in the Unanimous Agreements are statements setting forth the rights of women’s sororities as private, voluntary social organizations.

The Unanimous Agreements are adopted by a unanimous vote of the NPC Board of Directors and ratified by all 26 inter/national presidents. They can be amended by a five-sixth vote.

Policies

Policies are standards and procedures created by NPC vote, usually to address recurrent problems or operating issues that local Panhellenics face. The expectation is that they be followed because they reflect the combined knowledge and experience of the 26 autonomous member organizations.

Policies are adopted by a majority vote of the NPC Board of Directors and amended by majority vote.

Best practices

Best practices are procedures formulated to help local Panhellenics and their member chapters achieve the greatest success. Adherence to these practices is not required but is strongly recommended.

Best practices are recommended by an NPC (standing, sub- or special) committee and approved by the Executive Committee and/or NPC Board of Directors, as appropriate.
Since 1902, the NPC member organizations have unanimously agreed to pursue certain procedures and ethics that lead to the orderly and equitable conduct of their mutual functions.

Unanimous Agreements are the principles, procedures and behavioral expectations considered so basic to ethical and harmonious intersorority life that they are binding on every NPC member organization. College and Alumnae Panhellenic Associations are required to operate according to these agreements, and all individual members must abide by them. Also included in the Unanimous Agreements are statements setting forth the rights of sororities as private, voluntary social organizations.

The Unanimous Agreements are adopted by a unanimous vote of the NPC voting body. As a further assurance that all 26 member organizations are truly unified in their decisions, the Unanimous Agreements are ratified by the inter/national president of each member organization. Her signature is her sorority’s pledge that every collegiate and alumna member will abide by and honor the NPC Unanimous Agreements. They can be amended by a five-sixth vote of the board of directors.

Each College Panhellenic (or Inter-Sorority Council or equivalent organization) and Alumnae Panhellenic must incorporate the NPC Unanimous Agreements into its own procedures and operating methods (bylaws, standing rules, membership recruitment rules and other governing documents). Language that contradicts a Unanimous Agreement must be removed immediately; no vote is necessary.

NPC member organizations are formally named as fraternities, sororities or societies. For the purpose of the Unanimous Agreements, policies and best practices, NPC refers to all member organizations as sororities.
UNANIMOUS AGREEMENTS

I. THE PANHELLENIC CREED

We, as Undergraduate members of women’s fraternities, stand for good scholarship, for guarding of good health, for maintenance of fine standards, and for serving, to the best of our ability, our college community. Cooperation for furthering fraternity life, in harmony with its best possibilities, is the ideal that shall guide our fraternity activities.

We, as Fraternity Women, stand for service through the development of character inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which we strive to live.

II. JURISDICTION OF PANHELLENIC ASSOCIATIONS

Panhellenic associations are based on democratic principles and organized to afford cooperation among the women’s sororities.          ii. Requiring a scholastic grade point average as a condition for a chapter’s participation in membership recruitment

         vii. Lowering a chapter’s quota as a penalty
         viii. Requiring a chapter’s Panhellenic delegate to be a specific chapter officer

* College Panhellenics that wish to highlight the importance of academics by communicating GPA standards for women participating in recruitment shall do so through educating potential new members, not through setting a minimum GPA. See the College Panhellenic Membership Recruitment section of this manual for specific suggestions.
2. Alumnae Panhellenic Associations
   A. The administrative body of an Alumnae Panhellenic Association is an Alumnae Panhellenic Council.

   A. Not be simultaneously enrolled in high school and attending college.
   B. Be an undergraduate regularly matriculated according to the definition of matriculation established by that institution.
3. An undergraduate woman may pledge an NPC sorority only during a regular academic term and not during any school recess or summer academic term except during a primary membership recruitment period and the ensuing continuous open bidding (COB) process when held immediately before an academic term.
4. Each College Panhellenic Council shall establish a Bid Day to conclude the primary membership recruitment period. A Bid Day is the scheduled time when invitations to membership are issued.
5. If through the primary membership recruitment process, a potential new member receives a bid and declines it, then she is ineligible to be pledged to another NPC sorority on the same campus until the beginning of the next year’s primary membership recruitment period.
6. At a later date but before the next primary membership recruitment period, if the potential new member who declined her bid expresses interest in being pledged to the chapter with which she originally matched, she may do so only if the chapter extends another bid and has quota or total spaces to fill.
7. If a potential new member does not receive a bid at the end of the primary membership recruitment period, she is eligible immediately to participate in COB.
8. If through the primary membership recruitment process a potential new member accepts a bid and then has her pledge broken by an NPC sorority or breaks her pledge, then she is ineligible to be pledged to another NPC sorority on the same campus until the beginning of the next year’s primary membership recruitment period.
9. A COB acceptance is a binding agreement. If a potential new member accepts a bid, then signs a COB acceptance or goes through the member organization’s official pledging ceremony and has her pledge broken by an NPC sorority or breaks her pledge, then she is ineligible to be pledged to another NPC sorority on that campus until the beginning of the next primary membership recruitment period.
10. A woman who has accepted a bid either through primary or COB membership recruitment and who has had her pledge broken by an NPC sorority or has broken her pledge, may be repledged by the same NPC sorority chapter on the campus at any time before the beginning of the next year’s primary membership recruitment period, even if the chapter is over total.
11. When a woman who has been pledged but not yet initiated transfers to another campus, her pledge is broken, and she is eligible to pledge an NPC sorority on that campus at the earliest opportunity.
12. Women who have been pledged but not yet initiated into a chapter whose charter has been rescinded or relinquished or if a colony that has been dissolved shall be eligible to pledge another NPC sorority immediately following the official release by the NPC sorority.

IV. STANDARDS OF ETHICAL CONDUCT
1. National Panhellenic Conference (NPC) sororities shall impress upon their undergraduate and alumnae members that they shall respect and obey the letter and the spirit of all NPC Unanimous Agreements.

3. NPC denounces the arbitrary priority rating of women’s sororities.
4. NPC denounces the ranking or categorization of chapters determined by administrative personnel, according to a chapter’s compliance with university standards or guidelines.
5. NPC sorority members shall not suggest to any potential new member that she refuse a bid from one organization in order to wait for a bid from another organization or suggest that a potential member list only one choice on her membership recruitment acceptance binding agreement (MRABA).
6. It is in accord with the dignity and good manners of sorority women to:
   A. Avoid disparaging remarks about any sorority or college woman.
   B. Create friendly relations between sorority and nonsorority women.

9. NPC supports all efforts to eliminate hazing.

V. AGREEMENT ON EXTENSION
1. NPC believes that it is unethical for an NPC sorority to contact an institution and/or its students concerning the establishment of a chapter where the institution fails to meet the NPC requirements for a host institution. The institution must be a senior college or university that is authorized to confer a bachelor’s degree and that has received a satisfactory rating by the pertinent recognized regional association of colleges and secondary schools or other recognized agency and/or entity that confers accreditation in the relevant jurisdiction.
2. The proper authority shall be defined as follows:
   A. Where there are two or more NPC sororities present on campus, then a vote of those NPC sororities as evidenced in written minutes of the College Panhellenic Council (if organized) shall constitute the proper authority. If there is no College Panhellenic Council, then a separate vote of the NPC chapters present on campus shall constitute the proper authority.
   B. On campuses where there is one or no NPC sorority and where the administration is willing to recognize women’s sororities, a letter from a senior-level student affairs administrator shall constitute the proper authority.
   C. The NPC Extension Committee is the proper authority on campuses where there is one or no NPC sorority and the college administration does not grant recognition to women’s sororities but does not discipline students for joining.
3. Contact regarding extension by NPC sororities, volunteers, staff, collegiate and alumnae members shall include the following:
   A. NPC sororities may contact the administration of any college or university that meets the criteria listed in Unanimous Agreement V, No. 1 and serves as the proper authority.
B. When a campus has two or more NPC sororities and is open for extension, NPC sororities can communicate with a student(s), an interest group or a local sorority only with prior permission of the proper authority.

C. NPC sororities that are contacted by student(s), local sororities or interest groups from campuses with two or more NPC sororities must refer the student(s), local sorority or interest group to the proper authority.

D. NPC sororities should not be in contact with students of any college or university concerning membership where the administration disciplines students for joining women’s sororities.

E. When a local sorority or interest group is in discussions with an NPC sorority regarding affiliation after approval by the proper authority, no other group shall be in communication with that local sorority or interest group.

4. Any colony of an NPC sorority shall become a provisional member of the College Panhellenic Association and shall conform to the association’s established rules, regulations and policies.

   D. Each installed NPC sorority chapter shall have one vote.

   E. A College Panhellenic Association shall conduct business — as defined by holding a College Panhellenic council meeting or taking action by vote — only during the regular academic year and primary recruitment if held outside of the regular academic term.

   F. A College Panhellenic Association shall not expel a chapter of any NPC sorority from its membership, nor shall it have the authority to recommend such action.

   G. An NPC sorority chapter shall not have the right to withdraw from its College Panhellenic Association.

   H. A re-established NPC sorority chapter shall take its place in the College Panhellenic Association according to the date of its most recent installation.

2. Establishment and Regulation of Membership Recruitment

   A. Each College Panhellenic Council shall establish rules governing membership recruitment activities.

   B. Each NPC sorority chapter has the right to use continuous open bidding (COB) to reach quota or its total allowable chapter size during the regular school year as defined by the school calendar. To accommodate a chapter colonization or to allow a chapter to build its membership, the College Panhellenic Council may vote to suspend COB for a period not to exceed three weeks. The start and end dates for the COB moratorium must be set by a vote of the College Panhellenic, preferably during the academic term prior to implementing the moratorium. The College Panhellenic should consider the need for chapters not at quota or total to have up to one week to fill vacant spaces through COB before the moratorium begins.

   C. Each College Panhellenic Association shall prohibit the use of alcoholic beverages in membership recruitment and Bid Day activities.

   D. Each College Panhellenic Association shall prohibit the participation of men in membership recruitment and Bid Day activities.
E. All members, including alumnae and new members, shall be bound by College Panhellenic Association rules governing membership recruitment.

F. Regardless of recruitment style, a potential new member shall sign a binding membership agreement.

3. Preferential Bidding
   When a preferential bidding system is used, the College Panhellenic Association shall observe the following:
   A. When a woman receives a bid under the preferential system, her signing the membership acceptance is binding to the extent that she shall be considered ineligible until the next primary recruitment to accept a bid from any other NPC sorority on the same campus. However, she may be repledged by the same NPC sorority chapter at any time prior to the next primary recruitment.
   B. The person in charge of preferential bidding shall be required to safeguard all records and keep them for one year from the date of signing.

4. Continuous Open Bidding (COB)
   A. During COB, the proof of a woman’s membership acceptance shall be a dated COB acceptance signed by the woman and witnessed by a member of the NPC sorority chapter.
   B. The person in charge of record keeping shall be required to safeguard all COB records and keep them for one year from the date of signing.

   • College Panhellenic membership recruitment rules/guidelines
   • College Panhellenic code of ethics
   • College Panhellenic standing rules

   A. The composition and duties of the judicial board must be defined in the College Panhellenic bylaws. All members of the judicial board must be collegians from the College Panhellenics’ member organizations.
   B. NPC does not recognize a judicial board that includes male members.
   C. A College Panhellenic, through its officers, shall select and train a workable judicial board based on campus needs.
   D. The duties and responsibilities of the judicial board must be consistent with this and all other NPC Unanimous Agreements.
   E. All NPC judicial forms shall be used to ensure proper documentation and adherence to the NPC Unanimous Agreements. Judicial forms are available on the NPC website.
   F. Documentation of all judicial proceedings shall be retained by the fraternity/sorority advisor for three years.

2. Judicial Process Overview
   A. Sororities are encouraged to resolve alleged infractions as soon as possible through informal discussion with the involved parties before an infraction is filed.
   B. Should the informal discussions be unsuccessful, the judicial process will be set in motion by the filing of a violation report form for an alleged infraction. An infraction can only be filed against a chapter and not against any individuals. Violations must be reported in the following manner on the College Panhellenic Violation Report available on the NPC website or from the College Panhellenic:
C. Timing
- The College Panhellenic Violation Report shall be completed and presented to the president of the College Panhellenic Association in a timely manner, but not more than 30 calendar days from the date of the alleged infraction (including university/college breaks).
- If the College Panhellenic president is unavailable or the violation is against her sorority, the report shall be presented to the fraternity/sorority advisor.
- The College Panhellenic president and fraternity/sorority advisor shall review the College Panhellenic Violation Report to ensure that it has been filled out completely, including proper signatures and indication of rules/guidelines violated. An incomplete report shall be returned to the reporting party for completion before proceeding.

D. Proper Reporting Authority
i. Infractions, excluding recruitment infractions, may only be reported and signed by one of these people:
   - Chapter president on behalf of her chapter
   - Chapter executive officer/board member on behalf of her chapter
   - College Panhellenic officer
   - Fraternity/sorority advisor

ii. Recruitment infractions may only be reported and signed by one of these people:
   - Chapter president on behalf of her chapter
   - College Panhellenic officer in charge of recruitment or a recruitment counselor
   - Potential new member
   - Fraternity/sorority advisor

E. Receipt of Infraction
- The following steps should be taken to make certain an infraction is properly received by the College Panhellenic:
  » The College Panhellenic Violation Report is retained by the College Panhellenic president or fraternity/sorority advisor and is available upon request by the accused sorority.
  » The College Panhellenic president or fraternity/sorority advisor shall send a copy of the College Panhellenic Violation Report to the NPC area advisor within seven days.

F. Notification of Chapter
- The College Panhellenic president shall notify the accused sorority in writing by delivering the College Panhellenic Infraction Notice to that chapter president within seven days of receiving the College Panhellenic Violation Report.
- If the president of the accused sorority is unavailable, delivery may be made to another appropriate chapter sorority officer or advisor. The record of delivery shall be documented on the report.
- A copy of the College Panhellenic Infraction Notice shall be given to the fraternity/sorority advisor and sent to the NPC area advisor within the same time period.

G. Response to Receipt of Infraction
- Upon receipt of the College Panhellenic Infraction Notice, the accused sorority shall contact the College Panhellenic president within seven days to schedule mediation.
- Mediation shall be held unless the accused sorority chooses to proceed directly to a judicial hearing.
- If the College Panhellenic Infraction Notice is delivered during a college/university break, the mediation/judicial hearing may be scheduled after classes resume or held during the break if all parties are available.
3. Mediation
   The purpose of mediation is to find a solution satisfactory to both the party who filed the infraction and the accused sorority, in accordance with the following documents:
   • NPC Unanimous Agreements
   • College Panhellenic bylaws
   • College Panhellenic membership recruitment rules/guidelines
   • College Panhellenic code of ethics
   • College Panhellenic standing rules

   The following elements of mediation shall be followed:
   • Mediation shall be closed to the public.
   • All participants in the mediation shall keep strict confidentiality.
   • No more than three participants (including a chapter advisor) shall represent either party and/or each sorority involved at mediation.
   • In cases of infractions for which a College Panhellenic officer or another individual has information regarding the infraction and did not file the infraction, then the person shall attend only for the purpose of presenting the information, after which he or she shall be excused from the mediation.

   Mediator Guidelines:
   • The College Panhellenic president in agreement with the fraternity/sorority advisor shall appoint a neutral party to serve as the mediator.
   • Though it is preferable that the fraternity/sorority advisor for Panhellenic not serve as the mediator, the advisor can serve if he or she did not file the infraction or has not been involved with the reported incident.
   • The mediator shall not be an undergraduate student.
   • All parties must sign a summary of the mediation proceedings on the Mediation Summary Report indicating the outcome of the mediation and their acceptance of the sanctions. The forms are available on the NPC website. A copy of the report shall be retained by the fraternity/sorority advisor for a period of three years.
   • Within 24 hours of the completion of the mediation, the College Panhellenic president shall send a copy of the Mediation Summary Report to the parties designated on the form.

4. Judicial Board Hearing
   • If an agreement is not reached during the mediation process, a judicial board hearing shall be held.
   • The accused party may choose to go directly to a judicial board hearing instead of mediation.
   • The College Panhellenic shall follow procedures for judicial board hearings as already established by its College Panhellenic Association bylaws.
   • Hearings shall be closed to the public.
   • No more than three participants (including a chapter advisor) shall represent either party and/or each sorority involved at a hearing.
   • In cases of infractions for which a College Panhellenic officer or another individual has information regarding the infraction and did not file the infraction, then the person shall attend only for the purpose of presenting the information, after which he or she shall be excused from the judicial hearing.
   • All parties must sign a summary of the hearing proceedings on the Judicial Board Hearing Summary Report indicating the outcome of the hearing. Forms are available on the NPC website. A copy of the report should be retained by the fraternity/sorority advisor for three years.
• Within 24 hours of the completion of the judicial hearing, the College Panhellenic officer responsible for the judicial process shall send a copy of the College Panhellenic Judicial Board Hearing Summary Report to the parties designated on the form.

• On those campuses where the small size of the College Panhellenic makes a judicial board hearing ineffective because of conflicts of interest, and mediation has proved ineffective, the case may be referred directly to the NPC College Panhellenics Judicial Appeals Committee.

5. Sanctions

A. Appropriate Sanctions. Each College Panhellenic shall strive to achieve a fair and reasonable resolution for infractions. Sanctions should fit the nature and degree of the offense.
   • Monetary fines shall be acceptable only for a measurable offense of the Panhellenic’s governing documents or stated membership recruitment rules.
   • The amounts of monetary fines shall be predetermined by a vote of the College Panhellenic Council and stated in the Panhellenic standing rules and/or membership recruitment rules prior to the beginning of recruitment.
   • Examples of reasons for monetary fines may be limited to:
     » Late recruitment event invitation lists
     » Recruitment events that exceed designated event times
     » Prohibited postings on social media outlets
     » Lack of required chapter attendance at Panhellenic-sponsored events

Sanctions shall not:
   • Forbid primary recruitment or continuous open bidding activities or the observance of an inter/national sorority event such as an educational program, ritual ceremony or historical celebration.
   • Affect a sorority chapter’s quota or total.
   • Affect the time of new member acceptance and/or initiation.
   • Forbid the right of an NPC sorority to vote in College Panhellenic meetings.
   • Include removal from the College Panhellenic.

B. Duration of Sanctions

The duration of any penalty imposed shall not exceed one calendar year from the time the decision is final.

C. NPC Notification of Sanctions

Within 24 hours of the completion of mediation or the judicial board hearing, the College Panhellenic president or the College Panhellenic officer responsible for the judicial process shall send a copy of the Mediation Summary Report or Judicial Board Hearing Summary Report (not including the minutes) to parties indicated on the report form.

6. Appeals

A. The decision of the College Panhellenic Association judicial board may be appealed by any involved party to the NPC College Panhellenics Judicial Appeals Committee.
   • An appeal shall be filed with the College Panhellenic president, using the process referenced in the judicial resource section in the Manual of Information and on the appeal form, within seven days of the decision.
   • The Judicial Appeals Committee shall reverse or uphold the decision of the College Panhellenic Association judicial board. The Judicial Appeals Committee may also dismiss or modify sanctions as the committee deems appropriate.
   • Any penalty shall begin only after all properly filed appeal decisions have been rendered. If a sanctioned sorority wants to fulfill all or part of the sanctions pending the outcome of a filed appeal, the sorority shall have that option.
B. If the NPC College Panhellenics Judicial Appeals Committee is unable to resolve the appeal, the Judicial Appeals Committee chairman shall be responsible for the further conduct of the case. All data regarding the appeal shall be submitted in the following order, as needed, until resolution can be determined:

- Inter/national presidents of the sorority(s) involved
- NPC Executive Committee
- NPC Board of Directors; the decision of the board shall be final

VIII. AGREEMENT ON QUESTIONNAIRES

Questionnaires, oral and written, shall not be answered until they have been reviewed by the NPC office staff and research subject matter experts. The necessary information will then be released to the member organizations to provide a coordinated response that protects individual and group freedom of association and the right to privacy.

IX. NPC DECLARATION OF FREEDOM

Knowledge is essential to preserving the freedoms provided in the first 10 amendments of the U.S. Constitution, known as the Bill of Rights, and as provided by the Canadian Charter of Rights and Freedoms (Part 1, Constitution Act, 1982), known as the Guarantee of Rights and Freedoms.

Citizens of both the United States and Canada are guaranteed the rights of peaceful assembly and freedom of association. NPC is dedicated to preserving the freedom of citizens to choose their associates.

We, the members of the National Panhellenic Conference, agree that we have a responsibility to contribute to accurate and thorough knowledge of the freedoms guaranteed by the U.S. Constitution and the Canadian Charter of Rights and Freedoms, and of any forces, organizations and ideologies that are potentially destructive to these freedoms.

X. PROTECTING THE RIGHT OF NPC MEMBERS TO REMAIN WOMEN-ONLY ORGANIZATIONS

NPC member groups exist as women-only private social organizations. We believe that the right to enforce such membership restrictions is rooted in the freedom of association protected by the First Amendment of the U.S. Constitution. The U.S. Congress has recognized that right by providing in Title IX of the Education Amendments of 1972 that social fraternities and sororities are exempt from the prohibition against discrimination on the basis of sex in participation in educational programs or related activities (20 USC 1681) and in exempting “bona fide private membership clubs” from the general prohibition against sex discrimination in employment practice (26 USC 501(c)). To further protect the right to maintain our membership policies, NPC reaffirms its long-held beliefs and policies in the form of a Unanimous Agreement.

1. The women’s sororities of the National Panhellenic Conference have the right to confine their membership to women and shall defend their right to exist as single-sex organizations.
2. Auxiliaries. Each College Panhellenic shall denounce the participation of undergraduate Panhellenic women in auxiliary groups to men’s fraternities.
3. Men’s Recruitment. Each College Panhellenic shall denounce the participation of Panhellenic women in men’s fraternity events when or where the primary purpose is recruitment.

Please note that certain Unanimous Agreements that pertain to College Panhellenics are further outlined and explained in the Resolved to Educate resource documents provided on the NPC website in the “For Advisors” section.
NPC policies and best practices are the result of years of cumulative experience and study of many campus situations.

Policies are standards and procedures created by NPC vote, usually to address recurrent problems or operating issues that local Panhellenics face. The expectation is that they be followed because they reflect the combined knowledge and experience of the 26 autonomous member organizations.

Best practices are procedures formulated to help local Panhellenics and their member chapters achieve the greatest success. Adherence to these practices is not required but is strongly recommended.

The following pages contain brief statements of NPC policies and best practices pertaining to Alumnae and College Panhellenics. Policies and best practices may also be found throughout the NPC Manual of Information preceded by the word policy or best practice and the date adopted.

An efficient, effective Alumnae or College Panhellenic should adopt and implement the policies and best practices of NPC.

NPC member organizations are formally named as fraternities, sororities or societies. For the purpose of the Unanimous Agreements, policies and best practices, NPC refers to all member organizations as sororities.

The responsibility for providing letters of recommendation for potential new members rests with the members of NPC sororities, and recruitment information distributed through College and Alumnae Panhellenics shall contain nothing that infers that letters of recommendation must be secured by the potential new member.

• Individual NPC member organizations will clarify this responsibility with their membership.

Only Alumnae Panhellenics paying annual dues may use the word “panhellenic” to designate the name of their organizations.

Individual Members (1971) – POLICY
Representatives of NPC member sororities, not having organized alumnae chapters or clubs in their area may not be excluded from membership in the Alumnae Panhellenic. Reaffirmation that College Panhellenics be dedicated to academic excellence, strive to achieve the highest possible GPA and present a yearly program on promotion of study skills.

Education (8th Ed.) – BEST PRACTICE
Emphasis should be on sorority education during the new member period, and there should be a reduction of pressure toward over participation in campus activities and attendance at social affairs to ensure the best possible adjustment on the part of the new member.

Scholarship (8th Ed.) – BEST PRACTICE
Assistance should be given to new members in their academic adjustment, and all members are encouraged to strive for high scholastic achievement. NPC sororities accept the responsibility to aid individual members in attaining high scholarly achievement.

Extension

Administrative Authority (1991) – POLICY
On campuses where the administration assumes sole authority for extension decisions, thereby denying the College Panhellenic a vote on extension, the College Panhellenic, in consultation with the National Panhellenic Conference Extension Committee, shall initiate dialogue with the administration to promote better understanding of the need for mutual effort in the extension process.

Campus Presentations (2012) – POLICY
Inter/national and regional officers/volunteers, current NPC delegation members and headquarters staff members (including traveling staff members/consultants) from other NPC member organizations shall not be invited to nor attend another member organizations’ presentation. Electronic videotaping, recording and sharing of presentations should not be allowed.
Exploratory Visits (2003) – POLICY
Once the NPC Extension Committee has established that the proper authority has opened the campus for extension, the committee will verify whether NPC organizations not represented on the campus may conduct exploratory visits before presentations are made.

NPC member organizations receiving an independent notice of extension directly from a campus will contact the NPC Extension Committee, which will verify whether exploratory visits are authorized.

The NPC Extension Committee will inform the NPC member organizations whether exploratory visits will be permitted and will encourage the proper authority to include that information in any correspondence announcing the extension opportunity.

Any exploratory visits conducted by NPC member organizations will involve only campus administrators with no student contact.

Implementing RFM on Campuses Opening for Extension (2013) – POLICY
Any campus with two or more chapters that is opening for extension must either be using the Release Figure Methodology (RFM) with priority recruitment or have voted affirmatively to implement RFM with priority recruitment as part of the primary recruitment process before voting to open for extension.

Interested Sororities (1993) – POLICY
Only sorority informational material will be presented during the extension process to the College Panhellenic Association or to the local/interest group. All gifts and favors shall be eliminated until an NPC member organization has been invited to colonize. There shall be no promising of future gifts, grants or scholarships as part of the presentations made during the extension process.

Local Sororities or Interest Groups (1994) – POLICY
No NPC member organization or individual member of an NPC member organization may initiate contact with the members of a local sorority or interest group involved in the affiliation process without documentation from the proper authority that the campus is open for extension.

Proper Authority (2003) – POLICY
An NPC member organization pursuing an extension opportunity on a campus where there are no NPC organizations or there is only one organization, shall obtain written documentation from the proper authority that the campus is open for extension; and a copy of this approval should be sent to the NPC Extension Committee for record keeping purposes only.

Proper Authority (2007) – POLICY
When issuing an invitation to an NPC member organization to colonize on a campus for the purpose of allowing NPC affiliation for a local sorority or interest group, the proper authority shall make the final determination as to which NPC member organization is invited to colonize, giving due consideration to the preference of the local sorority or interest group.
Recolonization Notification (2003) – POLICY
The National Panhellenic Conference member organizations will notify the NPC Extension Committee promptly when a defined plan for re-establishment or recolonization is submitted to and, if required, approved by the College Panhellenic or campus.

Recolonization (1992) – POLICY
The approval of the College Panhellenic is required for the recolonization of a chapter, regardless of the length of time a charter has been dormant.

The National Panhellenic Conference recognizes that stacking NPC organizations in an extension process may be considered in rare situations if the community can provide the necessary data to establish that there is enough interest and projected increase in university undergraduate women to continue to grow the Panhellenic community in the next two (2) to four (4) years. Stacking must be approved through a vote of the College Panhellenic Council per the recommendation of the Exploratory Committee with the adoption of the following motions:

That the [name of the institution] College Panhellenic opens for extension adding a new NPC organization.

That the [name of the institution] College Panhellenic also enter into a stacking agreement with a second NPC organization. The terms of the stacking agreement will be: [Name of organization] will be invited to colonize no sooner than [date] and no later than [date], and upon the review and vote of the College Panhellenic Council confirming that the Panhellenic is in the position to add another NPC organization to the College Panhellenic community at that time.

The first organization to colonize should be given at least two (2) primary recruitments to stabilize before the stacked organization is allowed to colonize. The stacking agreement will be invalid if it exceeds four (4) years. The agreement should not include more than one (1) NPC member organization.

Use of Social Media (2014) – POLICY
NPC member organizations, collegiate and alumnae members of NPC sororities, and friends and supporters of NPC member organizations are prohibited from campaigning on behalf of an NPC organization(s) during exploratory visits, the extension application and the on-campus presentation process. Campaigning would include, but is not limited to, use of social media outlets. Therefore, asking members to lobby/leverage their alumnae or friends and/or flood the campus with social media communication supporting the selection of a specific sorority is inappropriate. It is appropriate to thank a campus/College Panhellenic but not further your own organization’s interest.

Once an NPC organization is selected to colonize, the inter/national organization, collegiate and alumnae members of NPC organizations, and friends and supporters of NPC member organizations are encouraged to support the colonization of the new NPC member organization on social media in a tasteful manner.

General College Panhellenic policies and procedures

NPC member organizations agree to advise their collegiate chapters to plan or participate in events with men’s fraternities only when those men’s fraternities are not suspended for reasons of organizational misconduct and are:
1. Chapters or colonies recognized and in good standing with both their inter/national organization and the college/university; or
2. Chapters or colonies recognized and in good standing with their inter/national organization, but have been denied recognition or have had recognition rescinded by the college/university for reasons other than organizational conduct; or
3. Chapters or colonies recognized and in good standing with their inter/national organization, but where the entire Interfraternity Council community lacks recognition from the college/university; or
4. Local fraternities recognized and in good standing with the college/university.

Harassment (1985), Human Dignity (1989) – BEST PRACTICE
By reaffirmation of the policies on sexual harassment, the values expressed in the Panhellenic Creed and NPC’s responsibility to further those values, College Panhellenics are encouraged to carefully analyze interfraternal activities in light of human dignity considerations and endeavor to accomplish any changes needed to ensure the activities’ compatibility with fraternal values and the highest standards of human dignity.

Insignia of NPC (1987) – BEST PRACTICE
The insignia of NPC may be used by member organizations in any approved manner that is in accord with good taste and the dignity of NPC.

Newly Recognized College Panhellenic (8th Ed.) – BEST PRACTICE
Recognition of a College Panhellenic is to be determined by NPC on the basis of operational procedures approved and adopted by the majority of the local NPC chapters, provided such procedures are in accordance with the rules, regulations and Unanimous Agreements of NPC.

Nondiscrimination Statement (2003) – BEST PRACTICE
NPC sororities do not discriminate in membership selection practices on any basis prohibited by law, except for the exemption on the basis of sex granted under Title IX of the Education Amendment Act of 1972 for social fraternities/sororities.
Officer Qualifications (2001) – POLICY
The Panhellenic president and recruitment officer should have a minimum of one year of College Panhellenic experience prior to serving.

Officer Selection (2001) – POLICY
The College Panhellenic officer selection process may include rotation, election or an election-rotation combination to provide successful leadership and equitable and fair representation of the NPC member organizations. The Panhellenic president and the recruitment officer should have a minimum of one year of College Panhellenic experience prior to serving.

Officer Vacancy (1978) – BEST PRACTICE
If a College Panhellenic officer is unable to fulfill her term and her sorority is unable to provide a qualified replacement, the sorority next in rotation shall assume the responsibility for the office; a sorority filling any unexpired term shall not relinquish its regular order.

Officers and Delegates (1993) – POLICY
All College Panhellenic delegates, officers and committee members shall be in good standing with their members organizations, be active participants in their collegiate chapter and shall be enrolled in the institution where the chapter is located.

Over Programming (1994) – BEST PRACTICE
College Panhellenics and fraternity/sorority advisors are encouraged to have balanced calendars and to establish reasonable award criteria. NPC member organizations shall express concern to campus administrators about time commitments required for compliance with relationship statements and annual audit requirements.

Overnight Parties (1979) – BEST PRACTICE
NPC encourages its member sororities to hold parties in the college community area, where overnight accommodations would not be involved.

NPC is dedicated to the promotion of programming and activities that support human dignity, fraternal values and constructive interaction and the elimination of all activities that are destructive, demeaning, abusive and/or promote divisiveness among organizations and/or promote negative images of the fraternity/sorority community.

Publicity (1967) – BEST PRACTICE
Panhellenics are encouraged to have positive publicity concerning Panhellenic events during the year.

Recognition (1965) – BEST PRACTICE
Recognition of an NPC College Panhellenic Association is vested in the National Panhellenic Conference by virtue of the membership of individual students in NPC member sororities.

Relationship Between a College Panhellenic and a Fraternity/Sorority Council (1994, 1996) – POLICY
A College Panhellenic Association shall be established where two or more NPC sororities have installed undergraduate chapters. NPC supports a separate College Panhellenic Council with its own recruitment process, extension procedure and judicial system; NPC supports the concept of an all-Fraternity/Sorority Council only when it is a forum for discussion, education, programming and communication among all fraternities and sororities.
Respect for Diversity of Religious and Cultural Holidays (2007) – BEST PRACTICE
All College Panhellenics should make an effort to schedule recruitment or other major Panhellenic events so they do not conflict with religious or cultural holidays.

Response to Institutions (1997) – BEST PRACTICE
Member organizations are encouraged to acknowledge information from institutions, to conduct a timely investigation, to take prompt action if the situation warrants and to respond accordingly.

Social Conduct (8th Ed.) – BEST PRACTICE
Maintenance of high ethical, social and cultural values through recommended programs, daily example of adherence to high standards of conduct and living the Panhellenic Creed. Where campus regulations are inadequate, it is recommended that College Panhellenic chapters, by mutual agreement, establish rules relating to residence and social conduct of their members to illustrate the continuing value of sororities in a complex college community.

Social Event/Peer Monitoring System (1996) – BEST PRACTICE
Member organizations of NPC are encouraged to advise their members to refrain from serving as Panhellenic or fraternity/sorority enforcement officials at social events.

Student Government (8th Ed.) – BEST PRACTICE
Representation in student government shall be on the basis of one’s campus citizenship and not on the basis of one’s social affiliation; thus, NPC opposes the use of College Panhellenics as branches of student government.

Support of Fraternal Councils (1972, 1973) – BEST PRACTICE
NPC recognizes and commends the cooperation of the College Panhellenic Associations and other campus Greek-letter organization councils, including but not limited to IFC, NPHC, NALFO, NAPA and MGC, in areas of common concern, including community service projects, campus activities and programs of scholarship, but stresses that College Panhellenic Associations and other Greek-letter organization councils limit their combined activities to these areas, retaining private identities as College Panhellenic Associations and individual councils.

Unanimous Agreements (1965, 1995) – POLICY
The 26 member sororities of NPC reaffirm their responsibility of upholding and honoring the Unanimous Agreements and reaffirm their commitment to working together in a spirit of harmony and cooperation.

Voluntary Association (9th Ed.) (8th Ed.) – BEST PRACTICE
Affirmation of the rights and freedoms basic to the formation and continuation of voluntary associations as guaranteed in the First Amendment to the U.S. Constitution, “... the right of the people peaceably to assemble” and the inherent right to free choice in their association with others.

Voluntary Association (1969) – BEST PRACTICE
Presentation of a united front of solid support for any College Panhellenic member chapter that is being attacked for attempting to exercise its freedom of association.
Membership recruitment

Badges and Insignia (1971, 1995) – BEST PRACTICE
The wearing of badges and insignia shall be encouraged at all times, except for membership recruitment counselors and Panhellenic officers during the recruitment process.

Bid Matching (2003) – POLICY
Preferential bid matching is not always applicable for use in minimally structured recruitment and continuous recruitment.

Chapter Costs (1963) – BEST PRACTICE
Recommendation to list only the average cost of sorority membership in College Panhellenic booklets rather than comparative fees, because the variance in items included does not provide accurate information, and the difference in total fees is almost inconsequential.

Chapter Code of Ethics (1995) – BEST PRACTICE
Prior to recruitment each member chapter of a College Panhellenic shall be encouraged to develop a code of ethics for the recruitment process for the academic year.

Chapter Recruitment Events (1989) – POLICY
NPC disapproves of the presence of membership recruitment counselors and other designated Panhellenic personnel at chapter membership recruitment events, with the exception of fraternity/sorority advisors and official NPC recruitment observers.

Continuous Open Bidding (1964, 2016) – POLICY
Campuses should implement the NPC recommendations for continuous open bidding to afford the greatest number of women the privilege of sorority membership.

Continuous Open Bidding (COB) and Snap Bidding Eligibility (1995) – POLICY
A potential new member who withdraws from the primary recruitment process before the signing of her membership recruitment acceptance binding agreement (MRABA) shall be eligible for snap bidding and COB.

Counselors (1993) – POLICY
Because collegiate membership recruitment counselors function as a committee of the local College Panhellenic during membership recruitment, they shall be in good standing in their member organizations, be active participants in their collegiate chapter and shall be enrolled in the institution where the chapter is located.

Counselors (2010) – POLICY
Recruitment counselors shall not be involved with any potential new members (PNMs) in the process of completing and signing the membership recruitment acceptance binding agreement (MRABA).

Fall Recruitment (1983) – BEST PRACTICE
NPC reaffirms the recommendation for a fall primary membership recruitment period.

Fees (1967) – BEST PRACTICE
NPC recommends the limitation of membership recruitment registration fees to a minimum clerical fee.
The term “suicide” should be eliminated from the Panhellenic vocabulary as it applies to collegiate membership recruitment, and the term “intentional single preference” should be used in its place.

Invitations for Membership (2005) – POLICY
NPC reaffirms that a sorority should be willing to issue an invitation to membership to any woman who is invited and attends its preference event. NPC reaffirms that the name of every woman whom a sorority invites to attend and who attends that sorority’s preference event should appear on the sorority’s bid list.

The responsibility for providing letters of recommendation for potential new members rests with the members of NPC sororities, and recruitment information distributed through College and Alumnae Panhellenics shall contain nothing that infers that letters of recommendation must be secured by the potential new member.
• Individual NPC member organizations will clarify this responsibility with their membership.
• NPC area advisors and area coordinators will clarify this responsibility with College and Alumnae Panhellenics.
• Remuneration from the potential new member or her family for any such letter is inappropriate.

Membership Growth (1999) – BEST PRACTICE
In an effort for a College Panhellenic and inter/national organization to support and stabilize a chapter a membership growth plan may be established by the Panhellenic. There are three types of membership growth plans: reorganization, re-establishment and recolonization. The guidelines for these membership growth plans are referenced in the Resource Information section of the Manual of Information.

Each College Panhellenic will adopt a code of ethics for the recruitment process for the academic year based on the principles of ethics submitted by each organization. The code of ethics should be displayed in the Panhellenic office and distributed to each chapter.

Panhellenic Officer Disassociation During Recruitment (2003, 2016) - POLICY
Panhellenic officers should be “disassociated” from their respective NPC chapters for the period immediately preceding recruitment (not to exceed 30 days) and during recruitment so their actions and decisions support the welfare and best interests of the Panhellenic community. Recruitment counselors should be disassociated for the same period of time as Panhellenic officers, unless the College Pahellenic votes to allow recruitment counselors to remain associated with their respective chapters based on NPC recommended best practices.

Positive Panhellenic Contact (2003) – POLICY
All College Panhellenics and Alumnae Panhellenics will promote personal and informative panhellenic-spirited contact with potential new members at all times, year round.
Potential New Member’s Bill of Rights (1989) – BEST PRACTICE
Sorority is a social experience based on the fundamental right of a free people to form voluntary associations, and sorority membership is a social experience arrived at by mutual choice and selection. The mutual selection choice is only as effective as is factual information available; therefore, all College Panhellenics shall be encouraged to adopt the Potential New Member’s Bill of Rights.

Potential New Member’s Bill of Rights
- The right to be treated as an individual
- The right to be fully informed about the recruitment process
- The right to ask questions and receive true and objective answers from recruitment counselors and members
- The right to be treated with respect
- The right to be treated as a capable and mature person without being patronized
- The right to ask how and why and receive straight answers
- The right to have and express opinions to recruitment counselors
- The right to have inviolable confidentiality when sharing information with recruitment counselors
- The right to make informed choices without undue pressure from others
- The right to be fully informed about the NPC Unanimous Agreements implicit in the membership recruitment acceptance binding agreement (MRABA) signing process
- The right to make one’s own choice and decision and accept full responsibility for the results of that decision
- The right to have a positive, safe and enriching recruitment and new member experience

Quota Addition Procedures (2007) – POLICY
Quota additions shall be placed by the release figure specialist in collaboration with the fraternity/sorority advisor in a manner that is optimal for the system and the potential new members.

In placing quota additions, the release figure specialist and the fraternity/sorority advisor shall consider and balance preference for chapters with smaller total membership, for placing potential new members with chapters with lower relative recruiting strength, for potential new members’ first choice, for even distribution of potential new members and for potential new member position on a chapter’s bid list.

The quota addition procedure shall never include a woman who has failed to accept or attend any membership recruitment event for which there was room in her membership recruitment schedule (with a fully structured or partially structured recruitment), or has failed to list on her membership recruitment acceptance binding agreement (MRABA) all sorority chapters appearing on her preference schedule.

Recruitment Style Assessment (2003) – POLICY
If the results of the recruitment style assessment for a College Panhellenic indicate that a change in recruitment style is warranted, the College Panhellenic may, upon consultation with the fraternity/sorority advisor and the approval of the NPC area advisor, vote to adopt the appropriate recruitment style for its campus.

Rules (1963) – BEST PRACTICE
NPC recommends the evaluation and simplification of membership recruitment rules, eliminating those impossible to enforce or that may bring criticism and misunderstanding of the sorority community.
Strict Silence (1995) – POLICY
Strict silence is observed only between the end of preference events and bid distribution. Normal friendly contact shall be advocated at all other times.

Values-Based Recruitment (2015) – POLICY
All College Panhellenics and their member chapters shall incorporate the following policies into their membership recruitment programs:

• Focus on conversations between chapter members and potential new members about organizational values and member organizations.
• Establish guidelines for membership recruitment budgets and set a cap on membership recruitment expenses, including the value of all donated goods and services.
• Keep decorations to a minimum and confined to the interior space used for recruitment rounds.
• Determine recruitment event attire for chapter members that reduces individual financial burden and eliminates costuming.
• Eliminate gifts, favors, letters and notes for potential new members.
• Eliminate recruitment skits.

Total

Automatically Adjusting Total (2013, 2015, 2016) – POLICY
To allow chapters to achieve parity as quickly as possible, total will be automatically adjusted every regular academic term. This is to be done no later than 72 hours following bid distribution in the academic term that primary recruitment is held and within one week (no more than seven days) from the start of the academic term(s) in which primary recruitment is not held. The adjustment will be to median chapter size unless the College Panhellenic adopts an acceptable alternative method according to the Manual of Information. For campuses on a trimester or quarter system, the College Panhellenic will automatically reset total during the primary recruitment term and in one additional term as approved by a vote of the College Panhellenic and placed in its governing documents.

The procedure for determining total states: total is the allowable chapter size as determined by the College Panhellenic and includes both new members and initiated members. Any member who is away from campus for the entire academic year is not counted in total. Members away for one academic term are counted in total. The Panhellenic reviews total each term to ensure that existing total reflects current campus conditions and the Panhellenic goal of growth and parity, and to allow the maximum number of women to participate in the sorority experience.

New Member (1981) – POLICY
A woman who has fulfilled the requirements for initiation before the expiration of her one-year pledge or new member term, and who has not yet been initiated, is not counted in the primary recruitment’s new quota, but she is included in the chapter’s total.

Options in Determining Total (2009, 2015) – POLICY
College Panhellenics can use one of the following methods to determine total:
1. Median chapter size
2. Average chapter size
3. Largest chapter size (recommended for College Panhellenics with three or fewer chapters)
Quota-Total (9th Ed.) – POLICY
NPC recommends implementation of the quota-total system.

Transfer Member (1977) – POLICY
If a chapter is at total and wishes to affiliate a transfer member, it may do so even though the addition of that member will put the chapter over total.

Vacancies (1978) – POLICY
Vacancies in chapter total are not created by the granting of alumnae status to undergraduate members except when a member organization is recolonizing.

Please note that certain College Panhellenic policies and best practices are further outlined and explained in the Resolved to Educate resource documents provided on the NPC website in the “For Advisors” section.
NPC position statements reflect the collective stance of the 26 member organizations on certain critical topics. Approved by vote of the board of directors, they ensure accurate and consistent dissemination of information to media, industry partners, member organizations and members.
ALL-GREEK COUNCILS

The National Panhellenic Conference (NPC), one of the world's largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. Through its governance documents known as Unanimous Agreements, NPC supports the creation of a College Panhellenic Association in Unanimous Agreement VI, which states that a College Panhellenic Association must be established where two or more NPC sororities have installed undergraduate chapters on campus. These female student-led governing bodies should be a distinct and defined operating unit with their own governing documents (bylaws/standing rules/ethics) that also adhere to NPC Unanimous Agreements adopted by the member organizations. Student leaders are selected by either election or rotation to serve as association officers.

In addition, NPC promotes self-governance through Unanimous Agreement VII, which establishes judicial boards to review member organization infractions of NPC Unanimous Agreements, the College Panhellenic bylaws, membership recruitment rules and guidelines, the College Panhellenic Association code of ethics and College Panhellenic standing rules. This extensive judicial process outlined in Unanimous Agreement VII establishes notice and record-keeping requirements, provides for mediation, assesses sanctions and sets up an appeals process.

The only recognized official campus organization representing NPC and its member sororities is the College Panhellenic Association registered with NPC. All-Greek councils, which can include a variety of groups on campus that represent both men and women's groups — many of which do not have inter/national supporting organizations or established standards — may not adhere to the same expectations or requirements as those set forth by NPC member organizations. All-Greek councils are not recognized by NPC or its member organizations as official campus groups, particularly as it pertains to maintaining NPC's single-sex status as a women's-only organization.

AGAINST DISCRIMINATION

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. Federal law recognizes the right of college fraternities and sororities to maintain their single-sex membership policies. Consistent with that right, the 26 NPC sororities are organizations of women. NPC member organizations do not discriminate in membership selection on any basis prohibited by law.

AGAINST HAZING

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC supports efforts to eliminate hazing. NPC has adopted Unanimous Agreement IX, which condemns hazing and hazing-related behaviors. Hazing and hazing-related activities contradict all expectations of the proper behavior expected of the undergraduate and alumnae members of NPC member organizations as set forth in Unanimous Agreement IV, Standards of Ethical Conduct.

Each NPC member organization has its own set of bylaws, policies and rules condemning hazing and governing the investigation and discipline involving hazing allegations, as is the case with each individual college or university — whether public or private.
A strong majority of states have adopted legislation that makes hazing a crime which can be punished by fines and/or imprisonment as a misdemeanor or felony. Any allegation of sorority hazing is taken seriously. NPC offers its members education about risk-based behaviors through its “Something of Value” programming and supports nationally recognized HazingPrevention.org. Several of its 26 member sororities also support a national anti-hazing hotline: 1-888-NOT-HAZE or 1-888-668-4293.

AGAINST SEXUAL ASSAULT

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC deplores the act of sexual assault. We support the rights of not only our members, but all women who are survivors of sexual assault. A woman’s right to report and seek a fair, supportive and timely due process will remain a priority for NPC. We support the collective efforts of our sorority organizations, and those men, women, colleges and university officials who seek substantive change to prevent such conduct and eradicate violence against women. NPC commits to partnering with institutions of higher education to make our campuses safe for all who attend.

MEMBERSHIP SELECTION

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC supports the individual rights of its 26 member organizations to select their own members.

NPC does not dictate nor determine prospective membership policies. NPC member sororities are single-sex organizations as recognized under Title IX of the Education Act Amendments of 1972. Each member organization must follow its own membership selection policies, procedures and all applicable state and federal laws that pertain to single-sex organizations.

PHILANTHROPIC EVENTS

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. Philanthropic, fundraising or community service events/activities hosted by NPC member organizations and/or other organizations that include participation by sorority women must be devoid of destructive, divisive or abusive actions. All NPC member organizations are expected to follow their alcohol and risk management policies and university policies prior to and while participating in these events.

NPC considers it unacceptable to promote:
  • Negative images of women and the sorority community.
  • Demeaning actions toward others, including incivilities and sexual harassment.
  • Any actions that negatively affect public perception of the sorority community.

Such activities directly violate our time-honored organizational values, risk management policies and the highest standards of human dignity. These are the foundation of the sorority experience, and anything to the contrary must not be part of our culture.
PRIMARY RECRUITMENT

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC endorses primary recruitment occurring in the fall academic term, because it best accomplishes the following:

- **Retention**: Engages women quickly as first-year students so they continue in college.
- **Acclimation**: Provides women an early opportunity to adapt to the demands of campus life, including academic, social, cultural and service components, by quickly affiliating with a supportive subset of female students.
- **Academic success**: Encourages women to engage in chapter academic study and scholarship groups immediately.
- **Mentoring**: Provides female mentoring for women via chapter members and alumnae.
- **Objectivity**: Allows all participants the best opportunity to be considered objectively and to make their choices clearly without the subjective influences of detractors.
- **Time management**: Provides optimum experience without distractions from recruitment activities throughout the fall academic term.
- **Scheduling**: Offers fewer disruptions caused by inclement weather conditions.
- **Fairness**: Enables NPC member organizations to recruit during the same time period that other campus organizations are allowed to recruit new members. Deferred recruitment is an inequitable application of student policy because other student organizations — such as intercollegiate athletics, school-sanctioned clubs and others — are free to recruit, select and enroll new members at any time.

Sorority programming and expectations follow the missions of higher education institutions by fostering a spirit of sisterhood, which serves as a safety net for young women as they acclimate to a university environment.

Studies indicate that student retention is enhanced by membership in a sorority, where mutually supportive members sharing common interests and values leads to greater college-experience satisfaction. NPC believes that there is no substitute for the enrichment that sororities offer young women as part of the college experience, and this enrichment is most beneficial early in the academic year. With the aim of providing freshmen women a sound base for educational success throughout college, NPC asserts that deferred recruitment, or second academic term recruitment, is not in the best interests for the health and welfare of a sound sorority community and its members.

RIGHT TO ASSEMBLE

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC affirms the rights of students to associate with an organization on such terms and conditions as the student and the organization exclusively agree as granted by the U.S. Constitution.

NPC acknowledges that colleges and universities have the right to establish fair and reasonable rules and regulations applicable to all student organizations seeking to receive and maintain institutional recognition as listed in their college student handbooks. However, in the absence of due process, colleges and universities do not have the right to restrict and interrupt regular chapter operations, nor infringe on a private organization’s right to:

- **Assemble**.
- **Recruit members**.
- **Educate or initiate members**.
No infringement shall occur without due process and notice provided to the inter/national organizations. NPC supports the right of association through its governance documents known as Unanimous Agreements. Unanimous Agreement IX reinforces the right to assemble.

**RIGHT OF ASSOCIATION AS WOMEN’S-ONLY ORGANIZATIONS**

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC supports the right of association through its governance documents known as Unanimous Agreements. Unanimous Agreement IX reinforces the right to associate.

NPC’s 26 member sororities exist, and have existed throughout their history, as women’s-only private social organizations.

NPC values its ability to remain an independent voice for women. Through recruiting, educating and initiating female sorority members, women are supported as they uphold both the ideals stated in the NPC Panhellenic Creed and the ideals of their individual member organizations. The U.S. Congress recognized in Title IX of the Education Act Amendments of 1972 that social fraternities and sororities are exempt from the prohibition against gender discrimination in education programs or related activities.

The U.S. Supreme Court also has affirmed that the “right to freedom of association is a right enjoyed by religious and secular groups alike.”

In addition, according to Unanimous Agreement X, each College Panhellenic Association shall denounce participation of undergraduate Panhellenic women in auxiliary groups to men’s fraternities and in men’s primary recruitment activities.

**STANDARDS OF CONDUCT**

The National Panhellenic Conference (NPC), one of the world’s largest organizations advocating for women, is the umbrella group for 26 inter/national sororities. NPC encourages its members to engage in positive discourse about members and member organizations. Through its governing documents known as Unanimous Agreements, Unanimous Agreement IV, Standards of Ethical Conduct, states that members should avoid disparaging remarks about any sorority or college woman.

NPC reminds all Panhellenic women to follow our standards of ethical conduct in their daily lives and as they increasingly engage in online chats, forums and social media networks. The NPC Panhellenic Creed also emphasizes mutual respect:

“We, as Fraternity Women, stand for service through the development of character inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which we strive to live.”
A successful College Panhellenic must be clear in its purpose and be well-organized to achieve its mission and goals. This section reviews a variety of critical information for College Panhellenics including how to establish and operate a College Panhellenic.
COLLEGE PANHELLENIC ORGANIZATION

OVERVIEW

Jurisdiction of Panhellenic Associations
Panhellenic associations are based on democratic principles and organized to afford cooperation among the women’s sororities. Panhellenic members shall respect and obey the letter and spirit of all NPC Unanimous Agreements. Panhellenic associations’ constitutions and bylaws shall conform to all NPC Unanimous Agreements. A College Panhellenic Council shall take no action that infringes on the sovereignty, rights or privileges of the individual NPC sororities.

Purpose
• Conducts the business of the College Panhellenic only during the campus academic year
• Promotes the growth of individual chapters and the sorority community
• Organizes and sponsors a membership recruitment program
• Encourages the highest possible academic, social and moral standards
• Coordinates activities, establishes orderly procedures and provides for programming in addition to recruitment
• Adjudicates all matters related to the NPC Unanimous Agreements, College Panhellenic bylaws and/or other governing documents, College Panhellenic membership recruitment rules, College Panhellenic code of ethics and College Panhellenic standing rules
• Actively supports the mission of its host institution
• Promotes good public relations
• Gives service to the community and campus
• Sponsors Junior Panhellenic, if appropriate, for specialized programming efforts
• Promotes friendship, harmony and unity among members, chapters, faculty, administrators and campus groups

Objectives
NPC women have a responsibility to promote Panhellenic ideals on campus. As expressed in The Panhellenic Creed, sorority women are dedicated to upholding good scholarship and high standards of ethical conduct and to working in harmony and understanding with one another to further sorority ideals. High moral and ethical principles are basic to all NPC member organizations.

Membership
“Panhellenic” is sometimes mistakenly thought to be the officers of the organization or even the administrators who work with fraternity/sorority life. In fact, a College Panhellenic Association is a democratic entity composed of all members of the NPC sororities on a campus.

A College Panhellenic Council is the associations’ governing body and is composed of one delegate and one alternate from each regular, provisional and associate member chapter at the institution. The College Panhellenic Council is responsible for local Panhellenic operations in accordance with NPC Unanimous Agreements, policies, best practices and procedures.

Policy (1993): All College Panhellenic delegates, officers and committee members shall be in good standing with their member organizations, be active participants in their collegiate chapter and shall be enrolled in the institution where the chapter is located.
Membership statuses

Policy (2003): There can be three types of membership within College Panhellenics: Regular, provisional and associate. The College Panhellenic determines the criteria for the associate member status.

The membership statuses are defined as:

- **The regular** membership of the [name of institution] Panhellenic Association shall be composed of all chapter members in good standing of National Panhellenic Conference sororities at [name of institution].
- **The provisional** membership of the [name of institution] Panhellenic Association shall be composed of all chapter members in good standing of National Panhellenic Conference colonies and pledged chapters at [name of institution].
- **The associate** membership of the [name of institution] Panhellenic Association shall be composed of all members in good standing of local sororities or interest groups, or national or regional non-National Panhellenic Conference member organizations that have met the requirements for membership in the [name of institution] Panhellenic Association.

Each College Panhellenic will determine the criteria required to be met in determining associate member status at its campus and incorporate those criteria into its College Panhellenic Association bylaws, taking into account each of the following:

- The minimum membership size requirements of the prospective associate member organization, with a stated requirement that women in the prospective associate member organization must not be members of any other organizations currently in the Panhellenic Association.
- How long a group must be in existence before applying for associate member status.
- The internal governance policies the applying group must have before being granted associate member status, with a stated requirement that the applying group’s risk management policies and practices (including policies on alcohol, social functions and hazing) comply with the requirements of the College Panhellenic Association’s and host institution’s policies and with applicable laws.
- The vote necessary for the College Panhellenic to approve applications for associate member status (i.e., simple majority, two-thirds vote, etc.).
- The process by which applications for associate membership will be received and considered.
- Any other matter deemed pertinent to associate member status by the College Panhellenic.

Each College Panhellenic also will determine the privileges and responsibilities of associate members once admitted to the College Panhellenic Association, taking into account each of the following:

1. The level and type of participation required and/or permitted in College Panhellenic Association affairs, with a stated requirement that all associate members must abide by all NPC Unanimous Agreements and be subject to the [name of institution] Panhellenic Association bylaws and governing documents, recruitment rules and risk management policies.
2. Members of sororities holding associate membership in the Panhellenic will be eligible to serve as officers, except president or the officer in charge of recruitment.
3. Whether associate members will:
   A. Have voice and one vote in all matters except those that are extension related. If not participating in the primary recruitment process, they will not have a vote on recruitment rules and establishment or modification of Panhellenic total.
   B. Pay full or partial dues.
   C. Be allowed or required to participate in any or all Panhellenic and fraternity/sorority programming such as Greek Weekend, honoraries, awards programs, etc.
D. Be subject to judiciary proceedings.
E. Be allowed or required to participate in organized recruitment and, if not, any restrictions on the timing and/or manner of associate member recruitment.
F. May be expelled for cause by a majority vote of the Panhellenic Council. An associate member shall not be entitled to vote on the question of its expulsion.

4. That associate membership in a College Panhellenic Association cannot and does not confer or imply any guarantee that an associate member will be permitted to affiliate with an NPC organization, such authorization being conveyed only on a separate extension vote of the regular members of the College Panhellenic when campus numbers warrant a vote to open for extension.

5. How the College Panhellenic will monitor associate members’ adherence to the requirements for their continued status.

6. Any other matter deemed pertinent to associate member status by the College Panhellenic.

Organization
Each College Panhellenic establishes its own bylaws, code of ethics and recruitment regulations within the framework provided by the NPC Manual of Information. The Unanimous Agreements must be honored as part of these governing documents. An effective College Panhellenic also adopts regulations that carry out NPC policies and procedures. Annual dues-paying College Panhellenics receive services and resources from NPC.

A College Panhellenic is a forum and voting body. It conducts business only during its host institution’s academic year. Its effectiveness depends on the respect it earns from its member organizations and the rest of the campus community. To be influential, it must operate with professionalism and integrity. A College Panhellenic Council functions most effectively when the delegates of its member organizations know proper Panhellenic procedures and are dedicated to working together in harmony and cooperation.

Representatives
It is advantageous to individual chapters and the Panhellenic community as a whole for each chapter to select its best-qualified members as delegate and alternate delegate to the College Panhellenic. To represent the chapter effectively, these representatives must be informed, knowledgeable about proper Panhellenic procedures and willing to act on chapter opinion rather than individual conviction.

Rights of sorority chapters
The College Panhellenic Council and its advisors must bear in mind that the member chapters give the Panhellenic its authority. The council and advisors guide; they do not decide. A College Panhellenic Council cannot deny a member chapter the right to operate according to its own policies and procedures, including rights such as initiating a woman when she has met the requirements of her sorority.

Ethics
Sorority women working together serve as role models. They encourage their members to be law-abiding citizens, mindful of others’ rights and dedicated to representing and upholding the principles espoused by every member organization.
ESTABLISHING A RECOGNIZED COLLEGE PANHELLENIC

When the first NPC chapter is installed on a campus, its inter/national organization notifies the NPC office. The NPC office then contacts the new chapter to inform it of available help.

When a second NPC member organization is installed, the first NPC sorority notifies the NPC office, so that preparations can begin for establishing a College Panhellenic Association.

With assistance from the NPC office and NPC advisor to new College Panhellenics, the first chapter is responsible for initiating the organization of the Panhellenic. If multiple chapters are established at approximately the same time, the first NPC member organization installed as a chapter is responsible for taking the lead.

The NPC advisor to new College Panhellenics works with the local campus committees and the fraternity/sorority advisor or administrative contact to organize the Panhellenic. Here are the steps:

1. The first installed chapter calls and chairs an organizational meeting of the two or more organizations. The purpose of the meeting is to select an Organizational Committee, which works with the NPC office and the NPC advisor to new College Panhellenics, and to choose committees as needed to operate the Panhellenic.
2. Each sorority selects as representatives to this College Panhellenic Organizational Committee one delegate and at least two alternates from its own membership. If possible, the chapter president and recruitment chairman serve as the two alternates. If no institutional administrative personnel are available, an advisor may be selected from among qualified local alumnae.
3. This committee reviews the Manual of Information, which it obtains from the NPC office or from each delegate’s sorority. The Organizational Committee drafts the College Panhellenic bylaws, based on the template in the Manual of Information, and establishes a recruitment program and recruitment rules that are compatible with the campus needs and that align with the NPC Unanimous Agreements and policies.
4. The Organizational Committee chairman sends the first draft of this material to the NPC advisor to new College Panhellenics for review and evaluation. This NPC advisor corresponds with the Organizational Committee and the fraternity/sorority advisor or administrative contact, offering suggestions and providing information to help establish the Panhellenic. The NPC advisor sends copies of this correspondence to the NPC delegates of the sororities involved and the College Panhellenics Committee chairman.
5. When the NPC office receives and approves all documents and the initial dues payment, then the NPC advisor to new College Panhellenics recommends that the Panhellenic be established. The Panhellenic support coordinator then notifies the NPC Executive Committee, and the Panhellenics chairman writes a letter of recognition to the Panhellenic with copies to all relevant parties.
6. The NPC office sends the College Panhellenic its charter. A ceremony may be held to commemorate the Panhellenic’s chartering.

ORGANIZATION AND MANAGEMENT

Panhellenic delegate responsibilities
• Must attend all Panhellenic meetings
• Must support NPC Unanimous Agreements, policies and procedures
• Must understand local Panhellenic policies and procedures
• Should attend relevant area conferences and workshops
• Should know when to consult her sorority’s NPC delegate for assistance and advice regarding Panhellenic concerns
• Should present regular Panhellenic reports at chapter meetings
Panhellenic office
If space is available, the College Panhellenic should establish an office. Permanent records are to be kept in a central location accessible to Panhellenic officers.

Panhellenic files
Careful record-keeping is important. NPC recommends that the retiring Panhellenic president check the files (both current and historical, both printed and electronic) with her successor during officer transition to ensure that they are complete. The following materials are valuable for reference:

• College Panhellenic bylaws: Keep up-to-date copy in current file.
• Manual of Information: Keep up-to-date copy in current file.
• Meeting minutes: Keep in current file for four years and then transfer to historical files.
• Financial records, reports and budgets: Keep in current file for seven years.
• Membership recruitment statistics: Keep in current file for five years and then transfer to historical files.
• Membership recruitment materials — recruitment rules, pamphlets, programs, bulletins, evaluations, event schedules, etc.: Keep in current file for five years.
• Name, address and contact information of current NPC area advisor: Keep in current file.
• Reports and project evaluations: Keep in current file for five years.
• Correspondence of permanent interest.
• Records of Judicial Board action: Keep in locked file for three years.
• Procedure notebooks: Refer to Panhellenic Officer Notebook information in this section.
• Historical files: NPC recommends backing up electronic files and storing them safely in a location that is protected from fire.

OFFICER SELECTION

Policy (2001): The College Panhellenic officer selection process may include rotation, election or an election-rotation combination to provide successful leadership and equitable and fair representation of NPC member organization. The Panhellenic president and the recruitment officer should have a minimum of one year of College Panhellenic experience prior to serving.

NPC encourages the practice of rotation of Panhellenic offices, especially for campuses with four or fewer member organizations. Rotation provides each sorority the opportunity and responsibility for Panhellenic service. Chapters need to be aware of the terms their representatives are expected to serve and are responsible for selecting the best-qualified members to be Panhellenic leaders.

1. The rotation order is based on the date the chapter was installed on campus (oldest first), and the order should be noted in the Panhellenic bylaws.
2. If a representative from the sorority in turn for rotation is not prepared to serve as an officer, the Panhellenic Council determines how the office is filled.
3. If an officer is unable to complete her term and her sorority is unable to provide a qualified replacement, the sorority next in rotation order assumes the office. A sorority filling an unexpired term does not relinquish its regular order. Example: Alpha’s officer leaves office midterm. Alpha has no qualified replacement, so Beta fills the remainder of the unexpired term. Beta then serves its regular term in that office.
4. If the College Panhellenic wishes, it may allow associate-member organizations to hold office, except for the presidency and the office in charge of recruitment.
On campuses with numerous NPC chapters, Panhellenics select officers by a combined rotation-election plan or a straight election plan.

When using a rotation-election plan a certain number of chapters (depending on the number of chapters and the number of Panhellenic offices) rotate into eligibility for the designated offices each year. Officers are selected from those eligible representatives. The remaining officer positions are filled by election.

Panhellenic bylaws would state one of the following options:

- The offices of president, vice president, secretary and treasurer [list specific additional officers, if applicable] of the [name of institution] Panhellenic Association shall be held in rotation by each eligible woman’s sorority chapter in order of its installation at [name of institution]. If a member from the women’s sorority, in order of rotation, is not prepared to serve as a designated officer, the Panhellenic Council shall determine how the office shall be filled.

- The offices of [list specific officers] of the [name of institution] Panhellenic Association shall be held in rotation by each eligible woman’s sorority chapter in order of its installation at [name of institution]. If a member from the women’s sorority, in order of rotation, is not prepared to serve as a designated officer, the Panhellenic Council shall determine how the office shall be filled.

- The offices of [list specific officers] of the [name of institution] Panhellenic Association shall be elected by ballot, except if there is only one nominee for an office, that nominee shall be declared elected.

- The offices of president, vice president, secretary and treasurer [list specific additional officers, if applicable] of the [name of institution] Panhellenic Association shall be elected by ballot, except if there is only one nominee for an office, that nominee shall be declared elected.

**DELEGATE AND OFFICER ORIENTATION**

Hold a meeting or retreat for incoming and outgoing officers and delegates, allowing time for both general education and one-on-one training. Before the retreat or workshop, the current Panhellenic Council could prepare a resource list for attendees. The resource list should include the NPC Manual of Information, Panhellenic bylaws and other governing documents.

During this time, individual officers should explain their responsibilities and share procedural notebooks, reference material, evaluations and suggestions. Delegates should share their information-gathering and presentation techniques to their chapter, and parliamentary procedures for discussion, motion-making and voting (refer to Panhellenic Files).

New officers and delegates should be presented with available resources such as:

- Human resources: NPC area advisor, member organization delegate information, fraternity/sorority advisor and NPC office staff.

The officers should set council and individual goals and priorities for their term of office. These goals should be shared and discussed with the Panhellenic Council as a whole.

JUNIOR PANHELLENIC

A Junior Panhellenic is an educational and service program sponsored by and modeled on the College Panhellenic. It is composed of representatives who are new members and newly initiated members from all College Panhellenic member chapters on campus. It encourages the special responsibilities and good campus citizenship that sorority membership entails, and it fosters intersorority relationships. Refer to the section on College Panhellenic Programs in this manual.

FRATERNITY/SORORITY ADVISOR

A fraternity/sorority advisor counsels a College Panhellenic Association as to its goals, programs and regulations. The fraternity/sorority advisor usually is a college or university administrator but may be an alumna of an NPC sorority hired by the College Panhellenic or serving as a volunteer.
Qualifications for a fraternity/sorority advisor should include:
• Knowledge and an understanding of NPC policies, Unanimous Agreements and procedures.
• An interest in and understanding of the ideals and goals of sororities.
• An understanding of the relationship among NPC, its member sororities and their collegiate chapters.
• A desire to assist the College Panhellenic in its efforts to maintain orderly and harmonious relationships within its membership and to promote constructive programs and projects on the campus and in the community.
• Membership in an NPC sorority, if possible.

Relationship of advisor to a College Panhellenic
The role of an advisor is to provide guidance, counsel and support, helping the College Panhellenic function effectively in accordance with NPC and university policy.

Fraternity/sorority advisor files
In addition to the materials already listed for College Panhellenic files, the fraternity/sorority advisor should keep these records:
• Chapter membership statistics: lists of new members and initiates, and recorded changes in membership status
• Lists of Panhellenic officers, chapter officers, alumnae advisors and inter/national officers
• Signed copies of the membership recruitment acceptance binding agreement, bid lists and continuous open bidding acceptance binding agreements in a confidential file for three calendar years
• Proceedings from Panhellenic judicial board hearings for three years in a confidential file

PANHELLENIC ALUMNAE ADVISORY COUNCIL
College Panhellenics may be assisted by a Panhellenic Alumnae Advisory Council. These advisory groups are composed of alumnae members of NPC sororities. They are organized to provide support for the activities and programs of the College Panhellenic and to serve as a liaison between the college or university and sorority alumnae in the community. The Panhellenic Alumnae Advisory Council should not be confused with the local Alumnae Panhellenic Association.

NPC AREA ADVISOR
As one of its services, NPC provides every College Panhellenic with an area advisor. She is a member of her sorority’s NPC delegation and is well-versed in Panhellenic policies and practices. She provides assistance if needed and advice backed by practical experience. Because the area advisor is a volunteer who has career and family responsibilities, she must plan her campus visits and workshops well in advance. Do not wait until the last minute to request her help.

Area advisor responsibilities
The area advisor provides assistance in numerous areas. She:
• Interprets NPC policies.
• Serves as a liaison among NPC, the fraternity/sorority advisor and the College Panhellenic officers.
• Keeps the Panhellenic advised of the latest NPC policies and procedures.
• Reviews the Panhellenic’s working documents (bylaws, standing rules, recruitment guidelines, code of ethics, etc.) and suggests changes when needed.
• Offers new ideas for membership recruitment schedules, procedures and workshops and for Panhellenic programming and officer training.
• Is available to assist the Panhellenic with problem solving.
• Guides in planning and executing area and campus Panhellenic workshops.
• Makes individual campus visits to help resolve special issues.
• Welcomes the opportunity to observe, learn and work with a College Panhellenic.

College Panhellenic responsibilities to area advisor
• Keeps her informed when changes in bylaws, membership recruitment rules and procedures are being considered and during discussions of total and extension.
• Submits Panhellenic governing documents annually or when changes have been approved by the Panhellenic Council.
• Tells her about problems before they become critical.
• Sends new ideas for officer training, programs and projects for her to share with others.
• Keeps communication open.
• Submits Panhellenic meeting minutes for both the council and Executive Board (if applicable).

College Panhellenic Associations are based on democratic principles and organized to promote cooperation among sororities on college campuses. College Panhellenic Associations embody self-governance to maintain high standards and ethical conduct.

College Panhellenic Associations are expected to effectively and efficiently adjudicate matters over which they have jurisdiction, which includes all provisions of the NPC Unanimous Agreements and the College Panhellenic governing documents.
PROLOGUE

In Boston April 16, 1891, representatives of the then seven existing women’s fraternities met “to discuss methods for the betterment of fraternity conditions in the different colleges.” The committee on Interchapter Courtesy recommended “greater moderation in rushing, that chapters be more watchful that they may pursue no method that could be considered questionable or underhanded,” that a committee be selected at each college to “decide upon regulations for the control of pledging” and for the exchange of information. When the “meetings” became official, the National Panhellenic Conference (NPC) was formed in 1902, and the guidelines adopted earlier were continued.

As sorority women, we continue them today. We reaffirm principles of yesterday that remain current in recruitment, being watchful to see that we “pursue no method that could be considered questionable or underhanded.” We have a committee in each College Panhellenic to decide upon regulations “for the control of pledging.” However, our world has changed. There are thousands of chapters and hundreds of Panhellenics. Some campuses have few chapters; many have a large number. But we still adhere to the admonition of our early leaders to pursue “interchapter courtesy” — by advocating “greater moderation” in recruitment.

Sometimes mistakes are made. Sometimes a chapter fails to educate its members on Panhellenic policies and recruitment rules. Sometimes members do not pay attention to the concept of “interchapter courtesy,” and a violation of rules occurs. It is therefore necessary to provide a method for a Panhellenic to ensure that all chapters and all members adhere to the NPC Unanimous Agreements and the College Panhellenic’s bylaws, membership recruitment rules, Panhellenic code of ethics, standing rules and any other governing documents.

College Panhellenics are based on democratic principles and organized to afford cooperation among the sororities on a college campus. College Panhellenic Associations embody self-governance to maintain fine standards and ethical conduct.

The College Panhellenic Association is expected to effectively and efficiently adjudicate all matters over which it has jurisdiction. In addition, NPC promotes self-governance through Unanimous Agreement VII, which establishes judicial boards to review member organization infractions of NPC Unanimous Agreements and the College Panhellenic’s bylaws, membership recruitment rules/guidelines, code of ethics, standing rules and any other governing documents.
VII. COLLEGE PANHELLENIC ASSOCIATION JUDICIAL PROCEDURE

1. Judicial Board
   Each College Panhellenic Association shall establish a judicial board for the limited purpose of handling member organization infractions of:
   - NPC Unanimous Agreements
   - College Panhellenic bylaws and/or other governing documents
   - College Panhellenic membership recruitment rules/guidelines
   - College Panhellenic code of ethics
   - College Panhellenic standing rules

   A. The composition and duties of the judicial board must be defined in the College Panhellenic bylaws. All members of the judicial board must be collegians from the College Panhellenics’ member organizations.
   B. NPC does not recognize a judicial board that includes male members.
   C. A College Panhellenic, through its officers, shall select and train a workable judicial board based on campus needs.
   D. The duties and responsibilities of the judicial board must be consistent with this and all other NPC Unanimous Agreements.
   E. All NPC judicial forms shall be used to ensure proper documentation and adherence to the NPC Unanimous Agreements. Judicial forms are available on the NPC website.
   F. Documentation of all judicial proceedings shall be retained by the fraternity/sorority advisor for three years.

2. Judicial Process Overview
   A. Sororities are encouraged to resolve alleged infractions as soon as possible through informal discussion with the involved parties before an infraction is filed.
   B. Should the informal discussions be unsuccessful, the judicial process will be set in motion by the filing of a violation report form for an alleged infraction. An infraction can only be filed against a chapter and not against any individuals. Violations must be reported in the following manner on the College Panhellenic Violation Report available on the NPC website or from the College Panhellenic:
      - Timing
        - The College Panhellenic Violation Report shall be completed and presented to the president of the College Panhellenic Association in a timely manner, but not more than 30 calendar days from the date of the alleged infraction (including university/college breaks).
        - If the College Panhellenic president is unavailable or the violation is against her sorority, the report shall be presented to the fraternity/sorority advisor.
        - The College Panhellenic president and fraternity/sorority advisor shall review the College Panhellenic Violation Report to ensure that it has been filled out completely, including proper signatures and indication of rules/guidelines violated. An incomplete report shall be returned to the reporting party for completion before proceeding.
   D. Proper Reporting Authority
      i. Infractions, excluding recruitment infractions, may only be reported and signed by one of these people:
         - Chapter president on behalf of her chapter
         - Chapter executive officer/board member on behalf of her chapter
         - College Panhellenic officer
         - Fraternity/sorority advisor
ii. Recruitment infractions may only be reported and signed by one of these people:
   • Chapter president on behalf of her chapter
   • College Panhellenic officer in charge of recruitment or a recruitment counselor
   • Potential new member
   • Fraternity/sorority advisor

E. Receipt of Infraction
   • The following steps should be taken to make certain an infraction is properly received by the College Panhellenic:
     » The College Panhellenic Violation Report is retained by the College Panhellenic president or fraternity/sorority advisor and is available upon request by the accused sorority.
     » The College Panhellenic president or fraternity/sorority advisor shall send a copy of the College Panhellenic Violation Report to the NPC area advisor within seven days.

F. Notification of Chapter
   • The College Panhellenic president shall notify the accused sorority in writing by delivering the College Panhellenic Infraction Notice to that chapter president within seven days of receiving the College Panhellenic Violation Report.
   • If the president of the accused sorority is unavailable, delivery may be made to another appropriate chapter sorority officer or advisor. The record of delivery shall be documented on the report.
   • A copy of the College Panhellenic Infraction Notice shall be given to the fraternity/sorority advisor and sent to the NPC area advisor within the same time period.

G. Response to Receipt of Infraction
   • Upon receipt of the College Panhellenic Infraction Notice, the accused sorority shall contact the College Panhellenic president within seven days to schedule mediation.
   • Mediation shall be held unless the accused sorority chooses to proceed directly to a judicial hearing.
   • If the College Panhellenic Infraction Notice is delivered during a college/university break, the mediation/judicial hearing may be scheduled after classes resume or held during the break if all parties are available.

3. Mediation
   The purpose of mediation is to find a solution satisfactory to both the party who filed the infraction and the accused sorority, in accordance with the following documents:
   • NPC Unanimous Agreements
   • College Panhellenic bylaws
   • College Panhellenic membership recruitment rules/guidelines
   • College Panhellenic code of ethics
   • College Panhellenic standing rules

The following elements of mediation shall be followed:
   • Mediation shall be closed to the public.
   • All participants in the mediation shall keep strict confidentiality.
   • No more than three participants (including a chapter advisor) shall represent either party and/or each sorority involved at mediation.
   • In cases of infractions for which a College Panhellenic officer or another individual has information regarding the infraction and did not file the infraction, then the person shall attend only for the purpose of presenting the information, after which he or she shall be excused from the mediation.
Mediator Guidelines:
• The College Panhellenic president in agreement with the fraternity/sorority advisor shall appoint a neutral party to serve as the mediator.
• Though it is preferable that the fraternity/sorority advisor for Panhellenic not serve as the mediator, the advisor can serve if he or she did not file the infraction or has not been involved with the reported incident.
• The mediator shall not be an undergraduate student.
• All parties must sign a summary of the mediation proceedings on the Mediation Summary Report indicating the outcome of the mediation and their acceptance of the sanctions. The forms are available on the NPC website. A copy of the report shall be retained by the fraternity/sorority advisor for a period of three years.
• Within 24 hours of the completion of the mediation, the College Panhellenic president shall send a copy of the Mediation Summary Report to the parties designated on the form.

4. Judicial Board Hearing
• If an agreement is not reached during the mediation process, a judicial board hearing shall be held.
• The accused party may choose to go directly to a judicial board hearing instead of mediation.
• The College Panhellenic shall follow procedures for judicial board hearings as already established by its College Panhellenic Association bylaws.
• Hearings shall be closed to the public.
• No more than three participants (including a chapter advisor) shall represent either party and/or each sorority involved at a hearing.
• In cases of infractions for which a College Panhellenic officer or another individual has information regarding the infraction and did not file the infraction, then the person shall attend only for the purpose of presenting the information, after which he or she shall be excused from the judicial hearing.
• All parties must sign a summary of the hearing proceedings on the Judicial Board Hearing Summary Report indicating the outcome of the hearing. Forms are available on the NPC website. A copy of the report should be retained by the fraternity/sorority advisor for three years.
• Within 24 hours of the completion of the judicial hearing, the College Panhellenic officer responsible for the judicial process shall send a copy of the College Panhellenic Judicial Board Hearing Summary Report to the parties designated on the form.
• On those campuses where the small size of the College Panhellenic makes a judicial board hearing ineffective because of conflicts of interest, and mediation has proved ineffective, the case may be referred directly to the NPC College Panhellenics Judicial Appeals Committee.

5. Sanctions
   A. Appropriate Sanctions. Each College Panhellenic shall strive to achieve a fair and reasonable resolution for infractions. Sanctions should fit the nature and degree of the offense.
   • Monetary fines shall be acceptable only for a measurable offense of the Panhellenic’s governing documents or stated membership recruitment rules.
   • The amounts of monetary fines shall be predetermined by a vote of the College Panhellenic Council and stated in the Panhellenic standing rules and/or membership recruitment rules prior to the beginning of recruitment.
   • Examples of reasons for monetary fines may be limited to:
     » Late recruitment event invitation lists
     » Recruitment events that exceed designated event times
     » Prohibited postings on social media outlets
     » Lack of required chapter attendance at Panhellenic-sponsored events
Sanctions shall not:
• Forbid primary recruitment or continuous open bidding activities or the observance of an inter/national sorority event such as an educational program, ritual ceremony or historical celebration.
• Affect a sorority chapter’s quota or total.
• Affect the time of new member acceptance and/or initiation.
• Forbid the right of an NPC sorority to vote in College Panhellenic meetings.
• Include removal from the College Panhellenic.

B. Duration of Sanctions
The duration of any penalty imposed shall not exceed one calendar year from the time the decision is final.

C. NPC Notification of Sanctions
Within 24 hours of the completion of mediation or the judicial board hearing, the College Panhellenic president or the College Panhellenic officer responsible for the judicial process shall send a copy of the Mediation Summary Report or Judicial Board Hearing Summary Report (not including the minutes) to parties indicated on the report form.

6. Appeals
   A. The decision of the College Panhellenic Association judicial board may be appealed by any involved party to the NPC College Panhellencis Judicial Appeals Committee.
      • An appeal shall be filed with the College Panhellenic president, using the process referenced in the judicial resource section in the Manual of Information and on the appeal form, within seven days of the decision.
      • The Judicial Appeals Committee shall reverse or uphold the decision of the College Panhellenic Association judicial board. The Judicial Appeals Committee may also dismiss or modify sanctions as the committee deems appropriate.
      • Any penalty shall begin only after all properly filed appeal decisions have been rendered. If a sanctioned sorority wants to fulfill all or part of the sanctions pending the outcome of a filed appeal, the sorority shall have that option.
   B. If the NPC College Panhellencis Judicial Appeals Committee is unable to resolve the appeal, the Judicial Appeals Committee chairman shall be responsible for the further conduct of the case. All data regarding the appeal shall be submitted in the following order, as needed, until resolution can be determined:
      • Inter/national presidents of the sorority(s) involved
      • NPC Executive Committee
      • NPC Board of Directors; the decision of the board shall be final

INFORMAL DISCUSSION
All member organizations are encouraged to resolve alleged infractions as soon as possible through informal discussion with the involved parties before filing an infraction. If the accusing chapter representative is comfortable confronting the representatives of the accused chapter, NPC encourages informal discussion between the disputing chapters. Often the two parties can reach a mutual understanding and resolve the situation without further action needed.
HOW TO FILE AN INFRACTION

If the informal discussion is unsuccessful, the judicial process will be set in motion when one of the designated individuals allowed to file infractions files a violation report form for the alleged infraction. All report forms are available on the NPC website or from the College Panhellenic. Complete and present the College Panhellenic Violation Report in a timely manner but not more than 30 days from the date of the alleged infraction. Notify the accused chapter in writing within seven days of receiving the violation report form by using the College Panhellenic Infraction Notice form.

There are six forms involved in this process:
- College Panhellenic Violation Report
- College Panhellenic Infraction Notice
- College Panhellenic Mediation Summary Report
- College Panhellenic Judicial Board Hearing Summary Report
- College Panhellenic Judicial Board Hearing Minutes
- College Panhellenic Appeal Notice

These forms are available to download from npcwomen.org and in the Resource Information section of this manual.

The proper reporting authority to file any infraction, other than a recruitment infraction, is:
- The chapter president on behalf of her chapter.
- A chapter executive officer/board member on behalf of her chapter.
- A College Panhellenic officer.
- The fraternity/sorority advisor.

The proper reporting authority to file a recruitment infraction is:
- The chapter president on behalf of her chapter.
- The College Panhellenic officer in charge of recruitment or a recruitment counselor.
- A potential new member.
- The fraternity/sorority advisor.

Upon receiving the College Panhellenic Infraction Notice, the accused sorority contacts the College Panhellenic president within seven days to schedule mediation. Hold mediation unless the accused chapter chooses to proceed directly to a judicial hearing.

PANHELLENIC MEDIATION PROCESS

The purpose of mediation is to find a solution satisfactory to the party who filed the infraction and the accused sorority. Mediation is an off-the-record attempt to settle a dispute. In essence, it is a facilitated negotiation. Mediation is closed to the public, and all participants in the mediation process must keep strict confidentiality — including the outcomes. Sign and complete the proper documentation and forms (available on the NPC website) indicating the outcomes of the mediation session, and distribute as indicated on the forms.
Mediator
The mediator is a neutral person with a clear understanding of the mediation process. It should not be an undergraduate student. Although it is preferable that the fraternity/sorority advisor not serve as the mediator, the advisor can serve if he/she did not file the infraction or has not been involved with the reported incident. The mediator is not a decision maker but must control the process. The parties need to agree to this prior to starting mediation. The mediator sets the tone: somewhat informal but structured. The mediator can assist the parties in understanding the issues and in reaching a satisfactory resolution — or in deciding that the matter cannot be resolved without further action. The mediator must not have a vested interest in the outcome of the case.

Parties involved
Both the accused and the accuser must be willing to be open and candid. All records pertaining to the action should be available for both parties to review. The parties must be willing to work toward an agreement.

Who may attend
The persons attending representing each chapter must be able to make decisions for their organization. Likely attendees are the chapter president and in the case of a recruitment infraction, the recruitment chairman. No more than three participants (including a chapter advisor) shall represent either party and/or each sorority at mediation. The chapter advisor has the benefit of knowledge and experience beyond the undergraduate members and could be a benefit to both parties.

There may be some instances when more than one chapter files an infraction on another chapter. If there are multiple accusing parties, the accusing parties can choose no more than three people to represent all accusing parties filing infractions (including a chapter advisor).

In cases of infractions for which a College Panhellenic officer or another individual has information and did not file the infraction, then the person attends the mediation only for the purpose of presenting the information, after which he/she shall be excused from the mediation.

Mediation is most effective if the parties involved tell their versions of the event, and the chapter advisor acts as an advisor. In other words, the college women representing their respective chapters need to do the talking but should have the benefit of conferring with their chapter advisor when they believe it is necessary.

Setting
It is most important that both parties believe that the mediation is held in a neutral place. An oval or rectangular table with the parties facing one another and the mediator at the head of the table gives reassurance that this is a serious forum.

Process
Mediation outcomes should not be determined in advance by the Panhellenic. The mediator begins by setting the ground rules regarding the behavior of all involved in the mediation. Each side should be allowed to tell its version of the events in an uninterrupted, civil manner. Each party is encouraged to take notes so that if questions arise that need answers, those questions can be asked later after each side has had the opportunity to give information. The parties should be advised that it might be necessary for the mediator to meet with the parties individually to reach an agreement. In the individual meetings, also called caucuses, the parties may give the mediator information that she/he cannot divulge to the other party without specific clearance. The mediator may need to meet with the parties separately more than once and may spend different amounts of time with each side.
Mediation conclusion
At the mediation’s conclusion, the mediator meets with the parties and their chapter advisors to complete the College Panhellenic Mediation Summary Report indicating the outcome and the acceptance of any agreed-upon follow-up action or sanctions.

Minutes are not taken at the mediation. On the College Panhellenic Mediation Summary Report, the mediator summarizes the conclusion of the mediation, which all parties sign. The fraternity/sorority advisor retains a copy of the report for three years. Within 24 hours of completing the mediation, the College Panhellenic president sends a copy of the College Panhellenic Mediation Summary Report to all parties designated on the form.

COLLEGE PANHELLENIC JUDICIAL BOARD

Organization and function
Any judicial board organization and operating plan selected or developed by the College Panhellenic must be used in conjunction with NPC Unanimous Agreement VII, the College Panhellenic bylaws and other governing documents, the Panhellenic code of ethics, membership recruitment rules/guidelines and the College Panhellenic standing rules.

The goal is to create a document that fits the needs of the College Panhellenic Association and the campus. Below is a sample that includes several suggestions and options. Choose those that are appropriate for your College Panhellenic, and add other items if needed. However, there are certain items that are required by the NPC Unanimous Agreements that must be included. Those items are noted.

Sample document for establishing a College Panhellenic judicial board

College Panhellenic Judicial Board Membership
In accordance with the College Panhellenic Association bylaws and the NPC Unanimous Agreements, the judicial board is composed of _________ collegians from the College Panhellenic member organizations and the fraternity/sorority advisor as a nonvoting ex-officio member.

NOTE: A judicial board should be representative in size of the College Panhellenic. No less than three members, and no more than nine members. You can rotate participation in judicial board hearings based on your number of trained board members and the number of cases to be heard each year. Judicial board members should recuse themselves or not participate in a hearing if it involves a conflict of interest.

Members include:
• Chairman (may be elected or appointed); votes
• Vice chairman (may be elected or appointed); votes
• ______ members representing sororities holding regular or associate (if provided for in the College Panhellenic bylaws, Article III) membership in the College Panhellenic Association; each votes
• The fraternity/sorority advisor as an ex-officio member; does not vote
• Methods for choosing judicial board members include but are not limited to:
  o A member from each sorority for smaller Panhellenics.
  o A number (one-half or one-third) selected each year for larger Panhellenics, rotating the chapter selection for the following year.
  o A member selected from each sorority, rotating the seating for judicial board hearings.
The Panhellenic executive board, or council if the executive board does not exist, appoints, through an application and interview process, all collegiate members to the Panhellenic judicial board.

A Panhellenic judicial board member must be an initiated, undergraduate member in good standing according to the definition of her chapter at the time of appointment and throughout her term.

Judicial board members participate in training about the purpose of the board, the rules and regulations the judicial board monitors, the procedures to follow, proper questioning techniques, the rights of the charged organizations, evaluating evidence, and deliberations and sanctioning.

The fraternity/sorority advisor serves as a nonvoting ex-officio member of the judicial board. If the fraternity/sorority advisor can’t attend a meeting, he/she will appoint a noncollegiate institution representative to attend in his/her place.

The vice chairman will assume the duties and responsibilities of the chairman in cases where the chairman must be recused because of a conflict of interest. In cases where both the chairman and vice chairman must be recused, the remaining judicial board members will select a member to serve as chairman. A judicial board member serves as secretary and takes minutes of hearings. This responsibility may rotate among the judicial board members.

College Panhellenic judicial board duties
The Panhellenic judicial board:
• Handles all alleged violations of NPC Unanimous Agreements and the College Panhellenic bylaws, code of ethics, membership recruitment rules/guidelines, standing rules and any other governing documents that are not settled in the mediation process.

• Participates in training designed to educate judicial board members about the purpose of the board, the rules and regulations the judicial board monitors, the procedures to follow, proper questioning techniques, the rights of the charged organizations, evaluating evidence, and deliberations and sanctioning.
• Conducts a fair hearing with impartial judicial board members following Unanimous Agreement VII. College Panhellenic Association Judicial Procedure.
• Maintains confidentiality throughout the judicial process.
• Creates and maintains proper documentation. The fraternity/sorority advisor retains documentation for three years.

Judicial board chairman duties
The Panhellenic judicial board chairman:
• Coordinates the training of the judicial board members with the fraternity/sorority advisor.
• Implements Unanimous Agreement VII. College Panhellenic Association Judicial Procedure.
• Determines whether any collegiate judicial board members need to be excused or recused from serving because of a conflict of interest.
• Provides involved chapters with a copy of Unanimous Agreement VII. College Panhellenic Judicial Procedure.
• Presides at judicial hearings.
JUDICIAL BOARD HEARING

The purpose of a judicial board hearing is to resolve an alleged violation of the NPC Unanimous Agreements, the College Panhellenic bylaws, membership recruitment rules/guidelines, Panhellenic code of ethics, standing rules and any other College Panhellenic governing documents. In all cases, the primary goal is to reach a fair and equitable decision based on a peer review.

Follow these guidelines as established in Unanimous Agreement VII:

- Judicial board hearings are closed to the public.
- Participants in the judicial board hearing are representatives from each sorority involved. No more than three people, including a chapter advisor, represent either party and/or each sorority involved at a hearing.
- There may be some instances when more than one chapter files an infraction on another chapter. If there are multiple accusing parties, the accusing parties should choose no more than three people to represent all accusing parties filing infractions, including chapter advisors.
- In cases of infractions for which a College Panhellenic officer or another individual has information regarding the infraction and did not file it, then the person attends the hearing only for the purpose of presenting the information, after which he/she is excused from the hearing.
- Take written minutes during the judicial board hearing.
- Assess penalties/sanctions to fit the nature and degree of the offense.
- Present information on the appeals process at the close of the judicial board hearing.
- All parties must sign a summary of the hearing proceedings on the College Panhellenic Judicial Board Hearing Summary Report indicating the outcome of the hearing. Forms are available on the NPC website. The fraternity/sorority advisor retains a copy of the report for three years. Within 24 hours of completing the hearing, the College Panhellenic officer responsible for the judicial process sends a copy of the College Panhellenic Judicial Board Hearing Summary Report to the parties designated on the form.
- Use proper notification and reporting forms.
- All documents associated with an investigation or judicial board hearing shall be kept in a confidential location for three years by the fraternity/sorority advisor.
- On campuses where the small size of the College Panhellenic makes a judicial hearing ineffective because of conflicts of interest and mediation has proved ineffective, the case may be referred directly to the NPC College Panhellenics Judicial Appeals Committee.

Additional guidelines may include:

- The judicial board chairman serves as the hearing officer unless she has been recused. In that case, the vice chairman serves as the hearing officer.
- Chapters involved in a hearing have the right to consult with a representative from their inter/national organization.
- Witnesses are called one at a time and may remain in the hearing room only during their testimony.
- After the hearing, the judicial board members hearing the case and the fraternity/sorority advisor go into an executive session for deliberations.
- Deliberations are confidential, and comments are not to be reported outside the room, with the exception of the official written decision recorded on the College Panhellenic Judicial Board Hearing Summary Report and the official oral statement given by the chairman to the parties.
 Judicial board hearing — order of events

1. Call to order by the chairman
2. Introductions
3. Charges read by chairman
4. Opening statement by accuser (may limit time)
5. Opening statement by accused (may limit time; this statement, at the option of the accused, may be deferred until the accuser completes the presentation of witnesses)
6. Accuser calls witnesses one at a time; accused may cross-examine any witness.
7. Accused calls witnesses one at a time; accuser may cross-examine any witness.
8. Judicial board members may, at any time, ask questions of the witnesses.
9. Closing statement by the accuser (may limit time)
10. Closing statement by the accused (may limit time)
11. Judicial board members enter executive session for deliberation. Only judicial board members hearing the case and the fraternity/sorority advisor remain in the hearing room.
12. Chairman restates charges.
13. Chairman puts the motion before the board members as follows: “The motion before the members is: Is [organization name] guilty of the charge of violating [state the rule that was violated]?” If there is more than one rule alleged to have been violated, handle each violation in a separate motion, and process each motion separately. Read each specification and then the charge, open it to debate, and vote on it separately.
14. Chairman requests motions from the judicial board members. Handle items 12, 13 and 14 one motion at a time if more than one incident is being presented.
15. Discuss motions.
16. Vote on motions. Judicial board members vote “yes” or “no.”
17. A guilty verdict requires a majority of the judicial board members.
18. If a chapter is found guilty of the charges, the judicial board must then determine the appropriate sanctions following the guidelines established in Unanimous Agreement VII. College Panhellenic Judicial Procedure. If the documents or policies do not provide guidance as to sanctions, the judicial board may determine sanctions appropriate to the severity of the violation. A judicial board member makes a motion for a sanction that she believes is appropriate. This motion is debatable and amendable. A majority vote is required to adopt the motion concerning sanctions.
19. Reconvene the hearing, and read the judicial board’s decision to the complaining and accused parties. Witnesses are not in attendance at this time.
20. Record the verdict and/or sanctions in writing on the College Panhellenic Judicial Board Hearing Summary Report, which is signed by the parties listed on the report.
21. When the decision is read, provide information regarding the appeals process using the College Panhellenic Appeal Notice.

APPEALS PROCESS

The judicial board decision may be appealed by following the appeals procedure.

- The College Panhellenic president sends the complete record to the attention of the NPC College Panhellenics Judicial Appeals Committee chairman within 14 days of receiving the Appeal Notice.
- The record is sent to the NPC office via certified mail, return receipt requested or email to npccentral@npcwomen.org.
- A copy of the College Panhellenic bylaws, judicial procedure and applicable rules is included in the mailing.
The NPC Judicial Appeals Committee may uphold or reverse the decision of the College Panhellenic Association judicial board. It may also dismiss or modify sanctions as the committee deems appropriate.

ETHICAL DECISION MAKING

1. Collect accurate information.
2. Ask questions.
3. Identify the issues.
4. Identify the content of the problem to be resolved. Approach a complex problem by dividing it into sections and addressing each section.
5. Prepare and implement a solution, with consideration for:
   A. Maintaining an impartial view.
   B. Being consistent in considerations; do not change the rules arbitrarily.
   C. Use concern for the methods, attitudes and processes as well as the short- and long-term consequences of the decision.
   D. Respect the viewpoints of others; seek to educate by providing people the means they need to make reasoned decisions.
   E. Consult your conscience; thoughtful reflection on the solution you are considering generally reveals right from wrong.
6. Evaluate the solution implemented.
   A. Did the solution achieve the desired result?
   B. How could the situation have been avoided?

Adapted from “Coming to Grips With Ethics in Business” — Richard A. Wussie
Membership recruitment is one of the most visible, rewarding and important activities coordinated by the College Panhellenic. Successful membership recruitment requires a huge organizational effort. It is helpful for the College Panhellenic to separate the recruitment operation into segments or processes. Careful and collaborative planning of each recruitment process will increase the ultimate success of the Panhellenic’s effort.

This section is designed to address those recruitment processes in sequential order. While determining the best recruitment style for a particular campus is necessary, other processes listed are equally if not more important to a successful recruitment.
COLLEGE PANHELLENIC MEMBERSHIP RECRUITMENT

RECRUITMENT POLICIES, RULES AND GUIDELINES

All membership recruitment programs are planned to provide opportunities for the greatest number of women to become part of the sorority experience while protecting the rights and privileges of individuals, NPC chapters and member organizations. A membership recruitment schedule of events and activities should complement the institution’s orientation programs and/or academic schedule and not conflict with them.

NPC Policies and Unanimous Agreements

1. A College Panhellenic may not require a scholastic grade point average as a condition for a woman’s participation in the membership recruitment process. 

2. A membership recruitment period should be held in the fall, as close as possible to the start of the academic year, and be conducted in as short a period of time as possible. NPC recognizes that changes have occurred with many academic calendars and summer employment needs of chapter members and collegiate travel abroad schedules must be considered. However, a fall primary recruitment has more advantages than any other recruitment time period.

3. NPC recommends College Panhellenics sponsor no more than one primary recruitment per academic year.

4. College Panhellenics and individual chapters are responsible for ensuring that recruitment events are values-based and reflective of the sorority experience. In the spirit of values-based recruitment, all decorations should be kept at a minimum for recruitment events. Use of elaborate costuming, the purchase of special recruitment outfits and skits should be eliminated.

5. The use of the quota-total system along with the Release Figure Methodology (RFM) results in the overall growth of sorority chapters. Success of the quota-total system is dependent on continuous open bidding (COB).

6. If a potential new member maximizes her options throughout recruitment, signs the membership recruitment acceptance binding agreement (MRABA) and is not matched in the regular bid-matching process, she is eligible to be placed as a quota addition. 

Policy (2007): The quota addition procedure shall never include a woman who failed to accept or attend any membership recruitment event for which there was room in her membership recruitment schedule (with a fully structured or partially structured recruitment), or failed to list on her membership recruitment acceptance binding agreement (MRABA) all sorority chapters appearing on her preference schedule.

7. Chapters receiving quota additions must count those women in total. If a woman declines her bid and/or a chapter does not pledge a woman and received quota additions, they are ineligible to fill any vacancy that occurs unless the chapter has space remaining in quota and/or total.

8. Snap bidding is allowed only for those chapters that did not match to quota in the bid-matching process. Women who participated in at least the first round of recruitment are eligible for snap bidding. Snap bids should be coordinated and extended through the College Panhellenic, prior to the distribution of bids and the start of Bid Day activities.

9. Policy (1995): A potential new member who withdraws from the primary recruitment process before the signing of her membership recruitment acceptance binding agreement shall be eligible for snap bidding and COB.

10. A chapter matching to quota, but with spots left to fill in total, may COB to reach to total, but only after bids are distributed in the primary recruitment process.

11. COB begins immediately after bids are distributed in the designated primary recruitment period, and is open to all unaffiliated female students on campus without any requirement of prior participation in a primary recruitment period. Neither NPC chapters nor potential new members should be required to register for COB.
12. On campuses where there is a significant number of upperclass women interested in participating in recruitment, the College Panhellenic may choose to use a freshman quota and an upperclass quota to maximize placement of interested women. These are two different quotas, and chapters are eligible to pledge to quota in both classifications. Chapters can only fill quota vacancies with a woman from the same quota classification (i.e., upperclass quota must be filled by an upperclass student).

13. Recruitment events should be held in chapter houses, lodges and chapter suites in Panhellenic buildings or in campus rooms whenever possible.

14. A reasonable and agreed upon limitation should be placed on all chapter membership recruitment expenses. This should be stated in the College Panhellenic recruitment rules.

15. A woman may be charged a reasonable membership recruitment registration fee to defray only the cost of Panhellenic recruitment expenses. No additional fees to cover social events or philanthropic donations should be part of recruitment registration fees.

16. Each College Panhellenic Association shall prohibit the use of alcoholic beverages in membership recruitment and Bid Day activities. (Unanimous Agreements)

17. Each College Panhellenic Association shall prohibit the participation of men in membership recruitment and Bid Day activities.

18. Policy (2003, 2016): Panhellenic officers should be “disassociated” from their respective NPC chapters for the period immediately preceding recruitment (not to exceed 30 days) and during recruitment so their actions and decisions support the welfare and best interests of the Panhellenic community. Recruitment counselors should be disassociated for the same period of time as Panhellenic officers, unless the College Panhellenic votes to allow recruitment counselors to remain associated with their respective chapters based on NPC recommended best practices.

19. Policy (2010): Recruitment counselors shall not be involved with any potential new members in the process of completing and signing the MRABA.

20. Local alumnae and collegiate members from other chapters may only be involved in recruitment as allowed by the Panhellenic recruitment rules. Their participation/assistance should be reserved as a behind the scenes role to assist and never to actively participate in the recruitment process and have potential new member contact with the exception of designated inter/national member organization staff, volunteers, organizational visitors and traveling leadership consultants.

Fall membership recruitment
The National Panhellenic Conference considers early fall to be the optimum time to implement the primary membership recruitment program, especially a fully structured recruitment, for these reasons:

- Retention: Engages women quickly as first-year students so they continue in college.
- Acclimation: Provides women an early opportunity to adapt to the demands of campus life, including academic, social, cultural and service components, by quickly affiliating with a supportive subset of female students.
- Academic success: Encourages women to engage in chapter academic study and scholarship groups immediately.
- Mentoring: Provides female mentoring for women via chapter members and alumnae.
- Objectivity: Allows all participants the best opportunity to be considered objectively and to make their choices clearly without the subjective influences of detractors.
- Time management: Provides optimum experience without distractions from recruitment activities throughout the fall academic term.
- Scheduling: Offers fewer disruptions caused by inclement weather conditions.
- Fairness: Deferred recruitment is an inequitable application of student policy because other student organizations – such as intercollegiate athletics, school-sanctioned clubs and others are free to recruit, select and enroll new members at any time.
In some situations, the university mandates that primary recruitment be held after the first academic term or further delayed in the first academic term for entering students. In these cases, during the fall term, the Panhellenic community should concentrate on marketing the sorority experience to freshmen women and provide opportunities for upperclass women and transfer students to join sororities, allowing them the maximum time possible to benefit from membership.

**Recruitment rules for College Panhellenics**

Certain rules governing membership recruitment are necessary to ensure orderly procedures. Recruitment rules should be simple, fair and few. Long lists of specific rules are not necessary and sometimes create distrust among chapters and members. The spirit of Panhellenic unity is so important, especially during the membership recruitment process.

Recruitment rules should not be part of the College Panhellenic bylaws. They are to be included in the standing rules.

Rules will vary depending on the recruitment style the Panhellenic chooses. However, the Unanimous Agreements and some rules are applicable to all styles of recruitment. A Panhellenic should develop a code of ethics, so there is less need for a long recruitment rule list.

A recruitment rules template and code of ethics template is available on the NPC website and in the Resource Information section of this manual.

**Sample recruitment rules**

Please note that rules are identified as appropriate for CR (continuous recruitment), MSR (minimally structured recruitment), PSR (partially structured recruitment), FSR (fully structured recruitment) or all styles.

**All styles:**

- All NPC Unanimous Agreements will be upheld.
- To be eligible to participate in Panhellenic recruitment, a woman must not be simultaneously enrolled in high school and attending college.
- A woman must be an undergraduate student regularly matriculated in the institution to be eligible to participate in membership recruitment.
- Each College Panhellenic Association shall prohibit the use of alcoholic beverages in membership recruitment and Bid Day activities.
- Each College Panhellenic Associations shall prohibit the participation of men in membership recruitment events.
- Alumnae, inter/national representatives and chapter members from other campuses may participate in recruitment events if it is indicated in the Panhellenic recruitment rules.
- A membership recruitment budget will be established by the College Panhellenic for membership recruitment purposes.

Manual of Information, 22nd Edition 2017
FSR, PSR, MSR:

- A potential new member will attend orientation and membership recruitment events to which she has accepted invitations. In case of illness or an emergency, the woman will notify the Panhellenic and/or her recruitment counselor. The Panhellenic and/or the recruitment counselor will then notify the chapters involved.
- Sorority members may not buy anything for a potential new member (e.g., a meal, soft drink, etc.).
- No sorority members, including new members and alumnae, may visit a potential new member in her place of residence during membership recruitment.
- Strict silence is the period of time from the end of the woman's last event until bids are distributed. Strict silence is defined as verbal, written, printed, text message or social media communication between the potential new members and sorority members, new members or alumnae.
- A fact sheet including a list of fees to be incurred by members during collegiate membership, grade requirements and housing obligations will be provided to each potential new member during membership recruitment by each chapter. The College Panhellenic may provide a range of fees as general information.
- The MRABA script must be used prior to signing the MRABA to ensure that the potential new members understand this binding agreement.

FSR, PSR:

- Membership recruitment events are to be held in sorority houses or facilities specified by the College Panhellenic.
- Each potential new member will sign an MRABA immediately after the last event she attends.

CR:

The MRABA script must also be used prior to signing the COB acceptance binding agreement, but it should be altered to reflect proper COB wording.

Sample recruitment guidelines for potential new members

The College Panhellenic should provide guidelines to potential new members so they have a clearer understanding of the recruitment process. The recruitment counselors may use this guide for talking points with their counseling groups.

All styles:

- Strict silence is the time during which there is no conversation or contact between sorority members and potential new members. This includes all references to sororities (verbal, written, typed or printed). Strict silence is the period from the end of a woman’s last recruitment event until she reports to the sorority from which she accepts a bid.

FSR, PSR, MSR:

- A woman must contact her recruitment counselor and/or College Panhellenic if she desires to withdraw from the membership recruitment process; she must complete a withdrawal evaluation.
- From the beginning of orientation through the end of membership recruitment, no potential new member may visit a sorority chapter except to attend invitational or open recruitment events.
- No sorority member may buy anything for a potential new member.
- A woman will not give a promise, either verbal or written, to join a certain sorority before bids are distributed by Panhellenic.
- A woman will complete the membership recruitment acceptance binding agreement (MRABA) after the last event she attends. It is a binding contract and once it has been signed, no changes may be made.

FSR, PSR:
- A woman will register for membership recruitment and pay a registration fee.
- A woman will attend orientation and all events to which she has accepted invitations. In the event of illness or emergency, she will notify Panhellenic and/or her recruitment counselor if she cannot attend.

FSR: Panhellenic names tags will be provided to potential new members.

PANHELLENIC CODE OF ETHICS

Please note that a code of ethics template is available in the Resource Information section of this manual.

Trust among chapters and their members in the College Panhellenic is essential to creating a spirit of cooperation and a celebration of the friendship shared by the member organizations on a campus. As early as 1891, representatives of sororities came together for the purpose of discussing intersorority courtesy, developing a broader and kinder interfraternal spirit and addressing issues relevant to that time.

In 1995, the National Panhellenic Conference adopted a policy that encouraged each College Panhellenic to develop a code of ethics for the recruitment process based on the principles of ethics submitted by each women’s sorority on the campus.

Best Practice (1995): Prior to recruitment each member organization of a College Panhellenic shall be encouraged to develop a code of ethics for the recruitment process for the academic year.

Policy (1995): Each College Panhellenic will adopt a code of ethics for the recruitment process for the academic year based on the principles of ethics submitted by each organization. The code of ethics should be displayed in the Panhellenic office and distributed to each chapter.

The Panhellenic code of ethics supports ethical decision making by the College Panhellenic and applies to day-to-day activities as well. It is an expectation of integrity and honesty. A Panhellenic code of ethics represents Panhellenic life at its best.
Goals of a code of ethics

- List the values and goals of the Panhellenic community.
- Reflect the mission and motto of Panhellenic life.
- Describe the high standards of the Panhellenic community.
- Define membership opportunities for women on the campus.

Writing a code of ethics

The code of ethics represents every woman in the College Panhellenic, so each member should be involved in its creation.

The individual chapters should understand that a College Panhellenic works together to promote and facilitate educational programs, fundraising efforts, philanthropic endeavors and the recruitment process. Working together promotes positive competition and builds healthy relationships within the Panhellenic community. The code of ethics is to be used year round to incorporate the Panhellenic ideals, promote whole-hearted cooperation, eliminate negative competition and support the NPC Unanimous Agreements.

Steps when writing a code of ethics

1. Each chapter composes a list of ideals and statements to be included in the Panhellenic code of ethics.
2. The College Panhellenic meets to compile the suggestions from each chapter to compose the code.
3. The draft of the code is presented to each chapter for a vote.
4. The Panhellenic Council then votes to approve the code of ethics.
5. The code is displayed in the Panhellenic office and is distributed to each chapter.

TOTAL

Total is the allowable chapter size as determined by the College Panhellenic, and it includes both new members and initiated members. College Panhellenics are required to review total each academic term — within 72 hours of bid distribution for the term during which primary recruitment is held and within one week (no more than seven days) from the start of the academic term(s) in which primary recruitment is not held. These adjustments ensure that total reflects current campus conditions and the Panhellenic goal of growth and parity.

The purpose of total is to provide opportunities for growth of the Panhellenic community and parity among the chapters, and to allow the maximum number of women to participate in the sorority experience.

When total is too low:

- The Panhellenic community is unable to grow because of the lack of sufficient spaces to accommodate women interested in sorority membership.
- The smaller chapters are unable to close the size disparity with the larger chapters in the community.

When total is too high:

- Potential new members have incentives to withdraw from the recruitment process and join chapters during continuous open bidding (COB) when they do not receive an invitation to return to the chapter of their choice.
- Larger chapters participate in COB interfering with the effectiveness of smaller chapters’ recruitment.
Policy (2009, 2015): The procedure for determining total states: total is the allowable chapter size as determined by the College Panhellenic and includes both new members and initiated members. Any member who is away from campus for the entire academic year is not counted in total. Members away for one academic term are counted in total. The Panhellenic reviews total each term to ensure that existing total reflects current campus conditions and the Panhellenic goal of growth and parity, and to allow the maximum number of women to participate in the sorority experience.

Policy (2013, 2015, 2016): To allow chapters to achieve parity as quickly as possible, total will be automatically adjusted every regular academic term. This is to be done no later than 72 hours following bid distribution in the academic term that primary recruitment is held and within one week (no more than seven days) from the start of the academic term(s) in which primary recruitment is not held. The adjustment will be to median chapter size unless the College Panhellenic adopts an acceptable alternative method according to the Manual of Information. For campuses on a trimester or quarter system, the College Panhellenic will automatically reset total during the primary recruitment term and in one additional term as approved by a vote of the College Panhellenic and placed in its governing documents.

Policy (2009, 2015): College Panhellenics can use one of the following methods to determine total:

1. Median chapter size
2. Average chapter size
3. Largest chapter size (recommended for College Panhellenics with three or fewer chapters)

The new or adjusted total number does not need to be voted on by the Panhellenic since the automatic adjustment of total is a policy of NPC. The new total should be calculated, communicated to all chapters and then stated at the next Panhellenic meeting for the minutes.

Vacancies in total chapter size
Vacancies in the chapter membership roll can be filled only if the chapter is below total. A chapter may exceed total as a result of its participation in Panhellenic recruitment when quota-total and a preferential bidding system are used. If at any time during the academic year a chapter falls below total, the chapter is eligible to COB to reach total again.

Members who are not present on campus for one academic term (i.e. participating in a study abroad program, student teaching, internship, etc.) are to be included in chapter total calculations unless inactive member status has been granted for the entire academic year.

Policy (2002): Vacancies in chapter total are not created by the granting of inactive status or alumnae status to a member who has less than a full college year remaining before graduation where there is no other compelling reason or personal circumstance/emergency for granting a change in status.

Policy (1978): Vacancies in chapter total are not created by granting alumnae status to undergraduate members except when a member organization is recolonizing.

Policy (1981): A woman who has fulfilled the requirements for initiation before the expiration of her one-year pledge or new member term, and who has not yet been initiated, is not counted in the primary recruitment’s new quota but, she is included in the chapter’s total.

Policy (1977): If a chapter is at total and wishes to affiliate a transfer member, it may do so even though the addition of that member will put the chapter over total.
Chapter membership roll
To determine a chapter’s official membership roll for College Panhellenic reporting purposes, NPC has passed the following policies pertaining to this subject.

Policy (1955): For all Panhellenic purposes:
1. Every regularly enrolled undergraduate woman who is a new member and/or initiated member of a chapter on that particular campus shall be counted as a member of the college chapter.
2. Every regularly affiliated undergraduate transfer shall be counted as a member of the college chapter on that campus, affiliation to be defined as meeting the requirements of the individual member organization.
3. Any member who is away from campus for the entire academic year is not counted in total. Members away for one academic term are counted in total.

Inactive status
When the regulations or policies of an individual inter/national sorority provide for granting inactive status for undergraduate members, the following requirements shall be observed:
• The inactive status extends over the period of the entire academic year during which inactivity is granted.
• The inactive members may not participate in membership recruitment.
• The grades of inactive members shall not be counted in comparative scholastic ratings.
• Inactive members shall have limited or no social privileges.
• When any inter/national sorority grants inactive status to any member on a given campus, that chapter shall place a copy of that action on file with the fraternity/sorority advisor.
• The inactive member is not included in chapter total for the academic year.

QUOTA
Quota is a procedure that maximizes the opportunity for potential new members and chapters to successfully complete recruitment.

The goals of quota-total are to:
• Give each woman the maximum opportunity to pledge.
• Provide the sorority experience to as many women as possible.
• To assist sorority chapters in achieving parity.

Quota is the number of women each sorority may pledge during a primary recruitment process. It is used with fully structured recruitment and may be used with partially structured recruitment.

Chapters are eligible to pledge up to quota either through the primary recruitment period or in COB. Once a chapter has pledged to quota and is at or above campus total, it may not fill spaces until its membership size drops below campus total.

If a campus uses an upperclass quota during primary recruitment, a chapter can only fill quota vacancies with a woman from the same quota classification (i.e., upperclass quota must be filled by an upperclass student).

If a chapter falls below total at any point in the given academic year, even if the chapter pledged to quota, it is eligible to pledge additional women to reach total. A chapter may not participate in COB unless they fall below campus total and/or did not pledge to quota.
Each NPC sorority chapter has the right to COB to reach quota or its total allowable chapter size during the regular school year as defined by the school calendar.

Setting quota
Quota is not set until the final or preference round has been completed and the bid matching results are factored into the equation. To optimize the number of potential new members matched and to achieve parity, quota is run at different numbers by the fraternity/sorority advisor and RFM specialist within the projected quota range to determine a quota that is in the best interest of the community and maximizes the number of potential new members placed without jeopardizing the overall results.

On campuses where the Release Figure Methodology (RFM) is used, a quota range is given to chapters during the recruitment process as a planning tool to estimate a range in which quota may be set. Quota range is communicated to chapters by the fraternity/sorority advisor.

Upperclass quota
Some campuses find the use of an upperclass quota valuable in situations when there is a significant number of upperclassmen who are interested in recruitment, and/or the campus historically matches a low percentage of upperclass potential new members in the recruitment process. The determination to implement an upperclass quota must be made by the College Panhellenic, before recruitment begins and in consultation with the RFM specialist and the NPC area advisor. Upperclass quota is not the answer for every campus but rather in circumstances that will help place upperclass women who have traditionally not been placed.

Once a Panhellenic votes to establish an upperclass quota, individual chapters may not opt out of accepting those women without consulting their inter/national organization, the fraternity/sorority advisor and the RFM specialist before recruitment begins.

Setting quota for primary recruitment when hand bid matching
Quota is set after the MRABAs are signed. Chapter bid lists should be entered in rank order only and include the names of all PNMs that attended the chapter’s preference round events.

Determining quota:  \[
\frac{\text{Number of MRABAs signed}}{\text{Number of chapters}} = X \text{ (round down)}
\]

Every attempt should be made by the fraternity/sorority advisor and his or her NPC partner — RFM specialist or area advisor — to find a quota number that maximizes PNM placement. Sometimes quota may need to be run using a range that will determine optimal placement.

Low end of range:  \[
\frac{\text{Number of MRABAs signed}}{\text{Number of chapters}} - 3 \text{ (round down)}
\]
High end of range \[ \frac{\text{Number of MRABAs signed}}{\text{Number of chapters}} \] + 2 (round down)

Example range: 75 MRABAs signed, four chapters on campus

\[
\frac{75}{4} = 18.75 - 3 = 15.75 = 15 \\
\frac{75}{4} = 18.75 + 2 = 20.75 = 20
\]

Quota range is 15 – 20

**Vacancies in quota**

A vacancy in quota occurs in the following situations:

- When a woman refuses to accept her matched bid at the conclusion of membership recruitment
- When a woman does not participate in a ribbon or formal new member pledging ceremony and/or does not sign documentation or agreements with the member organization indicating her intent to pledge the group

A chapter may immediately bid and pledge another woman, in these situations, even if the chapter is over total. However, if a chapter has received quota additions, the chapter may only pledge additional women to the established quota. They cannot offer bids to or pledge additional women to fill vacancies in quota additions. For example, if quota was 25 and a chapter matches to quota (25) plus received two quota additions (total of 27 new members), the chapter may not fill any openings from declined bids until they drop below 25 new members.

If a chapter matches to quota and is above total, and all potential new members go through the formal pledging ceremony (quota), the chapter is unable to fill any vacancies until the chapter drops below total should a new member break her pledge.

**CONTINUOUS OPEN BIDDING**

Each NPC sorority chapter has the right to COB to reach quota or its total allowable chapter size during the regular school year as defined by the school calendar. To accommodate a chapter colonization or to allow a chapter to build its membership, the College Panhellenic Council may vote to suspend COB for a period not to exceed three weeks. The start and end dates for the COB moratorium must be set by a vote of the College Panhellenic, preferably during the academic term prior to implementing the moratorium. The College Panhellenic should consider the need for chapters not at quota or total to have up to one week to fill vacant spaces through COB before the moratorium begins.

COB is not intended to precede or take the place of the primary membership recruitment period, nor should there be a COB process prior to the start of fall primary membership recruitment.

The purpose of COB is to enable those chapters that did not pledge to quota or pledged quota but did not reach total, to pledge additional new members immediately following the primary membership recruitment period. The intent of COB is to provide maximum opportunities for membership to the greatest number of chapters possible.

On campuses with deferred (second term) membership recruitment, any COB prior to the scheduled membership recruitment period should be limited to upperclass and transfer women. Freshmen women should not attend these recruitment functions. COB would not be open to freshmen until after the primary membership recruitment period, as provided for in the Unanimous Agreement III. The Panhellenic Compact.
VALUES-BASED RECRUITMENT

NPC is a values-based organization. The 26-member organizations are bound together through the shared values expressed in the Panhellenic Creed. Since it is NPC’s expectation that member organizations and their members uphold shared values, those values should be displayed through the activities of College Panhellenics and individual chapters.

College Panhellenics and individual chapters are responsible for ensuring that recruitment events are values-based and reflective of the NPC sorority experience. A values-based approach should be used with all recruitment styles.

Policy (2015): All College Panhellenics and their member chapters shall incorporate the following policies into their membership recruitment programs:

- Focus on conversations between chapter members and potential new members about organizational values and member organizations.
- Establish guidelines for membership recruitment budgets and set a cap on membership recruitment expenses, including the value of all donated goods and services.
- Keep decorations to a minimum and confined to the interior space used for recruitment rounds.
- Determine recruitment event attire for chapter members that reduces individual financial burden and eliminates costuming.
- Eliminate gifts, favors, letters and notes for potential new members.
- Eliminate recruitment skits.

Consider the following when implementing values-based recruitment:

- The purpose of recruitment is for potential new members and chapter members to get to know each other well enough for both to take the first step toward an important lifetime choice.
  - By eliminating costuming and matching outfits, chapter members display their individuality and authentic selves to potential new members.
  - By eliminating skits, there is more time for conversation during recruitment events.
- Recruitment events should accurately portray the values, benefits and obligations of sorority membership.
  - By focusing on conversations, chapter members will have more time to share the benefits they experience from sorority membership.
  - By eliminating skits, the chance of performances that do not portray the values of the organization, chapter and NPC as a whole is removed.
- Recruitment should not create a financial burden for the College Panhellenic, the chapters, individual chapter members or potential new members.
  - By keeping decorations to a minimum for recruitment events, the financial burden for chapters is less.
  - By eliminating costuming and matching outfits, the financial burden for individual members is less.
  - By setting budgets for chapters, the chapter financial burden is less.
  - By including donated goods in the budgets, the financial burden to individual members and alumnae is less.
RECRUITMENT STYLES

All membership recruitment programs are planned to provide opportunities for the greatest possible number of women to become sorority members while protecting the rights and privileges of both the individuals and the chapters. Membership recruitment has many processes. Determining and implementing the appropriate recruitment style for a campus requires careful planning.

The National Panhellenic Conference supports four recruitment styles:
- Continuous recruitment (CR)
- Minimally structured recruitment (MSR)
- Partially structured recruitment (PSR)
- Fully structured recruitment (FSR)

Policy (2003): If the results of the recruitment assessment for a College Panhellenic indicate that a change in recruitment style is warranted, the College Panhellenic may, in consultation with the fraternity/sorority advisor and the approval of the NPC area advisor, vote to adopt the appropriate recruitment style for its campus.

The Panhellenic Council, in consultation with the fraternity/sorority advisor and NPC area advisor, assesses its recruitment to determine the style that is best suited for the campus. The Panhellenic completes the assessment following its evaluation of the previous membership recruitment process. (See Membership Recruitment Evaluation and Assessment.) In determining the style, the recruitment assessment and your Panhellenic community characteristics listed on the next pages should be considered.

Policy (2003): Bid matching is not always applicable to partially structured recruitment, minimally structured recruitment and continuous recruitment, and in such situations need not be used.

The College Panhellenic Council, as part of its annual review and in consultation with the fraternity/sorority advisor, chapter advisors and the NPC area advisor, should evaluate:
- Recruitment trends.
- Marketing to potential new members.
- Recruitment statistics for the past three years.
- Changes in past and current enrollment of female students and future projections.
- Interest in sorority life.

These indicators suggest that changes are necessary in the recruitment program:
- Panhellenic lost a greater percentage of potential new members between registration and the open house event than in previous years.
- More women dropped out between the open house event and preference events.
- Quota has decreased during the past three years.
- Panhellenic lost chapters on campus, although recruitment numbers are stable or increasing.
- The system struggler(s) matched less than half of quota even with recruitment numbers stable or increasing.
Assessment for determining recruitment styles
The assessment in this section will help a Panhellenic determine the needs of its recruitment program. The responses will help determine if the Panhellenic should consider a specific recruitment style or change other processes. NPC supports four recruitment styles that the College Panhellenic can use to recruit potential new members. No one style is best, but it is important to select the recruitment style that is most appropriate for the College Panhellenic community and campus.

The Panhellenic should review the assessment and ask each delegate to review the results with her chapter’s NPC delegate.

Note: Certain responses encourage consideration of a specific recruitment style.
- Is there an overall interest in your Panhellenic system?
- What percentage of the undergraduate student body belongs to a sorority?
- Is the number of incoming freshmen women increasing?
- If so, by how much?

If 10 percent or more of the undergraduate student body are sorority members, fully structured recruitment is recommended.

If 9 percent or less of the undergraduate student body are members, partially structured recruitment, minimally structured recruitment or continuous recruitment should be considered.

- How many NPC chapters are on campus?
- How many chapters are new to your campus within the past three years?
- How many chapters have left your campus within the past three years?

If the number of NPC chapters has increased within the past three years, fully structured recruitment is recommended.

If the number of NPC chapters has decreased within the past three years, partially structured recruitment, minimally structured recruitment or continuous recruitment may be recommended.

- Are there local sororities on your campus?
- Are they part of your College Panhellenic?
- Do they participate in the College Panhellenic recruitment process?

If several local sororities participate, partially structured recruitment, minimally structured recruitment or continuous recruitment is recommended.

- Is continuous open bidding (COB) used following your recruitment process?
- Are almost as many women participating in COB as are participating in structured recruitment?

If almost as many women participate in COB as structured recruitment, either minimally structured recruitment or continuous recruitment is recommended.

- How do you market sorority membership to potential new members?
- Do you have a year-round marketing program?
All recruitment styles should include a year-round marketing plan created by the College Panhellenic.

Policy (2003): If the results of the recruitment assessment for a College Panhellenic indicate that a change in recruitment style is warranted, the College Panhellenic may, upon consultation with the fraternity/sorority advisor and the approval of the NPC area advisor, vote to adopt the appropriate recruitment style for its campus.

Implementing recruitment styles

Continuous recruitment (CR)

Panhellenic characteristics

- NPC chapters on a campus number from one to three.
- Quota is from two to nine (when fully structured recruitment is used).
- Chapters recruit almost as many or more women through COB as during fully structured recruitment.
- Continuous open bidding has been the preferred style of recruitment.

Campus characteristics

- Most women exhibit little interest in affiliation or have no plans to affiliate.
- Potential new members are not interested in participating in a centrally planned recruitment process.

Implementation of CR style elements

- **Marketing**: Emphasis is on one-on-one marketing, developing relationships and making friends. Panhellenic works together to market sorority membership year round, especially in summer or fall prior to recruitment.
- **Registration**: There is a simple registration process, but it is not required. A one-on-one process is emphasized. Cards are provided to each chapter to obtain the name, phone number and email address of potential new members.
- **Orientation**: This process is designed to meet needs of potential new members via email, small-group informational events and sessions with recruitment counselors to provide information on the sorority experience. Visits with students in their residence halls, the student union and other areas on campus should be used for contacting the potential new members and meeting with them. (Most registrations, if used by College Panhellenic, will occur as a result of the orientation.)
- **Recruitment counselors**: While recruitment counselors are not required with continuous recruitment, they can be most helpful to assist with marketing the Panhellenic experience and to represent Panhellenic by encouraging women to participate in this experience.
- **Recruitment schedule**: There is no structured schedule. Panhellenic does not set dates for recruitment or offering of bids. Chapters may incorporate recruitment events into their established chapter programs. Those accepting bids sign a COB acceptance binding agreement or an MRABA as determined by Panhellenic.
- **Release figures**: Not used.
- **Quota**: Not used; chapters match to total.
- **Bid matching**: No bid matching is necessary with this style.
- **Bid Day**: There is no formal Bid Day. However, a Panhellenic social event may be scheduled at an appropriate and convenient time to honor potential new members. This event must be in accordance with NPC Unanimous Agreements. The potential new member signs a COB acceptance binding agreement if she has not already done so.
- **Total**: Total should be set high enough to ensure the maximum growth for each chapter.
Minimally Structured Recruitment (MSR)

Panhellenic characteristics
- NPC chapters number from two to five.
- Quota is no more than 10-12 (when fully structured recruitment is used).
- Chapters need to engage in COB to build their chapters and communities.
- Panhellenic marketing is helpful in stimulating interest.

Campus characteristics
- The pool of interested potential new members is quite small, but Panhellenic marketing is helpful in stimulating interest.
- A centrally planned process such as partially structured recruitment or fully structured recruitment presents barriers in converting the interested women into members because of time restraints.

Implementation of MSR style elements
- **Marketing:** Marketing is conducted year round. The College Panhellenic focuses on how to approach potential new members. It uses one-on-one promotion and relationship building to attract members. Panhellenic works on marketing and promoting events.
- **Registration:** There is a rolling registration, kept simple to promote retention. Registration only requires the potential new member’s name, email, address and phone number. This encourages registrants to bring friends and make it easy.
- **Orientation:** Panhellenic may hold multiple orientation events or open houses in appropriate on-campus locations to stimulate interest and provide information to the potential new members. These events should be held prior to a minimally structured recruitment.
- **Recruitment counselors:** Recruitment counselors are instrumental in maintaining contact and providing support and continuity. They may staff a central email contact to provide information and sustain interest.
- **Recruitment schedule:** Chapters collaborate through Panhellenic to ensure there are no schedule conflicts with their planned events. Potential new members are free to explore the available options at their discretion and are not required to visit all chapters.
- **Release figures:** Not used.
- **Quota:** Not used; chapters pledge to total.
- **Bid matching:** There is no bid matching, because potential new members are not required to visit all chapters.
- **Total:** Chapters pledge to total. Total is automatically reset within 72 hours following primary recruitment.
- **Bid Day:** There is no structured Bid Day. Potential new members sign a membership recruitment acceptance binding agreement (MRABA). A short event that is specific to the campus traditions and situation may be planned by the College Panhellenic to welcome all new members.

Sample MSR schedule

Schedule for campus with three NPC chapters

Week 1
- Friday evening and Saturday morning — Orientation meetings (The Panhellenic may determine that concentration be on a series of orientation events and have only one event per chapter prior to a final or preference event.)
- Only potential new members who are interested attend chapter events.
- Saturday afternoon — 45-minute event (Chapter 1)
- Sunday afternoon — 45-minute event (Chapter 2)
- Sunday evening — 45-minute event (Chapter 3)
• Thursday evening — 45-minute event (Chapter 1)
• Friday evening — 45-minute event (Chapter 2)
• Saturday evening — 45-minute event (Chapter 3)

Week 2
• Sunday afternoon — 1-hour final event (Chapter 1)
• Sunday evening — 1-hour final event (Chapter 2)
• Monday evening — 1-hour final event (Chapter 3)
• Monday evening or Tuesday morning — MRABAs are signed. A script is read to potential new members before signing the agreement.
• Tuesday afternoon — Bids are distributed at a time set by Panhellenic. Bids are given by individual chapters or by Panhellenic.

Partially structured recruitment (PSR)

Panhellenic characteristics
• NPC chapters number from three to nine.
• Quota is 15-20 (if fully structured recruitment process is used).
• Community may be losing chapters or needs more flexibility in the scheduling and implementation of recruitment events.

Campus characteristics
• Pool of potential new members initially interested in sorority membership is large enough for a central planning process.
• Fully structured recruitment presents a barrier in converting the interested women into members (large withdrawal rates).

Implementation of PSR style elements
• Marketing: A professional approach is extremely important. Complete the marketing assessment to understand why the system is no longer drawing interest as it once did. Panhellenic should seek to attract those who might be interested in joining. “Silence” should be eliminated if it exists in the recruitment rules.
• Registration: Simplify registration and keep it open as long as possible beyond the open house round. Encourage registrants to bring friends.
• Orientation: Panhellenic implements multiple events in different locations to stimulate interest. Make these events more than providing rules and schedules.
• Recruitment counselors: Panhellenic should train recruitment counselors to sustain contact with potential new members, retain their interest in recruitment and improve retention.
• Recruitment schedule: The timing of recruitment is determined by Panhellenic. Recruitment events are scheduled with flexibility in mind so potential new members will not withdraw because of the scheduling format. Hold initial events in neutral on-campus locations with representatives from all NPC organizations, if possible. Consider values-based themes that will persuade “maybe joiners” to remain in recruitment and ultimately affiliate. Potential new members are required to attend at least one event for each sorority. Events are scheduled so potential new members can attend several events. Panhellenic sets the date for distribution of bids. (See sample schedule.)
• Release figures: If traditional rounds are used, the NPC Release Figure Methodology (RFM) is implemented. If traditional rounds are not used, then a custom approach managed by an RFM specialist is advisable.
• Quota: The number of potential new members (determined at the end of recruitment) that each chapter is allowed to pledge regardless of a chapter’s total membership number. Every chapter is entitled to bid to quota.

• Quota Additions: A procedure used to help potential new members who maximized their options during recruitment to receive an invitation to membership.

• Quota range: When using the RFM, a quota range is given as an indication of where the actual quota number will be determined. During bid matching, each of these numbers is processed on the computer so the RFM specialist and fraternity/sorority advisor may determine the most appropriate number for the Panhellenic.

• Bid matching: Bid matching is done with PSR.

• Total: Chapters may pledge to quota and/or up to total through COB. Total is automatically reset within 72 hours following primary recruitment.

• Bid Day: A short Panhellenic event to welcome new members. Locations and timing are determined by the campus needs and situations.

Sample PSR schedule for campus with seven NPC chapters

• Event I — Panhellenic Fair. The College Panhellenic hosts an open event or simultaneous events on campus in centrally located areas. Greeters are College Panhellenic officers, recruitment counselors and a selected group from each chapter. Displays, discussions and a schedule of events offered by the chapters are available.

• Event II — Open House tours available to all potential new members.
  o Recruitment counselors may escort or greet potential new members at the chapter site.
  o Potential new members sign in at each event so that a record of attendance is kept.

• Event III — Chapters have events of their choice during the week (two to three events).
  o Events are scheduled for potential new members’ convenience (after classes, weekends and evenings).

• Event IV — Invitational preference events are scheduled.
  o Chapters call or give invitations to their guests.
  o Potential new members may attend a specified number of events determined by Panhellenic.
  o At the conclusion of preference events, all potential new members are given the opportunity to sign a membership recruitment acceptance binding agreement (MRABA) with their choices in order and submit it to the College Panhellenic.
  o Bid matching takes place.

• Event V — Bid Day. The College Panhellenic determines the time and place for giving bids.

Fully structured recruitment (FSR)

Panhellenic characteristics

• NPC chapters number from four to 26.
• Quota is 20 or more.
• More than 10 percent of female students usually affiliate.

Campus characteristics

The number of potential new members is relatively large, and registration for recruitment remains high.
Implementation of FSR style elements

- **Marketing:** With this style, the marketing program should promote the value of Panhellenic friendship and emphasize the opportunity to gain information about all chapters. Recruitment should be formatted and marketed in a way that projects a positive image of NPC membership, with emphasis on marketing to parents.
- **Orientation:** Alumnae/university representation provides an example of lifetime membership. Promote the value of Panhellenic friendship in addition to providing information on recruitment logistics, with emphasis on the needs and interests of the potential new members.
- **Recruitment counselors:** Use recruitment counselors. Panhellenics should work to improve and enhance selection criteria, enrich training and minimize duration of the disaffiliation.
- **Registration:** Detailed registration information is requested, without violating the privacy rights of potential new members.
- **Recruitment schedule:** Use no-frills recruitment by minimizing costs, time and investment. Use meaningful values-based themes. Panhellenic determines the time and number of events and rounds, in accordance with Release Figure Methodology (RFM) recommendations. Potential new members participate in the mutual selection process. Panhellenic determines the time bids are distributed.
- **Release figures:** RFM is used.
- **Bid Matching:** Bid matching is always done. The preferential bidding system is used, and a membership recruitment acceptance binding agreement (MRABA) is always signed.
- **Snap bidding:** Used as necessary to assist chapters that did not match to quota.
- **Bid Day:** Panhellenic issues bids and may provide a short welcome event for new members. Location and timing is determined by local campus needs and situations.
- **Total:** Chapters may pledge to quota and/or up to total through continuous open bidding (COB). Total is automatically reset within 72 hours following primary recruitment.

MARKETING

The purpose of a College Panhellenic marketing program is to promote all aspects of Panhellenic life, including scholarship, service and leadership, with all audiences. All recruitment styles should include a year-round marketing plan created by the College Panhellenic. An effective marketing plan has many benefits. An assessment of the current image of sororities on campus initiates the marketing plan. A marketing plan to reach all audiences is important to develop a positive image of sorority life, one that is necessary for the recruitment program. The best time to develop a marketing plan is immediately after the Panhellenic officers are installed.
Steps in developing a College Panhellenic marketing plan
- Assess the current image of sorority life on campus.
- Identify the audience and how that market receives messages.
- Develop a message highlighting the positive aspects of membership, including scholarship, service and leadership.
- Use the plan for the entire year.
- Deliver the message to your audience.
- Evaluate the message and its delivery.

Using a College Panhellenic marketing committee
- Establish a committee to develop and deliver a positive message.
- Ensure that each chapter on campus is represented, as well as the College Panhellenic Executive Board and chapter advisors.
- Conduct an annual College Panhellenic marketing assessment.
- Develop an action plan to address the findings of the annual assessment.

Sample College Panhellenic marketing assessment
Who are we?
- Define the university inter/fraternal community.
- List the positive benefits of membership.
- What opportunities are provided by membership in a sorority?
- How can the sorority experience appeal to nonmembers?
- What are the strengths and weaknesses of the College Panhellenic community?
- What is the current image of College Panhellenic life on campus?
- What is the message of the College Panhellenic? What do current marketing/public relations materials “say” about sorority membership?
- List the goals of establishing a College Panhellenic marketing plan.

Who are they?
- Who is the target audience? (List all audiences including current members, administration, faculty, community, potential new members, parents, etc.)
- What is each target audience’s current image of sorority membership?
- What are the needs of each target audience?
- How does each audience receive messages most effectively? (Types of media, Internet, email, websites, orientation, events, etc.)

What is our message?
- What is the ideal message of the College Panhellenic?
- What should public relations/marketing materials “say” about sorority membership?
- What can be done to meet the needs of each target audience?

Get the word out.
- What is the best way to reach each target audience?
- In what ways can the plan be used all year long?
How was the message received?

- Evaluate the effectiveness and delivery of the message to each target audience.
- Gather feedback from each audience. Did the message meet the needs of each audience?
- Adjust this plan to carry out the mission of promoting sorority membership.

Assessment results
The results of the assessment will provide information necessary to develop a plan to reach target audiences.

- Include written materials, social media and planned events to deliver the message.
- Create excitement with current College Panhellenic women.
- Plan events and programs to develop and enhance panhellenic spirit and inform members of the mission and plan to positively promote sorority life.
- Strengthen relationships and understanding among Panhellenic women, administration and faculty, unaffiliated students and incoming students.
- Encourage participation in constructive campus programs as members of the Panhellenic and as individual NPC chapters.
- Increase campus interest and knowledge of sororities by initiating informative and positive coverage in the campus media.
- Appeal to each target audience annually.

Recruitment marketing plan
A carefully planned and executed recruitment marketing plan is vital to the success of a College Panhellenic. The goal of a marketing plan is to attract outstanding female students to the Panhellenic recruitment process by highlighting all the positive aspects of membership, including scholarship, service and leadership, in all pre-recruitment materials and activities.

Using the findings of the marketing assessment, the College Panhellenic should plan the marketing efforts for membership recruitment. Because each campus environment is different, each College Panhellenic should develop its own marketing plan tailored to its particular campus conditions.

Any College Panhellenic can use the following activities by adapting them to fit its needs:

- Use printed and social media communications directed toward incoming female students. They may include direct mailings, websites, social media posts, postcards, fliers posted on campus and informative brochures. Publications and messages should focus on the benefits of membership and promote participation in sorority life. Individual chapters are not the focus of communications.
- Create a single website for sorority recruitment information. College Panhellenic recruitment websites should include information on sorority membership and recruitment and should highlight scholarship, service and leadership. The website should be coordinated with the printed communications materials and be linked to the university’s website as well as the College Panhellenic site.
- Use campus media including newspapers, radio and television stations, billboard/mobile billboards, the Panhellenic website and promotional banners placed on chapter houses and/or residence halls.
- Participate in new-student orientation activities as members of Panhellenic and as campus leaders.
- Arrange a College Panhellenic informational event each term to highlight the benefits of membership and to generate interest in the recruitment process.
- Enlist current chapter members to wear recruitment-themed shirts and/or buttons and to promote positive Panhellenic contact at all times.
**Summer information plan**

Informational events are encouraged for incoming college women, and they should highlight the benefits of sorority membership, including scholarship, service and leadership. To increase interest in sorority communities, it is necessary that members promote general membership in women’s sororities and not specifically one chapter or inter/national organization.

Whenever possible, Alumnae Panhellenics and College Panhellenics are encouraged to host joint events that promote interest in Panhellenic membership. In areas where there is no Alumnae Panhellenic, alumnae of two or more NPC organizations may host informational events in conjunction with a College Panhellenic. However, these events should focus on providing information regarding positive aspects of Panhellenic membership rather than promoting individual NPC member organizations.

Positive Panhellenic contact does not mean having summer events in a chapter house or in an individual sorority member’s home representing one NPC organization. It does mean being friendly and responding to questions the potential new member might ask of Panhellenic members. It means encouraging women in your home communities to search out and participate in the recruitment process once they reach campus.

Parents are encouraged to attend Panhellenic information sessions when possible, including during campus orientation.

**Membership recruitment guide**

A membership recruitment guide created by the College Panhellenic can assist in providing valuable information for those interested in the recruitment process. It can also be a useful tool to encourage women to consider participating.

Consider using the following when creating a guide:

- A format that is easy to read, provides basic information and highlights the positive aspects of membership
- Content with the needs of potential new members in mind
- Photos highlighting the many aspects of sorority membership, including scholarship, leadership, social events, sisterhood and campus wide/individual chapter philanthropic events

Suggested content includes:

- The Panhellenic Creed
- The Potential New Member Bill of Rights
- Benefits of sorority membership
- Welcome letters from the Panhellenic president, fraternity/sorority advisor, vice president of student affairs and the college/university president
- Definition of Panhellenic and recruitment terms
- What to expect during membership recruitment
- Guidelines for participants (include fees if applicable)
- Schedule of membership recruitment events and locations
- Tips and reminders
- Financial obligation information showing a range or average of costs
- Scholastic information for joining
- General information about each chapter
- Recruitment counselors and their function
- Appropriate dress
- Information about the membership recruitment acceptance binding agreement (MRABA) and signing
What every potential new member needs to know about recruitment:

- The College Panhellenic has information available that tells you what to expect during recruitment (schedule, what to wear, etc.).
- It is permissible to ask questions when you do not understand.
- Some events will have more potential new members in attendance than others, and this is no reflection on a chapter.
- You must attend all events for which you receive an invitation.
- Failure to attend an event may jeopardize your ability to receive invitations.
- Failure to attend an event(s) that you receive an invitation to may jeopardize your continued participation in recruitment.
- Being a legacy of an organization does not ensure membership in that chapter.
- Accurate financial information regarding membership is given by Panhellenic as an average or cost range. The individual organizations provide specific chapter information to you.
- Panhellenic sororities recognize the importance of scholarship. The Panhellenic Association does not require a specific grade-point average to participate in recruitment as each organization makes its own membership decisions. However, each sorority has a minimum grade requirement to be considered for membership and initiation. The average grade requirement to join is around [fill in appropriate GPA]. It is important to understand that if your GPA is lower than the average chapter requirements, your opportunities for joining decrease.
- All NPC organizations have policies against hazing.
- No chapter member may promise or imply the promise of a bid.
- You are expected to act politely and respectfully when attending recruitment events.
- You should expect to be treated politely and with respect.
- Every woman attending a preference event must appear on a sorority’s bid list, but this does not ensure an invitation to join that particular sorority, because recruitment is a mutual selection process.
- You must be certain you understand the membership recruitment acceptance binding agreement (MRABA) that you will be expected to sign immediately after attending the last preference event.
- You may choose not to join an organization and therefore not sign the MRABA, but you must notify the fraternity/sorority advisor of this decision in writing.
- You may choose to limit or list only one choice on your MRABA or may list all the chapters where you attended preference events.
- You must understand that if you list an organization on your MRABA, are matched to that chapter and receive an invitation to membership, you are bound to that organization until the beginning of the next primary membership recruitment period.
- Men and alcohol are not permitted during recruitment or Bid Day activities.

**POSITIVE PANHELLENIC CONTACT**

To help increase the number of potential new members, it is necessary that sorority women promote general sorority membership. It is also important that the various publics understand the high scholastic attainment, dynamic leadership opportunities, philanthropic contributions and immediate campus-based circle of lifelong friendships that membership in sororities offers.
Because of these factors, positive Panhellenic contact should be the goal of all College Panhellenics. Positive contact is intended to promote interest in the sorority community and bring more women to the recruitment process. Too often sorority women turn away potential new members. Development of a Panhellenic code of ethics and adherence by all chapters is essential to the success of every College Panhellenic.

Are your silence rules outdated? Strict silence is intended for the short period of time, not more than 24 hours, from the signing of the membership recruitment acceptance binding agreement (MRABA) until bid distribution.

Additional silence rules are not desirable because they can suppress participation in recruitment and stunt growth in Panhellenic communities. Panhellenics are encouraged to eliminate all silence and “no contact” statements from their recruitment rules except for the strict silence required during the short time between preference and bid distribution.

Positive Panhellenic contact does not mean creating an unfair advantage for a particular NPC member organization. It does mean being friendly and responding to questions potential new members might ask of Panhellenic members. It does mean promoting sorority membership in general, not a particular organization.

**Policy (2003):** All College Panhellenics and Alumnae Panhellenics will promote personal and informative panhellenic-spirited contact with potential new members at all times, year round.

**Policy (1995):** Strict silence is observed only between the end of preference events and the bid distribution. Normal friendly contact shall be advocated at all other times.

**POTENTIAL NEW MEMBER’S BILL OF RIGHTS**

**Best Practice (1989):** Sorority is a social experience based on the fundamental right of a free people to form voluntary associations, and sorority membership is a social experience arrived at by mutual choice and selection. The mutual selection choice is only as effective as is factual information available; therefore, all College Panhellenics shall be encouraged to adopt the Potential New Member’s Bill of Rights.

Potential New Member’s Bill of Rights
- The right to be treated as an individual
- The right to be fully informed about the recruitment process
- The right to ask questions and receive true and objective answers from recruitment counselors and members
- The right to be treated with respect
- The right to be treated as a capable and mature person without being patronized
- The right to ask how and why and receive straight answers
- The right to have and express opinions to recruitment counselors
- The right to have inviolable confidentiality when sharing information with recruitment counselors
- The right to make informed choices without undue pressure from others
- The right to be fully informed about the NPC Unanimous Agreements implicit in the membership recruitment acceptance binding agreement (MRABA) signing process
- The right to make one’s own choice and decision and accept full responsibility for the results of that decision
- The right to have a positive, safe and enriching recruitment and new member experience
SELECTION OF A SOFTWARE PROGRAM

Recruitment management software should be purchased with much care. The feature set for each product differs, and one option may provide a better fit for a College Panhellenic’s needs than another.

When choosing among options available, a College Panhellenic’s leaders and/or advisors should develop a list of criteria, in priority order, that are important for their recruitment processes, and then evaluate each option based on how well its features meet the criteria. References from similar campuses can be helpful in the evaluation process.

NPC does not endorse a computer software vendor.

RECRUITMENT ORIENTATION

Orientation Goals
1. Provide the potential new member with an opportunity to see an appealing and realistic picture of sorority membership.
2. Provide a comfortable environment for the potential new member so she feels at ease with the process.
3. Create various activities that encourage the potential new member to complete the process and join an NPC chapter on that campus.

A successful orientation program includes:
• Sessions that promote sorority membership to the potential new members.
• A setting that provides information that enables potential new members to make informed decisions about choosing a sorority.
• An opportunity to bring more women into the community and to nurture and retain them.
• A forum for sharing and demonstrating the inherent values of membership.

Orientation should emphasize panhellenic spirit and the similarity of basic values inherent within all sororities.

Panhellenic orientation should continue throughout the recruitment period in a manner that is appropriate for the recruitment style selected for each campus. Each College Panhellenic should design an ongoing orientation process that serves the needs of its campus and its recruitment style. Orientation is more than one meeting with potential new members.

Suggested format for orientation meetings
1. Provide a welcome by a university official, Panhellenic officer, faculty or fraternity/sorority advisor.
2. Provide an informational talk by Panhellenic officers.
3. Review the potential new member bill of rights.
   a. Discuss the chapters’ responsibilities to potential new members and all members. Include information on alcohol and hazing policies.
   b. Discuss potential new members’ responsibilities in the recruitment process.
   c. Discuss potential new members’ responsibilities if they become members. Include grade and time requirements for membership. If housed, provide those requirements.
4. Describe availability of scholastic assistance and support.
5. Discuss the ethics of recruitment, including the Panhellenic code of ethics.
6. Outline opportunities for development of chapter and campus leadership skills.
7. Outline the average cost of sorority membership.
8. Ask alumnae and collegiate members to talk about their experiences and how they live the values expressed in their founding principles (friendship, sisterhood, development of individual potential, networking as alumnae and organization assistance).
9. Include an informal social event at which the potential new members may interact with Panhellenic Council members and recruitment counselors.
10. Review membership recruitment guidelines that apply to potential new members.
11. Close the meeting with a talk by the Panhellenic president.

Preparing Panhellenic officers and recruitment counselors

Panhellenic officers and recruitment counselors involved in the orientation process will feel more comfortable if they are familiar with talking points that may be used to encourage sorority membership during orientation. These talking points include but are not limited to:

- A good democratic social experience
- Academic support and achievement
- Life-long friendships
- Campus involvement
- Networking
- Accountability
- Participation in programs that NPC and individual organizations offer to educate members on making safe choices
- Value of membership beyond college years
- Development of a woman’s potential through leadership opportunities and group support

Each point can be developed to provide informative conversations with potential new members.

Scheduling orientation activities

The orientation process should be seen as a time to make new friends and learn about the Panhellenic system. Plan a variety of activities to provide a comfortable, convenient and informative experience for potential new members. Suggested activities include:

- An opening Panhellenic event featuring an inviting, relevant picture of Panhellenic life (regardless of recruitment style).
- An open house event set in a central location to provide an opportunity for each individual organization to present its chapter in a Panhellenic atmosphere.
- Small group sessions facilitated by recruitment counselors that are offered throughout the recruitment process.

Orientation information relating to specific recruitment styles is found under “Recruitment styles” in this section of the manual.

RECRUITMENT COUNSELORS

NPC provides a Recruitment Counselor Guide that includes all recommendations and administration for a successful recruitment counselor program. This can be found on the NPC website.
Recruitment counseling program goals
A well-implemented recruitment-counseling program is one of the most effective aids to increase sorority membership growth. Recruitment counseling is a positive step that can help participants better understand the recruitment process. It is one-on-one guidance by an experienced sorority woman who is committed to offering her talents and service to potential new members.

Enthusiasm and sincere interest in the welfare of potential new members by well-trained, impartial recruitment counselors enhance the Panhellenic community and the entire fraternal community.

The goals of the recruitment counseling program are to:
• Provide support, friendship and guidance to women participating in the recruitment process by sorority members who are educated to represent Panhellenic attitudes and ideals.
• Provide objective and impartial counselors.
• Promote an understanding of the mutual selection process.
• Promote an understanding of the benefits of sorority affiliation and emphasize the similarities in ideals and goals of all women’s sororities.
• Provide encouragement to potential new members to accept the maximum number of invitations possible during each round of recruitment and to complete the recruitment process.
• Promote membership recruitment, retention and pledging by communicating realistic expectations of the recruitment process.

Counselor affiliation
Policy (2003, 2016): Panhellenic officers should be “disassociated” from their respective NPC chapters for the period immediately preceding recruitment (not to exceed 30 days) and during recruitment so their actions and decisions support the welfare and best interests of the Panhellenic community. Recruitment counselors should be disassociated for the same period of time as Panhellenic officers, unless the College Panhellenic votes to allow recruitment counselors to remain associated with their respective chapters based on NPC recommended best practices.

Panhellenics may vote to allow recruitment counselors to have their affiliation be known during the recruitment process. Knowing a recruitment counselor’s affiliation is ideal for campuses that have issues with attracting strong candidates to fill the recruitment counselor role, have numerous recruitment infractions filed regarding disaffiliation, spend too much time and energy hiding or masking recruitment counselor affiliation prior to recruitment, or have deferred recruitment or sophomore recruitment.

There are several desired outcomes of knowing a recruitment counselor’s affiliation:
• Chapters will take steps to ensure that their most qualified members are nominated for consideration as recruitment counselors.
• Recruiting violations or the influence of a recruitment counselor on a PNM is easier to track. It might also reduce the number of judicial infractions filed related to a recruitment counselor’s affiliation.
• It can promote and model appropriate Panhellenic behavior and positive Panhellenic contact on a campus.
• It will eliminate the considerable energy and time spent hiding or masking recruitment counselor affiliation on social networking sites as well as on campus and within the chapters.
• It will remove the desire of PNMs to exert significant effort to determine their recruitment counselor’s affiliation.
Because affiliation might look different on each campus, the College Panhellenic should establish an agreement outlining the parameters and expectations for its community. It is the responsibility of the recruitment counselor to work for the greater good of the Panhellenic by being impartial and fair in her dealings with PNMs. There should be no special information shared or implication given to a PNM about one’s chapter or its membership selection process and decisions. If a recruitment counselor is asked her sorority affiliation, she can acknowledge it; however, her role is to be Panhellenic and supportive of all chapters on campus, not to encourage or promote her affiliation. Specific questions about a chapter should be directed to the chapter or to a disaffiliated Panhellenic officer. The recruitment counselor training program should include discussion and role-playing scenarios for how to handle situations and questions that might arise from PNMs.

Suggested items to include in the agreement:
- Statement of what affiliation will look like, such as a list of chapter and campus activities that recruitment counselors can or cannot participate in prior to and during recruitment
- Behavioral expectations of recruitment counselors
- Guidelines on using social media accounts and specified dates when the outlined use is in place
- Recommendations on recruitment counselor contact with their chapter members, including housing, meals, etc.
- Protocols for using and displaying sorority letters and membership identifiers, such as clothing, jewelry and accessories

In all cases, it is expected that each recruitment counselor will continue to execute her role with a Panhellenic mindset to carry out her duties.

Qualifications and selection
Recruiting and selecting the best recruitment counselors is one of the most important parts of recruitment preparation. Please refer to the Recruitment Counselor Guide on npcwomen.org for specific information.

Recruitment counselors are undergraduate chapter members in good standing who:
- Are members of sororities holding regular membership in the College Panhellenic Association.
- Are in good standing with their member organization and chapter.
- Are dependable, responsible and available to the potential new members.
- Are enthusiastic and have a positive attitude toward sorority experiences.
- Are objective and impartial in opinions.
- Have good listening skills and the ability and willingness to keep confidences.
- Are sensitive and perceptive to another’s feelings while remaining objective.
- Are representative of the best qualities of a Panhellenic woman.
- Are willing to refrain from contacting or having contact with their own chapter members to reveal confidential information obtained from potential new members and/or the Panhellenic office.
- Are willing to refrain from the use of alcohol throughout the recruitment period.

The Panhellenic recruitment team may handle selection of the recruitment counseling team with assistance from the fraternity/sorority advisor. Personal interviews and applications from interested candidates are part of the selection process. Representation from each NPC chapter is desirable and should be considered along with the qualifications of the candidate.
Selection is completed in the term preceding recruitment so that training can be conducted well ahead of the recruitment period. It is important to:

- Develop positive panhellenic spirit among the team.
- Impart comprehensive knowledge about all of the NPC chapters on campus.
- Engender a thorough understanding of the rules, policies and procedures that affect recruitment.

*Policy* (1993): Because collegiate membership recruitment counselors function as a committee of the local College Panhellenic during membership recruitment, they shall be in good standing in their member organizations, be active participants in the collegiate chapter and shall be enrolled in the institution where the chapter is located.

**Recruitment counselor training**

Following selection, the counseling team is trained during several workshops on general Panhellenic topics:

1. Conduct team-building exercises followed by identification of each sorority’s badge, philanthropy, name of magazine, etc. This develops an awareness of the parallel structure among the chapters. It also tends to dispel certain biases acquired from campus experiences. Each chapter’s strength varies from campus to campus as does size, local status, etc. Positive panhellenic feelings and spirit are fostered through better understanding of each organization’s programs and history.

2. Discuss the Unanimous Agreements, including the Panhellenic Compact, policies and best practices, including the Potential New Member’s Bill of Rights, pertaining to recruitment procedures. All information used in recruitment must be in accordance with the procedures cited by NPC. Information on bid matching (if appropriate), policies and the NPC Manual of Information should be made available to the recruitment counselors.

3. Discuss the ethics of recruitment, including the Panhellenic code of ethics, philosophy of recruitment and the process of mutual selection.

4. Present ethical principles and scenarios relating to:
   - Appropriate or inappropriate actions.
   - The Potential New Member’s Bill of Rights.
   - The importance of confidentiality and objectivity.

5. Develop a recruitment counselor code of ethics for the recruitment process. Also, the recruitment counselors may find developing a potential new member code of ethics helpful and informative.

6. Include role-playing with potential new members and recruitment counselors in typical situations. Role-playing helps develop confidence to handle difficulties during recruitment situations.

7. Hold a counseling-techniques training session conducted by campus resource representatives from student personnel, guidance and counseling departments.

8. Provide a recruitment counselor handbook with all facets of the Panhellenic recruitment process. All necessary information, including important dates, recruitment schedules, recruitment rules, membership recruitment acceptance binding agreement (MRABA), counseling tips, etc., should be part of this packet.

9. Conduct a recruitment counselor ceremony. (See the NPC Recruitment Counselor Guide for examples.)

**Recruitment counselor program implementation**

There are some common factors that apply to recruitment counselors on any campus.

1. Recruitment counselors maintain principles of Panhellenic ethics; therefore, they:
   - Are entrusted with privileged information to be kept confidential.
   - Must remain objective and impartial at all times.
   - Must be disassociated from their own chapter’s recruitment process.
   - Must refrain from the use of alcohol during the recruitment process.
   - May escort women to the events but not attend recruitment events.
Policy (1989): NPC disapproves of the presence of membership recruitment counselors and other designated Panhellenic personnel at membership recruitment events, with the exception of the fraternity/sorority advisor and official NPC recruitment observers.

Policy (2010): Recruitment counselors shall not be involved with any potential new member in the process of completing and signing the membership recruitment acceptance binding agreement.

2. Recruitment counselors should be available to potential new members at all times, and therefore, they will:
   - List times available for counseling at the Panhellenic office.
   - List phone numbers where they can be reached.
   - Schedule counseling group meetings.
   - Respond to calls in a timely manner.
   - Use email, texts and social media only to arrange meetings or send other clerical messages.

3. The recruitment counselor should plan for regular meetings with her assigned potential new member group. Agendas should cover:
   - Get-acquainted activities.
   - Explanation of the membership recruitment schedule, rules, procedures and the membership recruitment acceptance binding agreement (MRABA).
   - Thorough responses to all questions asked.
   - Scheduling of future meetings.

4. The recruitment counselors and Panhellenic officers are required to abstain from alcohol use prior to and throughout the recruitment process. Exact dates should be part of the College Panhellenic recruitment guidelines.

Recruitment counselor program evaluation
Panhellenic should create a short evaluation questionnaire through which recruitment counselors, potential new members, Panhellenic officers and chapter recruitment officers can provide feedback on the quality and effectiveness of the recruitment counselor program. Questions on the evaluation should be specific to each of these constituencies.

The orientation program as well as all facets of the implementation and mechanics of the counseling program should be evaluated. The results become an important part of the overall Panhellenic recruitment process evaluation held after recruitment is completed. A sample evaluation form is available in the Recruitment Counselor Guide on the NPC website.

RELEASE FIGURE METHODOLOGY (RFM)

On campuses using fully structured recruitment and on many campuses using partially structured recruitment, College Panhellenics use the Release Figure Methodology (RFM) to manage the number of invitations issued by each participating chapter. RFM began in 2003 with 10 pilot campuses. The methodology is based on a mathematical model to determine the number of invitations issued by each participating chapter in the recruitment process.
The purpose behind the use of RFM is threefold:
1. To enable each sorority to invite a sufficient number of potential new members to each event to attain quota at the conclusion of recruitment.
2. To allow each potential new member to methodically investigate realistic options and ultimately match with a sorority for which she has a preference.
3. To maximize the number of potential new members who ultimately affiliate with a sorority through recruitment.

Campuses and chapters that use RFM see these benefits:
- A higher percentage of chapters pledge quota.
- Potential new members who complete recruitment in good faith and maximize their options are matched.
- Campuses achieve parity, which equals a stronger Panhellenic community.
- Potential new members can focus on chapters where they have a real opportunity to pledge.
- Chapters can focus on potential new members they are interested in pledging.

Each campus is assigned an RFM specialist who is trained to work with the Panhellenic during recruitment. No Panhellenic should attempt to implement RFM without NPC assistance.

RFM works best when the individual chapters follow the invitational and flex recommendations given to them. However, there may be times when a chapter and its inter/national organization may decide to make intentional membership selection decisions and may choose not to follow the exact carry figures given. These exceptions must be made and communicated in advance to the RFM specialist for her to accommodate in the RFM projections for a campus.

Please note that the math modeling behind the RFM, as well as the software used to implement it, are proprietary and cannot be reproduced. The software used for RFM modeling does not interact with any of the computer software used by campuses for invitations and bid matching. Campuses using RFM must use a computer software program for bid matching.

**Invitations**

It is important for all chapters to follow the recommendations given to invite the maximum number of potential new members allowed for each round in order for the RFM to work properly work. Inviting fewer women than the carry figure issued, or “underinviting,” is discouraged. Doing so jeopardizes a chapter’s chances of matching to quota, and pervasive underinviting in the community will jeopardize overall retention. If a chapter underinvites by a significant amount, the RFM specialist will notify that chapter’s inter/national organization. It is, however, within the rights of each chapter to determine its own criteria for membership, and no chapter should be forced to invite women it does not wish to affiliate, nor should the chapter be penalized by the Panhellenic for doing so. As soon as any chapter knows that a potential new member will not be offered a bid, the chapter should discontinue inviting her to recruitment events, even if this puts the number invited below the chapter’s carry figure. It’s unfair for any potential new member to be invited to events at a chapter that has already decided to release her.

**Flex lists**

Flex lists are used only on campuses that use the priority system. Chapters will be asked to prepare flex lists for each round. A flex list is actually two lists of potential new members — a plus list and a minus list. These lists are used to help optimize the invitations issued by all sororities. Flex lists are powerful tools that enable the RFM specialist to ensure that the number of potential new members returning to each chapter’s events most closely approximate the return number being targeted for that chapter, based on the number of potential new members a chapter needs to have for a successful recruitment conclusion.
The RFM specialist draws from a plus list if a chapter does not perform as well as expected. Similarly, the RFM specialist draws from the minus list if a chapter’s performance exceeds projected expectations. Chapters that receive a minus list request from the RFM specialist are required to submit a minus list.

Plus lists cannot be mandatory, because in no case can a chapter be required to invite women it does not wish to affiliate. The Panhellenic cannot fine or penalize a chapter for not submitting a positive flex list. Chapters that underinvite and/or do not provide plus flex lists risk not matching to quota.

Chapters need to be aware that placing legacies on either flex list could present problems for a chapter and its legacy policy if its legacy is either added or released during the flex process.

Recruitment format
Campuses should use only the approved recommended RFM formats. Using the proper RFM format — maximum number of events a potential new member can attend each round — is vital to the success of RFM on any campus. In order for the RFM carry figures to work effectively, there should be an even — or close to even — release structure throughout the recruitment process. Format changes do not need to be voted on by the Panhellenic Council.

The smallest release should happen after the first round. For example, on a campus with six chapters, an event format of 6-4-2 allows for a decrease by two events in each round. If the difference cannot be even, the first release should be the smallest. Using the correct format is especially critical for chapters with mid and high relative recruiting strength factors that need to release many more potential new members in the first invitational round. For example, on a campus with seven chapters, an event format should be 7-5-2. In addition, unnecessary rounds in recruitment are discouraged (such as 4-4-3-2 or 3-3-2).

If a campus has extension or loses a chapter between primary recruitments, a format change is required and should be determined in consultation with the RFM specialist and NPC area advisor.

RFM communication and responsibilities

RFM specialist
- Works with the fraternity/sorority advisor on RFM related matters throughout the RFM process.
- Recommends to the Panhellenic and fraternity/sorority advisor necessary format (event progression) changes as suggested by the RFM model.
- Copies the area advisor on initial RFM correspondence with the campus.
- Follows up with the area advisor at the conclusion of recruitment to give her the overall recruitment results and issues that need to be addressed.
- Prepares and distributes the total summary report to the area advisor.
- Shares any general concerns/issues with the area advisor that may have been discussed with or raised by the fraternity/sorority advisor during the recruitment process.
- Communicates with a member organization’s RFM contact and/or NPC delegate if experiencing an issue with a chapter not following suggested invite numbers, flex numbers and/or sudden change or concern in recruitment performance.
- Communicates with the area advisor immediately after primary recruitment with the total summary sheet.
Area advisor
- Has regular communication with the Panhellenic and the fraternity/sorority advisor on Panhellenic operations, answers questions and advises on campus situations.
- Responds to action required regarding the results of primary recruitment (i.e., vote for extension, etc.).
- Receives an updated total summary immediately after the completion of the recruitment process and counsels the Panhellenic on the required changes with the automatic reset of total.
- Advises on all judicial-related matters.

NPC delegate
- Communicates with the RFM specialist if her organization’s chapter will incorporate any special recruitment strategies that would impact the number of women invited to rounds of recruitment.
- Ensures that her organizational contacts respond in a timely fashion to requests/issues raised by the RFM specialist during recruitment.
- Works with the area advisor to make necessary adjustments to total in a timely fashion at the conclusion of primary recruitment.

MEMBERSHIP RECRUITMENT ACCEPTANCE BINDING AGREEMENT (MRABA)

The members of NPC want every potential new member to be informed about her options for joining a sorority. At the completion of the primary recruitment period, all women are given the option to sign a membership recruitment acceptance binding agreement (MRABA). In order to receive a bid from a sorority on campus, the MRABA must be signed. The MRABA form is used on every campus that has a College Panhellenic.

All potential new members are given instruction by a member of the fraternity and sorority life staff and/or the fraternity/sorority advisor about the MRABA form and what they are agreeing to abide by. The MRABA consists of nine sections. The first six sections are initialed by the potential new member as acknowledgement that she has read and understands each point. The following is an explanation of these six sections:

1. I am willing to accept an invitation to membership from any sorority that I list on this agreement.
   Potential new members should only list the chapters they are willing to join.

2. I may limit my choices to just one or list any sorority whose preference-round (last) event I attended, and from which I am willing to accept membership. I realize that by not listing the maximum number of sororities where I attended preference events, I may be limiting my potential to join any other NPC organization during primary recruitment should I not be placed with my choice(s).
   A potential new member can only rank chapters where she attended final (preference) events (if she went to A and B, C isn’t an option). She doesn’t have to rank all the chapters she attended, but we encourage her to maximize her options, because it gives her a better chance of being matched to a chapter.

3. Once I submit this agreement to the College Panhellenic Association, I cannot change the order of my preferences or add or delete a preference.
   Once the form is signed and submitted, selections and the order of the chapters listed cannot be altered.

4. If I do not receive an invitation to membership from an organization listed, I am eligible for continuous open bidding.
   If a potential new member doesn’t receive a bid from an organization listed on her MRABA, she can join any chapter through continuous open bidding. This is only available to organizations that have open spots in their chapter.
5. I have the option of not submitting an agreement at this time. A potential new member does not have to submit an MRABA, which results in her being removed from the recruitment process.

6. Once I submit this agreement, I am bound by the National Panhellenic Conference Unanimous Agreements, which state that if I receive an invitation to membership from an organization that I have listed and then do not accept it, I am ineligible to be pledged until the beginning of the next primary membership recruitment period on the same campus.

   If a potential new member receives a bid from an organization she lists and then later chooses not to be initiated, she cannot join another NPC organization on that campus until the next primary membership recruitment period. If she is not initiated and transfers schools, she can participate in recruitment at the first opportunity on the new campus.

The potential new member must then sign and date the form as a final acceptance of the points she initialed. The signature line states, “By signing this form I agree to accept a bid if it is offered from any of the women’s sororities I list below, and I agree I will be bound to that bid until the beginning of the next primary membership recruitment period.”

The next section of the MRABA is the listing of the sororities that the potential new member has chosen. She should only list sororities that she is willing to accept a bid from, and where she attended a preference event. Again, once she submits the form the order cannot be altered. The form states, “I agree to the terms stated above, and I am willing to accept an invitation to membership from any of the following sororities whose preference event I attended (listed in order of preference).”

Last, the potential new member must sign and date the form again acknowledging the order of her preferences.

---

The College Panhellenic provides the printed membership recruitment acceptance binding agreement and the continuous open bidding acceptance binding agreement forms. The MRABA must be used at the conclusion of fully structured recruitment. It may also be used in partially structured recruitment and minimally structured recruitment. A COB acceptance binding agreement is used for continuous recruitment and continuous open bidding.

---

**Policy (2010):** Recruitment counselors shall not be involved with any potential new members in the process of completing and signing the membership recruitment acceptance binding agreement.

Beyond the simple signing of the MRABA, there are other considerations for those assisting with processing of the MRABA forms:

- Nothing should be worn to indicate affiliation — no insignia, badge, colors, etc.
- Only speak panhellenically. Individuals are volunteering to help the Panhellenic and not representing any particular organization.
- There should be minimal conversation (if any) with the potential new member when she is making her selections. No coaching or questioning should occur to help her make a decision. Conversation should be reserved to procedural questions/answers only.
- If questions should arise, the fraternity/sorority advisor should provide the proper answers.
• Some MRABAs are signed on paper, and on some campuses, selections are then entered into the computer; others are directly submitted electronically. It is critical that when a potential new member indicates she has completed her selections that she is informed that once the MRABA is submitted, changes cannot be made to her selections or the order of her preferences.
• A potential new member might complete her MRABA quickly; others will take time to deliberate their decisions.
• Panhellenics should discuss the recruitment process and MRABA signing throughout recruitment to prepare potential new members for this step of the process.
• Although it is recommended a potential new member maximize her options and rank all chapters she visited during preference events, it is not required. A potential new member should only list those chapters from which she is willing to accept a bid. She should not be forced to list all chapters she visited during preference round.
• Recruitment counselors should not be present with the potential new member at the time the MRABA is being signed.

The MRABA script and forms are available in the Resource Information section of this manual.

Membership recruitment acceptance binding agreement (MRABA) appeal process
Exceptions to the MRABA are considered in cases of:
• Documented illegal use of alcohol and/or drugs.
• Hazing.
• Documented errors in the communication to or violation of Panhellenic procedures involving a potential new member have substantially prejudiced the potential new member.

Request for an appeal regarding Unanimous Agreements (regarding MRABA, Recruitment Compact, etc.) is made to the area advisor or to the NPC office by fraternity/sorority advisor.

Request for an appeal regarding Unanimous Agreements (regarding MRABA, Recruitment Compact, etc.) is to be sent to NPC office by the potential new member via certified mail or other form of delivery requiring a signature (i.e., UPS or FedEx). In addition, the potential new member may send her completed appeal form and supporting documents via fax or email, so that the Panhellenics chairman and executive director may move forward in the process. However, an appeal will not be considered official until the certified copy is received.

The MRABA appeal should be completed and presented to the NPC office in a timely manner, not more than 30 calendar days from the date of the alleged infraction or grievance (including university/college breaks).

The Panhellenics chairman notifies, via electronic letter and/or a letter via USPS, the Executive Committee’s decision with copies to NPC Executive Committee, area advisor, fraternity/sorority advisor and other parties involved.

BID MATCHING

To ensure that bid matching is a successful procedure, the following factors are necessary:
• A woman must be willing to accept a bid from any sorority that she lists on her membership recruitment acceptance binding agreement (MRABA).
• A sorority should be willing to issue an invitation to membership to any woman who is invited and attends its preference event. The name of every woman who the sorority invites and who attends that sorority’s preference event should appear on the sorority’s bid list.
• A period of strict silence exists from immediately following the final preference event to the time when bids are distributed. Twenty-four hours of silence should be the maximum time allowed for bid matching and distribution of bids. A shorter time discourages unethical pressures.

• Confidentiality is important for all parties.

• Undergraduate members never participate in the bid-matching process.

• If bid matching is not computerized, each chapter is entitled to and expected to have one or more alumna representatives present for the bid-matching process.

• There are no Panhellenic regulations regarding the placement of legacies. Legacy regulations and placement on the chapter’s bid list are specific to each chapter and member organization.

• Panhellenic recruitment regulations apply to all women equally.

• Sorority members remain in their chapter houses or designated rooms to receive their new members if there is no Panhellenic welcome event.

• The day bids are distributed is considered the final day of the primary membership recruitment period, and all membership recruitment rules and NPC Unanimous Agreements prohibiting the use of alcoholic beverages and participation of men in membership recruitment are in effect.

*Policy* (2003): Bid matching is not always applicable to minimally structured recruitment and continuous recruitment, and in such situations need not be used.

**Bid lists**

1. At a specified time, each sorority turns in the list of women it wishes to invite to membership.
   
   A. For bid matching by hand, lists are prepared in duplicate; one copy is for use in bid matching, to be retained in a confidential file, and the other is to be returned to the alumna representative of the chapter when bid matching is completed.
   
   B. For bid matching by hand the sorority bid lists are typed on paper ruled in three columns:
      
      i. Left column: A preferential list of the chapter’s first choices numbered up to the set quota.
      
      ii. Right column: A list in preferential order of the chapter’s additional choices, which may number as many as the chapter wishes.
      
      iii. Center column: A blank list numbered to the set quota. This column is where matched bids will be entered.

2. Whether bid matching by hand or computer, each chapter is responsible for checking the submitted bid list for accuracy and to ensure all names included are women who attended the chapter’s preference events.

3. Along with its bid list submission, each sorority provides the Panhellenic with enough formal invitations to membership in envelopes for each potential new member expected to be offered bids. These invitations are addressed after the bid-matching process is completed.

*Policy* (2005): NPC reaffirms that a sorority should be willing to issue an invitation to membership to any woman who is invited and attends its preference event, and NPC reaffirms that the name of every woman whom a sorority invites to attend and who attends that sorority’s preference event should appear on the sorority’s bid list.

**Hand bid-matching process**

1. People attending bid matching include the reader, the tabulator and at least one alumna to handle the bid list for each sorority.
2. Before bid matching begins, names of all women who chose not to sign a membership recruitment acceptance binding agreement (MRABA) are crossed off all preference lists and lists are adjusted to fill the vacancies.
3. After alphabetizing the MRABAs, the reader calls the potential new member’s name and her first choice. If the sorority of the woman’s choice has placed her name on its first bid list, it is a matched bid and all other chapters cross her name from their bid lists. The potential new member’s name is then entered in the center column of the chapter’s list to which she is being matched. If the woman’s name is not on any sorority’s first bid list, her MRABA is placed on hold for the next read-through. The number of read-throughs, always considering the woman’s first choice, can be unlimited.
4. Names of women who list only one preference and are unmatched to the preferred chapter at the first reading are crossed off all other organization’s bid lists and their cards placed on hold for the next read-through.
5. Each time a name is crossed off a sorority’s first bid list, if there are still openings in the sorority’s quota, a name from the sorority’s second bid list is moved up in the listed order to the bottom of the unmatched names remaining on the first list. The number of unmatched names on the adjusted first bid list and the number of those in the new member column must always equal quota (unless a chapter has run out of names to add from its second bid list).
6. A sorority’s listed order of preference will be strictly observed at all times during the bid-matching process. At no time will the sorority’s list be matched with a name that is out of its specified order of sequence for membership selection.
7. The MRABAs placed on hold in Steps 3 and 4 are read according to the first choice of the woman. The process is repeated as long as there is a possibility of the potential new member receiving a bid from the sorority of her first choice.
8. A woman shall never be matched with her second-choice sorority unless her first-choice sorority has filled its quota prior to reaching her name on its bid list. The same principle applies to second, third or subsequent choices.
9. When the bid-matching process is complete, the tabulator reads the results, and all bid lists are reviewed and certified for complete accuracy.

Occasionally during hand bid matching, a blocked or gridlock condition may occur. Gridlock occurs when, after several readings of the preferences listed on MRABAs that have been placed on hold, it is no longer possible to match women’s preferences to a sorority’s bid list.
The following procedure will break this blocked or gridlock condition, allowing normal bid matching to resume.

1. Using the bid list of the woman’s first-choice sorority, determine the number of the sorority’s confirmed matches at that point (i.e., the number of names listed in the center column of that sorority’s bid list). Add that number to the total number of unmatched names that precede the name of the woman under consideration. Add only the preceding names that also have named this same sorority as their first choice.

2. If the sum equals or is greater than quota, it is apparent that the sorority will be matched to its quota before the name of the woman in question can be read. At this point the reader calls the woman’s second choice sorority and bid matching can continue.

3. If the woman’s second choice is not matched at this reading, her MRABA is placed again in the hold category, and bid matching is resumed.

Bid matching by software program

NPC does not endorse or ascribe to any specific software bid-matching program. If a software program is contracted for and used by a College Panhellenic, NPC cannot be held responsible for any discrepancies or results of that program.

1. The selection of a system that incorporates the “hold and release” concept is recommended, because this method maximizes the number of women matched to their first preference.

2. Software operators should be fully trained and understand the bid-matching procedure.

3. Enough time must be allotted to double check the information on a woman’s computer MRABA with the computer printout by the fraternity/sorority advisor or alumna representative.

4. Chapter computer bid lists are verified for accuracy by each chapter.

5. The master list contains a record of withdrawals and when they occur. It is important to make a distinction between withdrawals, no preference, no options and intentional single preferences on the master list to avoid errors.

6. Error tracking or an audit trail is essential to the success of bid matching via software, and time must be allowed for this process to take place.

7. Hand bid matching alternatives should be available in the event of a software malfunction or gridlock.

QUOTA ADDITIONS

Quota additions occur immediately following bid matching. The unmatched potential new members who completed the primary recruitment process and maximized their options throughout recruitment, are eligible to be matched to chapters that have already matched to quota. The potential new members must be listed on the chapter’s bid list.

The goal of quota additions is to achieve as much parity as possible while matching the remaining potential new members who completed the membership recruitment process in good faith. For campuses not using the Release Figure Methodology, careful consideration should be given in placing quota additions.

If a chapter has received quota additions and some of the potential new members do not accept their bids and do not participate in the formal pledging process, the chapter may only offer bids to and pledge additional women to the established quota. They cannot pledge additional women to fill open spaces received as quota additions.
Policy (2007): Quota additions shall be placed by the Release Figure Methodology specialist in collaboration with the fraternity/sorority advisor in a manner that is optimal for the system, and the potential new members. In placing quota additions, the Release Figure specialist and the fraternity/sorority advisor shall consider and balance preference for chapters with smaller total membership, for placing potential new members with chapters with lower relative recruiting strength, for potential new members’ first choice, for even distribution of potential new members and for potential new member position on a chapter’s bid list. This quota addition procedure shall never include a woman who has failed to accept or attend any membership recruitment event for which there was room in her membership recruitment schedule (with a fully structured or partially structured recruitment), or has failed to list on her membership recruitment acceptance binding agreement (MRABA) all sorority chapters appearing on her preference schedule.

Potential new member eligibility for quota additions
- For College Panhellenics with two preference events: This procedure shall never include a potential new member who lists only one chapter on her MRABA if she attends two preference events.
- For College Panhellenics with three preference events: This procedure shall never include a potential new member who lists only one or two chapters on her MRABA if she attends three preference events.
- The potential new member must have participated in all possible events each round to which she received an invitation and accepted.
- The potential new member must have listed the chapter on her MRABA.

Chapter eligibility for quota additions:
- Chapter must have followed RFM recommendations throughout recruitment.
- Chapter must have already matched to quota.
- Chapter must have the potential new member listed on the chapter’s bid list or the snap bid list.

If quota additions are not used, then snap bidding immediately follows bid matching.

SNAP BIDDING

Snap bidding is an option only for chapters that did not match to quota.
- Chapters should have a prepared list of women they would bid should they not be match to quota during bid matching.
- The recruitment chairman or the recruitment advisor of each chapter not matching to quota will be notified to submit their snap bid list to the fraternity/sorority advisor.
- The procedure is used only to fill quota spaces.
- All potential new members who attended at least one event during primary recruitment are eligible for snap bidding.
- Women listing intentional single preferences on their membership recruitment acceptance binding agreement (MRABA) are eligible for snap bidding.
- The fraternity/sorority advisor works with the chapters not matching to quota, and either the fraternity/sorority advisor or a Panhellenic officer contacts the potential new members to extend snap bid invitations.
- A potential new member may be offered more than one snap bid. For this reason it is advisable for the fraternity/sorority advisor or a Panhellenic officer to contact the potential new member, and it is important for the potential new member to understand that she is receiving more than one opportunity to pledge if that should be the case.
- During this time the Panhellenic monitors who has accepted the snap bids and presents the MRABA for the potential new member to sign.
• Careful attention must be given to ensure that there are not more snap bids offered than places available in quota.
• When contacting a potential new member about accepting a snap bid, it is helpful to provide a time limit or deadline for when the potential new member must respond to accept or decline the snap bid offer.

Snap bidding ends when bids are distributed. Continuous open bidding (COB) begins as soon as Bid Day begins.

BID DAY

Bid Day is the culmination of the recruitment process. All College Panhellenics, regardless of the campus recruitment style, should use Bid Day as an opportunity to welcome new members to the fraternity/sorority community.

Although each sorority will plan individual activities for its new members, Bid Day is an opportunity for College Panhellenics to build panhellenic spirit and unity that will affect the new members as they continue through the college years and beyond. The type of Bid Day event should be determined by the individual campus and recruitment style.

- Each College Panhellenic shall establish a Bid Day to conclude the fully structured membership recruitment period. A Bid Day is the scheduled time when invitations to membership are issued.  
- Each College Panhellenic shall prohibit the use of alcoholic beverages in membership recruitment and Bid Day activities.
- Each College Panhellenic shall prohibit the participation of men in membership recruitment and Bid Day activities.

Unanimous Agreements

REPLEDGING

Every eligible woman should be allowed to participate in the primary recruitment period because this is the one time of year all chapters are open to membership.

- If a woman has accepted a bid during the previous primary recruitment period but did not get initiated into that NPC member organization, she is eligible to participate in the next year’s primary membership recruitment period.
- If through the primary membership recruitment process, a potential new member receives a bid and declines it, then she is ineligible to be pledged to another NPC sorority on the same campus until the beginning of the next year’s primary membership recruitment period.
- At a later date but before the next primary membership recruitment period, if the potential new member who declined her bid expresses interest in being pledged to the chapter with which she originally matched, she may do so only if the chapter extends another bid to her and has quota or total spaces to fill.
- If a potential new member does not receive a bid at the end of the primary membership recruitment period, she is eligible immediately to participate in continuous open bidding (COB).
- If through the primary membership recruitment process a potential new member accepts a bid and then has her pledge broken by an NPC sorority or breaks her pledge, then she is ineligible to be pledged to another NPC sorority on the same campus until the beginning of the next year’s primary membership recruitment period.

Unanimous Agreements
A COB acceptance is a binding agreement. If a potential new member accepts a bid, signs a COB acceptance and then has her pledge broken by an NPC sorority or breaks her pledge, then she is ineligible to be pledged to another NPC sorority on that campus until the beginning of the next year’s primary membership recruitment period.

A woman who has accepted a bid either through primary or COB recruitment and who has had her pledge broken by an NPC sorority or has broken her pledge, may be repledged by the same NPC sorority chapter on the campus at any time before the beginning of the next year’s primary membership recruitment period, even if the chapter is over total.

MEMBERSHIP RECRUITMENT EVALUATION AND ASSESSMENT

Goal of recruitment annual review
The goal is to evaluate, assess and determine the needs of the Panhellenic’s recruitment program through a step-by-step process. The information is necessary for planning the next recruitment.

The College Panhellenic Council evaluates all aspects of the membership recruitment program immediately after it concludes. Input from chapter officers, advisors and new members from the recently completed recruitment is reviewed and discussed. Also, it is important to determine reasons women withdraw from a fully or partially structured recruitment. An evaluation for those women who withdraw from the recruitment process is also advised. In order to encourage those women to complete the evaluation, some College Panhellenics have offered a full or partial refund of the recruitment fee paid.

Samples of evaluations may be found in the Resource Information section of this manual.
College Panhellenics provide a wealth of programming for their member organizations as well as the campus and community in general. Proper program planning and a well-balanced year-round program calendar are two important components of educational efforts. This section provides planning information and ideas for programs.
COLLEGE PANHELLENIC PROGRAMS

OVERVIEW

Varied and thoughtfully planned Panhellenic programming contributes to individual and community-wide excellence. The sorority community has a responsibility to provide its membership with opportunities and education to complement its values and maintain its relevance.

*Best Practice* (1994): College Panhellenics and fraternity/sorority advisors are encouraged to have balanced calendars and to establish reasonable award criteria. NPC member organizations shall express concern to campus administrators about time commitments required for compliance with relationship statements.

**How to select programs**

- Define the goals, purposes and objectives of the College Panhellenic.
- Adopt a philosophy of cooperation, not competition.
- Avoid overprogramming. Be realistic about members’ time constraints.
- Adopt a programming budget.
- Make the Executive Board or programming chairman responsible for planning and the council responsible for program approval and adoption.
- Establish a one-year calendar:
  - Develop plans for membership recruitment follow-up, execution and evaluation.
  - Plan topics to coordinate with chapters’ required programming.
- Involve College Panhellenic members:
  - Delegate authority and responsibility.
  - Use a committee structure.
  - Recognize programming contributions by College Panhellenic members annually.

**Program ideas**

- Individual chapter program plans
- Interfraternal (e.g., Junior Panhellenic, fraternity/sorority newsletter and Greek Weekend)
- Panhellenic (e.g., academic excellence, values, women’s issues, officer transition, delegate transition and officer workshops)
- Educational or informational (e.g., “Something of Value,” and “Something to Talk About: Confrontation”)
- Service and philanthropy
- Campus and community involvement (e.g., hosting university visitors and service projects)
- Public relations (e.g., outreach program)

**JUNIOR PANHELLENIC**

**Purpose:** To promote intersorority friendship and provide education for effective participation in the sorority community

**Composition:** New members and new initiates of sororities during their first year of membership

**Bylaws:** A Junior Panhellenic functions under the guidance of the College Panhellenic.
Structure:
- Delegates: two new members and/or new initiates from each chapter.
- Officers: president, vice president, secretary and treasurer, chosen by rotation or alphabetically (not to coincide with the rotation in the College Panhellenic)
- Advisors: A sorority chapter advisor, a representative from an alumnae group and a representative from the College Panhellenic.

Meetings: Regularly scheduled in a chapter house, room or suite, or campus meeting space. The president may call a special meeting when necessary on the written request of any delegate. Attendance is the responsibility of each chapter. If a representative is unable to attend a meeting, another member should serve as an alternate.

Program: Should contribute to fundamental knowledge and understanding of the purpose, ideals and goals of Panhellenic. Programs could be 15-30 minute discussions on specific topics. Coordinate event planning and scheduling with the College Panhellenic.

Suggested group discussion topics
- Panhellenic orientation
- Sorority values such as leadership, standards and scholarship
- NPC Unanimous Agreements, policies and procedures
- Building panhellenic spirit
- Public relations for alumnae, faculty, campus and community
- Publications that promote Panhellenic and the value of sorority membership
- Panhellenic programs and projects
- Continuous open bidding
- Potential new member orientation
- Campus issues
- Sexual assault awareness
- Diversity awareness
- Crisis management
- Risk management

CHAPTER OFFICER WORKSHOPS

Time and place: In general, workshops scheduled early in the chapter officers’ terms are best. Availability of resources may also affect timing of workshops. A convenient campus location away from distractions is ideal.

Participants: Chapter officers, chapter advisors, Panhellenic officers, delegates and advisors

Agenda: Keynote speaker or facilitators, small-group discussion, wrapup and evaluation

Potential topics: New member education, academic excellence, member involvement, leadership, commitment to ideals and values, health, safety and security, public relations, Panhellenic membership recruitment rules, service and philanthropy

It may be necessary to limit a workshop to a single subject because of the size of the sorority community, but there are many advantages to grouping topics. Chapter programs overlap, and much can be gained from sharing ideas and information. For example, scholarship and building commitment are important parts of new member education.
The evaluation at the end of the officer retreat should ask participants what subjects they would like more information on. These additional topics can be covered throughout the year in several ways. Consult your NPC area advisor, fraternity/sorority advisor, chapter advisors and other campus officials as resources.

The College Panhellenic Council decides on the subjects to be discussed based on the recommendations of the executive board.

**CONSULTING TEAM VISIT**

NPC is committed to helping College Panhellenics turn the ordinary into the extraordinary. By inviting a consulting team to campus, a College Panhellenic will receive valuable observations and recommendations to help it rise above the average and build on its established traditions.

**Purpose**
The purpose of the consulting team depends on the needs of the College Panhellenic. Visits range from developing recruitment marketing plans, to restructuring officer duties, to building panhellenic spirit, to implementing Release Figure Methodology, to planning for successful extension.

**How to request a visit**
- The College Panhellenic votes to bring a consulting team to campus with approval of the fraternity/sorority advisor.
- The College Panhellenic votes on three prioritized dates (each spanning two to four days) the team could visit.
- The College Panhellenic downloads the consulting team visit request form from the NPC website, completes it and sends the completed form and supporting documents to the NPC office.

**“SOMETHING OF VALUE”**

“Something of Value” is a values-based approach to risk-management education for collegians. The day long program is led by a traveling team of NPC representatives and an attorney. Program format includes a mock trial and a discussion of values and bystander behavior. Participants identify risky behaviors such as abusive relationships, substance abuse, academic dishonesty, eating disorders, financial mismanagement, hazing, harassment, personal safety concerns and other issues specific to their campus environment. Action plans are developed and collegians are empowered to follow-through.

**Purpose**
The purpose of “Something of Value” is to bring the sorority community together to build panhellenic spirit and address common risk management concerns.

**How to request the program**
- The College Panhellenic votes to bring “Something of Value” to campus with approval of the fraternity/sorority advisor.
- The College Panhellenic votes on three prioritized dates (each a Friday to Saturday) the program can be held.
- The College Panhellenic downloads the “Something of Value” request form from the NPC website, completes it and sends the completed form and supporting documents to the NPC office.
GREEK WEEKENDS

NPC recommends that fraternity/sorority communities hold these celebrations on a single weekend versus staging a time-consuming “Greek Week.” The purpose is to emphasize the constructive and inspirational aspects of fraternity and sorority life. A carefully planned program can be the basis for year-long cooperation among Greek-letter organizations, the college campus and the community. All members of the campus fraternal community should be encouraged to participate.

Greek Weekend should highlight responsible citizenship and the cooperation of sorority and fraternity members with one another. It may take many different forms, depending on the needs and resources of the campus and community. It should always be a positive program, providing education about the values, purposes and ideals of fraternities and sororities. Competitions and activities that appear frivolous do not further these objectives.

A successful program is two-fold:
1. Within the Greek-letter organizations, it:
   - Re-examines values, purposes and ideals.
   - Emphasizes values, purposes and ideals in the public relations program.
   - Seeks solutions to problems within the fraternity/sorority community, between fraternities/sororities and the college or university and between fraternities/sororities and the local community.
   - Plans social activities (e.g., open houses, awards/recognition banquets, receptions).
2. Within the college and the community, it:
   - Plans campus and community service projects.
   - Develops social activities such as receptions and open houses for faculty members and community residents.
   - Produces positive news stories for campus and local newspapers.
   - Establishes recognition awards or dinners for outstanding contributions to fraternity/sorority life by community members, faculty and alumni.

Planning the program

Greek Weekends need the approval and coordination of Greek-letter councils at least six months in advance.

Decide the purpose and objectives, and develop a program that supports them. Keep expenses moderate to avoid burdening the chapters and giving an impression of extravagance to the campus and community. After identifying a supervising group:
- Appoint all committees four to six months in advance.
- Invite any off-campus participants and speakers four to six months in advance. Determine topics early. Send reminders a month ahead of time (this may be in the form of a program).
- Have each committee draft detailed plans and submit them to the supervising group.
- As soon as possible after organizational work is completed, have committees meet with the appropriate college administrators, community officials and local press to inform them of the plans and to request support and suggestions.
- Reserve all meeting spaces as soon as plans have been approved.
- Send information and the program to guest participants and local chapters several weeks in advance.
- Have the supervising committee meet frequently (weekly during the month preceding Greek Weekend) with the fraternity/sorority advisor.
- Check written invitations carefully to be sure that addresses and names are correct.
• If community projects are to be conducted, select a realistic number of projects for the resources available. Appoint a liaison to interact with each organization for which work is being done. Obtain needed tools and supplies. Supervise the actual work to see that the commitment has been fulfilled.

• Plan discussion sessions or workshops to facilitate a free exchange of ideas. A fraternity/sorority leader might give a short talk preceding the discussion and also serve as a resource person. Leaders should lead rather than direct. Prepare an agenda to guide participants. Discussions and workshops should tie in with the program theme.

• If social functions such as receptions or a banquet are part of the program, they should not be the principle event of Greek Weekend.

• After Greek Weekend, send appreciation letters to administration, faculty, residents and guests who helped plan or participated in the programs.

• Have all committees conduct a careful evaluation of the programs to submit in writing to the supervising committee.

**Suggested discussion topics for Greek Weekend**

If possible, the Greek Weekend schedule should allow time for conversations between all Greek-letter councils. A new member workshop would be worthwhile.

Suggested discussion topics include:

• Fraternal values, including high scholastic standards
• Importance of ritual
• Relationship among fraternities, sororities and the college or university
• Importance of positive public relations
• Fraternities/sororities role in creating school spirit and exercising leadership

**Suggested activities for Greek Weekend**

• Open houses
• Academic excellence banquet
• Greek Weekend banquet
• Workshops or panel discussions
• Alumni programs
• All-fraternity/sorority assembly with a guest speaker
• Newspaper articles
• Recognition of outstanding sorority and fraternity members
• Recognition of community members, faculty and alumni for outstanding contribution to Greek-letter organizations
• Service projects
Adding another NPC women’s sorority to a college or university campus is an exciting process. The College Panhellenic, the college or university, the NPC organizations, interest groups and local sororities interested in NPC affiliation play important roles in ensuring that a successful extension occurs. This section describes those roles in detail.

Download extension resources at npcwomen.org. The following reference documents are included on the website to supplement the information in this manual:

1. Explanation of NPC
2. Step-by-step outline

10. Exhibit D: Supportive efforts for colonies
11. Exhibit E: Sample resolution to approve proposal for recolonization

The College Panhellenic should consult with the NPC Extension Committee chairman and the NPC area advisor early in the process.
EXTENSION

OVERVIEW

Extension is the addition of National Panhellenic Conference chapters to the Panhellenic community on a college or university campus, or the establishment of a sorority community on a campus where previously none had existed.

NPC Extension Committee
The NPC Extension Committee serves as a clearinghouse for colleges and universities, Panhellenics and individual sororities in the area of extension. The Extension Committee chairman is always available to advise and assist.

V. AGREEMENT ON EXTENSION

1. NPC believes that it is unethical for an NPC sorority to contact an institution and/or its students concerning the establishment of a chapter where the institution fails to meet the NPC requirements for a host institution. The institution must be a senior college or university that is authorized to confer a bachelor’s degree and that has received a satisfactory rating by the pertinent recognized regional association of colleges and secondary schools or other recognized agency and/or entity that confers accreditation in the relevant jurisdiction.

2. The proper authority shall be defined as follows:
   A. Where there are two or more NPC sororities present on campus, then a vote of those NPC sororities as evidenced in written minutes of the College Panhellenic Council (if organized) shall constitute the proper authority. If there is no College Panhellenic Council, then a separate vote of the NPC chapters present on campus shall constitute the proper authority.
   B. On campuses where there is one or no NPC sorority and where the administration is willing to recognize women’s sororities, a letter from a senior-level student affairs administrator shall constitute the proper authority.
   C. The NPC Extension Committee is the proper authority on campuses where there is one or no NPC sorority and the college administration does not grant recognition to women’s sororities but does not discipline students for joining.

3. Contact regarding extension by NPC sororities, volunteers, staff, collegiate and alumnae members shall include the following:
   A. NPC sororities may contact the administration of any college or university that meets the criteria listed in Unanimous Agreement V, No. 1 and serves as the proper authority.
   B. When a campus has two or more NPC sororities and is open for extension, NPC sororities can communicate with a student(s), an interest group or a local sorority only with prior permission of the proper authority.
   C. NPC sororities that are contacted by student(s), local sororities or interest groups from campuses with two or more NPC sororities must refer the student(s), local sorority or interest group to the proper authority.
   D. NPC sororities should not be in contact with students of any college or university concerning membership where the administration disciplines students for joining women’s sororities.
   E. When a local sorority or interest group is in discussions with an NPC sorority regarding affiliation after approval by the proper authority, no other group shall be in communication with that local sorority or interest group.

4. Any colony of an NPC sorority shall become a provisional member of the College Panhellenic Association and shall conform to the association’s established rules, regulations and policies.
5. When an NPC sorority has installed a chapter, that chapter shall become a regular member of the College Panhellenic Association.

Proper authority

*Policy (2007):* When issuing an invitation to an NPC member organization to colonize on a campus for the purpose of allowing NPC affiliation for a local sorority or interest group, the proper authority makes the final determination as to which NPC member organization is invited to colonize, giving due consideration to the preference of the local sorority or interest group.

*Policy (2003):* An NPC member organization pursuing an extension opportunity on a campus where there are no NPC groups or there is only one group, shall obtain written documentation from the proper authority that the campus is open for extension; and a copy of this approval should be sent to the NPC Extension Committee for record keeping purposes only.

On campuses where the administration is considered the proper authority (i.e. campus with one or no NPC member organizations), the proper authority sends a letter to the NPC Extension Committee indicating the approval of the extension process or addition of an NPC member organization for the campus.

On a campus with two or more chapters of NPC sororities, extension decisions are the responsibility of the College Panhellenic.

*Policy (2003):* Once the NPC Extension Committee has established that the proper authority has opened the campus for extension, the committee will verify whether NPC organizations not represented on the campus may conduct exploratory visits before presentations are made.

Exploratory visits must be held prior to the deadline for submission of extension materials.

*Policy (2003):* NPC member organizations receiving an independent notice of extension directly from a campus will contact the NPC Extension Committee, which will verify whether exploratory visits are authorized.

*Policy (1991):* On campuses where the administration assumes sole authority for extension decisions, thereby denying the College Panhellenic a vote on extension, the College Panhellenic, in consultation with the National Panhellenic Conference Extension Committee, shall initiate dialogue with the administration to promote better understanding of the need for mutual effort in the extension process.

EXTENSION PROCEDURES

When a number of female students are unable to affiliate with the existing chapters, the College Panhellenic may wish to add another NPC organization. The College Panhellenic should consult with the NPC area advisor and the NPC Extension Committee chairman regarding the options.

If the College Panhellenic makes the decision to research adding a chapter to the campus, the following steps should be taken:
1. The Panhellenic Council should vote on a motion to form an extension exploratory committee.
2. If the vote passes, form an extension exploratory committee comprised of College Panhellenic officers, chapter delegates, alumnae advisors and faculty or administration.
3. The committee should analyze statistics with regard to enrollment and recruitment, and assess the needs of the Panhellenic community. It is helpful to look at trends and statistics over a five-year period.
4. The extension exploratory committee consults the administration regarding the addition of another NPC sorority. The committee should compile an official report and include a recommendation as to whether to extend or not at this time. The report should be submitted to the College Panhellenic Council for review prior to the vote on extension.
5. The extension exploratory committee makes a motion to the College Panhellenic to open the campus for extension. If approved, the Panhellenic Council appoints a College Panhellenic extension committee. The committee should include a representative sample of the Panhellenic community including Panhellenic chapter members, alumnae members/advisors and administrators. Each NPC organization on campus should be represented on the committee, if feasible, by either a collegiate or alumna member.
6. The College Panhellenic contacts the NPC area advisor and the NPC Extension Committee chairman with the decision.
7. Consideration should be given to NPC sororities that:
   A. Previously have had a chapter on the campus.
   B. Have letters of interest on file with the administration and/or College Panhellenic.
   C. Have been suggested by a local sorority if applicable. (Refer to the section, Local Sororities.)

8. Panhellenic asks the NPC Extension Committee chairman to notify all NPC sororities of the extension opportunity and/or send a letter of introduction to NPC sororities to solicit interest in extension. The letter should include:
   A. University information
      i. Campus statistics for the past five years: undergraduate enrollment, number of female students, percentage living on campus, percentage commuting and percentage of in-state and out-of-state students
      ii. University regulations regarding recognition of student groups
   B. Panhellenic information
      i. Reasons for desiring additional organization(s)
      ii. List of chapters on campus, with dates of establishment and current size of each
      iii. Membership recruitment data: total, quota, dates of membership recruitment, statistics for the past five years, current membership recruitment regulations and the release figure procedure used
   C. Housing information
      i. Current housing arrangements
         a. Ownership — university, sorority, private
         b. Capacity of existing chapter facilities
         c. Current cost estimates for comparable housing
      ii. Housing required of new organization and time limit for providing it
      iii. Provision for temporary housing of new sorority
      iv. Copy of NPC housing agreement, if one exists
   D. Information requested from the NPC organization.
   E. An extension timeline, including dates of for each phase of the extension process

9. The College Panhellenic Extension Committee selects organizations to make presentations from those NPC sororities returning requested information and/or that have a letter of interest on file.

10. Arrangements are made with each selected organization for a campus presentation. Presentations are to be scheduled for separate days.

11. Organizations not selected to present are notified.

12. After all presentations have been made, the College Panhellenic extension committee makes a recommendation to the College Panhellenic Council regarding which organization meets the needs of the campus. The council votes on the recommendation and issues an invitation. The College Panhellenic notifies the other organizations that made a presentation of the selection and thanks them for their participation.

13. The College Panhellenic immediately begins work with the selected sorority to prepare a schedule for colonization.

Policy (2013): Any campus with two or more chapters that is opening for extension must either be using Release Figure Methodology with priority format or have voted affirmatively to implement RFM with priority format as part of the primary recruitment process before voting to open for extension.
A College Panhellenic wishes to consider adding a new NPC organization to its campus

College Panhellenic officers notify the NPC area advisor.

College Panhellenic delegates notify their inter/national offices or Panhellenic representatives.

The College Panhellenic extension committee selects NPC organizations to make presentations from those NPC sororities returning requested information and/or that have a letter of interest on file.

Arrangements are made with each selected organization for a campus presentation. Presentations are scheduled for separate days. Those organizations not selected to present are notified.

The College Panhellenic extension committee makes a recommendation to the Council regarding which organization meets the needs of the campus.

  - NPC area advisor and NPC Extension Committee chairman are notified of next steps.
Stacking policy procedures

Policy (2012, 2014, 2015): The National Panhellenic Conference recognizes that stacking NPC organizations in an extension process may be considered in rare situations if the community can provide the necessary data to establish that there is enough interest and projected increase in university undergraduate women to continue to grow the Panhellenic community in the next two (2) to four (4) years. Stacking must be approved through a vote of the College Panhellenic Council per the recommendation of the Exploratory Committee with the adoption of the following motions:

That the [name of the institution] College Panhellenic opens for extension adding a new NPC organization.

That the [name of the institution] College Panhellenic also enter into a stacking agreement with a second NPC organization. The terms of the stacking agreement will be: [Name of organization] will be invited to colonize no sooner than [date] and no later than [date], and upon the review and vote of the College Panhellenic Council confirming that the Panhellenic is in the position to add another NPC organization to the College Panhellenic community at that time.

The first organization to colonize should be given at least two (2) primary recruitments to stabilize before the stacked organization is allowed to colonize. The stacking agreement will be invalid if it exceeds four (4) years. The agreement should not include more than one (1) NPC member organization.

Procedure:

• The College Panhellenic Council per the recommendation of the exploratory committee must determine the need to stack when the vote for extension initially takes place.
• If there is a need to stack, the Council votes to implement a stacking agreement, using the language provided above, in a motion separate from the motion to open for extension. Therefore, there would be two motions; one to invite an organization to colonize first and a second motion to enter into a stacking agreement with a second organization. The votes must be reflected in the Panhellenic minutes and sent to the NPC Extension Committee chairman.
• Following the extension presentations, there shall be two motions made by the extension committee to the College Panhellenic Council; one to invite an organization to colonize first and a second motion to select the stacked organization.
• In addition, the stacking agreement must be sent by the College Panhellenic Council to the stacked member organization with a copy to the NPC Extension Committee chairman.
• The Council must annually review and adjust campus total within 72 hours of bid day to achieve parity in preparation for the addition of another member organization.
• When the time comes for the Panhellenic to act on the stacking agreement, another vote by the College Panhellenic Council must take place in consultation with the NPC area advisor and member organizations to affirm the campus is in a position to have the stacked group colonize or to decide that the stacking agreement may need to be extended for review at a future date. The evaluation should take place the term prior to when a new organization would colonize on the campus.
• It is recommended that the NPC organization that is stacked have, at a minimum, annual contact with the College Panhellenic and fraternity/sorority advisor to determine interest and to assess where the growth of the community is headed and the readiness of the Panhellenic for extension. This does not warrant an on-site visit or yearly vote of the College Panhellenic Council to affirm the agreement.
Exploratory visits
A College Panhellenic may decide to allow optional exploratory visits to campus by member organizations prior to the submission of extension materials. If the College Panhellenic decides to allow these visits, they are optional and for information-gathering purposes only. Exploratory visits should not include contact with any students, including Panhellenic officers. Participation in an exploratory visit should not be a factor or consideration in determining which member organizations are invited to campus to make an extension presentation; therefore, members of the College Panhellenic extension committee should not be informed about which groups did and did not make an exploratory visit.

Policy (2003): Once the NPC Extension Committee has established that the proper authority has opened the campus for extension, the committee will verify whether NPC organizations not represented on the campus may conduct exploratory visits before presentations are made.

NPC member organizations receiving an independent notice of extension directly from a campus will contact the NPC Extension Committee, which will verify whether exploratory visits are authorized.

The NPC Extension Committee will inform the NPC member organizations whether exploratory visits will be permitted and will encourage the proper authority to include that information in any correspondence announcing the extension opportunity.

Any exploratory visits conducted by NPC member organizations will involve only campus administrators with no student contact.

Campus presentations
An extension presentation is an opportunity for an NPC member organization to showcase its sorority and to further explain organizational philosophy, values, programming, leadership opportunities, policies and colonization practices. A campus may choose to limit the number of organizational presenters or representatives attending the formal extension presentation. Organizational representatives may include inter/national staff members and volunteers, alumnae and collegiate members.

Policy (1998): Only sorority informational material will be presented during the extension process to the College Panhellenic Association or to the local/interest group. All gifts and favors will be eliminated until an NPC member organization has been invited to colonize. There shall also be no promise of future gifts, grants or scholarships as part of the presentations made during the extension process.

Policy (2012): Inter/national and regional officers/volunteers, current NPC delegation members and headquarters staff members (including traveling staff members/consultants) from other NPC member groups organizations shall not be invited to nor attend another member groups’ presentation.

Electronic videotaping, recording and sharing of presentations should not be allowed.

Participation on a College Panhellenic extension committee by an inter/national or regional volunteer or an NPC delegation member is discouraged. If desired, this should be approved in advance by the NPC Extension Committee.
USE OF SOCIAL MEDIA

Policy (2014): NPC member organizations, collegiate and alumnae members of NPC sororities, and friends and supporters of NPC member organizations are prohibited from campaigning on behalf of an NPC organization(s) during exploratory visits, the extension application and the on-campus presentation process. Campaigning would include, but is not limited to, use of social media outlets. Therefore, asking members to lobby/leverage their alumnae or friends and/or flood the campus with social media communication supporting the selection of a specific sorority is inappropriate. It is appropriate to thank a campus/College Panhellenic but not further your own organization’s interest.

Once an NPC organization is selected to colonize, the inter/national organization, collegiate and alumnae members of NPC organizations, and friends and supporters of NPC member organizations are encouraged to support the colonization of the new NPC member organization on social media in a tasteful manner.

Examples of inappropriate communication
Example A: [Name of NPC organization] is presenting at [name of university] today to hopefully establish a new chapter there. Visit the Fraternity and Sorority Life Facebook page and let them know how wonderful [name of organization] is!

Example B: Had a wonderful presentation at [name of university]. Visit the [name of university] Facebook page and let them know how much you love [name of NPC organization].

Examples of appropriate communication
It would be appropriate use of social media during exploratory visits, the extension application and the on-campus presentation process to thank the Panhellenic Council in the following manner:

Example A: Had a wonderful presentation at [name of university].

Example B: Thank you to the [name of university] Panhellenic Council for a wonderful visit/presentation.

LOCAL SORORITIES

• Policy (2007): When issuing an invitation to an NPC member organization to colonize on a campus for the purpose of allowing NPC affiliation for a local sorority or interest group, the proper authority shall make the final determination on which NPC member organization is invited to colonize, giving due consideration to the preference of the local sorority or interest group.

• Policy (2003): NPC member organizations must inform interest groups, local groups or individuals that formal permission to pursue extension must be obtained from the proper authority as defined in Unanimous Agreement V. Agreement on Extension, and that until such permission has been granted, members of NPC sororities may have no further contact with the interest group, local group or individuals.

• Each College Panhellenic should have established criteria to be attained for a local sorority to become a member of Panhellenic and include the criteria in the Panhellenic bylaws.

• At such time as the local sorority has qualified for membership, the Panhellenic may consider opening the campus for extension.

• Policy (1994): No NPC member organization or individual member of an NPC member organization may initiate contact with the members of a local sorority or interest group involved in the affiliation process.
PANHELLENIC ASSISTANCE TO A COLONIZING GROUP

The College Panhellenic will need to supply positive support for the colonization and furnish ongoing assistance to the colony (new chapter) until it is at, or very near, total. In addition to the following, the College Panhellenic may contact the NPC Extension Committee chairman or the NPC area advisor for further suggestions.

Membership

- Promote campus interest in the new organization’s colonization through posters, fliers, distribution of promotional materials furnished by the inter/national sorority, newspaper announcements, websites, social media, discussions in residence halls and notification in the membership recruitment brochure of the pending colonization.
- Give the colonizing group a list of the Panhellenic recruitment rules Panhellenic bylaws and a student handbook.
- Provide the new organization with a list of names, addresses, telephone numbers and emails of unaffiliated women, particularly those who registered for membership recruitment but did not affiliate.
- Sponsor an open house for interested female students to meet the representatives of the colonizing sorority and to register for the colony membership recruitment.
- Exempt all women registering for colony membership recruitment from paying a membership recruitment fee.
- Provide sign-up tables for colony membership recruitment in strategic campus locations.
- Allow the colonizing group to invite collegiate members from another campus to perform membership recruitment events and activities.
- Provide the colonizing organization with copies of the colonization membership acceptance binding agreement for all women it invites to membership, see agreement in the Resource Information section of this manual.

Facilities

- Provide the colonizing sorority with workspace on campus for use during the day and evening, with a desk, phone and Internet access.
- Help secure sites for membership recruitment events and new member ceremonies, such as the student center, fraternity or sorority houses, other campus facilities and private homes.
- Work with the administration to secure a meeting place for the new colony members and to arrange for members of the colony to be housed together in a residence hall or similar facility.
- Help find temporary lodging for collegians from other campuses who are present to help with colony membership recruitment and new member events.
- Provide a colony bulletin board in the Panhellenic office as a central location for colony news.

Special courtesies

1. Allow the colonizing organization to recruit to total.

2. To accommodate the colonization of a chapter or to allow a chapter to build its membership, the College Panhellenic Council may vote to suspend COB for a period not to exceed three weeks. The start and end dates for the COB moratorium must be set by a vote of the College Panhellenic, preferably during the academic term prior to implementing the moratorium. The College Panhellenic should consider the need for chapters not at quota or total to have up to one week to fill vacant spaces through COB before the moratorium begins.

3. Furnish the colony with a complete dues and fees schedule for existing chapters, copies of recruitment rules and an official school calendar.

4. Consider delaying further extension for a specified period to allow the colony (new chapter) to stabilize.
**Panhellenic membership**

Until it is officially installed as a chapter, the colony is a provisional and nonvoting member of the College Panhellenic. After it has been chartered by its international organization, the new chapter becomes a regular voting member of the College Panhellenic.

**Policy (2003):** The National Panhellenic Conference member organizations will notify the NPC Extension Committee promptly when a defined plan for re-establishment or recolonization is submitted to and, if required, approved by the College Panhellenic or campus.

**Policy (1992):** The approval of the College Panhellenic is required for the recolonization of a chapter, regardless of the length of time a charter has been dormant.

**Establishing a new College Panhellenic**

The chapter first installed on a campus shall take the initiative in organizing the College Panhellenic Association with the participation and involvement of other existing NPC sorority chapters on that campus. (Refer to College Panhellenic Organization section of this manual for further information.)
Alumnae Panhellenics are a vital resource that can significantly contribute to the success of College Panhellenics and the sorority community. This section outlines the role and responsibilities of Alumnae Panhellenics and the resources and services NPC makes available to them.
ALUMNAE PANHELLENICS

PURPOSE AND NPC RELATIONSHIP

Alumnae Panhellenic Association
An Alumnae Panhellenic is a community-based organization affiliated with the National Panhellenic Conference (NPC). Membership is composed of alumnae representatives from NPC member organizations.

The purpose of Alumnae Panhellenics is to:
• Inform sorority women of current trends.
• Promote the sorority experience.
• Improve the Panhellenic image.
• Stimulate a continuing interest in Panhellenic involvement.

Relationship between NPC member organizations and Alumnae Panhellenics
Alumnae Panhellenics have an important function in informing the public about the value of sororities and updating members on matters of interest. This function is best carried out when alumnae of all NPC member organizations are represented in Alumnae Panhellenics. Any alumna of an NPC sorority is eligible to represent her organization if she meets its organizational qualifications.

Alumnae Panhellenics are purposeful organizations of dedicated, capable alumnae. NPC recognizes the stabilizing force of these organizations and appreciates their excellent and varied contributions to local communities and the purposes of NPC member organizations.

1. The administrative body of an Alumnae Panhellenic Association is an Alumnae Panhellenic Council.
2. Alumnae Panhellenic Councils shall be composed of delegates selected by their organized alumnae groups; an individual may represent her sorority where there is no alumnae group.
3. One vote shall be granted to each NPC member sorority represented in the Alumnae Panhellenic Association.
4. Alumnae Panhellenic Associations shall not expel a member organization of any NPC sorority from its membership in the Alumnae Panhellenic Association.
5. A re-established alumnae group shall take its place in rotation in the Alumnae Panhellenic Association according to the date of its re-establishment.

An Alumnae Panhellenic:
• Provides a current copy of its bylaws to the NPC office annually.
• Submits the NPC Alumnae Panhellenic annual report and officer roster by the date established by the Alumnae Panhellenics Committee.
• Adheres to all NPC Unanimous Agreements.
NPC AFFILIATION

Affiliation with NPC entitles a local group of NPC sorority alumnae to use the name Panhellenic and to benefit from NPC recognition and participation.

NPC affiliation provides Alumnae Panhellenics continuing contact with sorority affairs, information on current developments of importance to all sorority members, data on problems and ways for resolving them, suggestions for programs, guidance in sorority education and a means of exchanging ideas on matters of common interest. Based on NPC policies, Alumnae Panhellenics establish their own organizations and carry out programs in line with their special interests or situations. If located in a college community, an Alumnae Panhellenic can give valuable support to a College Panhellenic if asked and should be willing to do so.

Fostered by NPC, well-informed Alumnae Panhellenics enhance the sorority system through scholarship awards, annual educational informational functions for prospective college freshmen, philanthropic projects, community participation and civic leadership.

NPC POLICIES

Please see the Policies and Best Practices section of this manual for all Alumnae and College Panhellenic policies.

NPC RESOURCES

Alumnae Panhellenics Committee
NPC Alumnae Panhellenics Committee is a standing committee composed of NPC delegation members. It is responsible for directing the organization of Alumnae Panhellenics and for providing guidance in programming and sorority education. From the members of this committee, the NPC Executive Committee designates a chairman and area coordinators to guide Alumnae Panhellenics in specified geographical areas.

Area coordinator
The area coordinator is an NPC delegation member. In most cases, she has had years of experience working with her own organization and with NPC. As a member of the NPC Alumnae Panhellenics Committee, she attends NPC annual meetings and gathers new ideas to support Alumnae Panhellenics. The area coordinator corresponds with her assigned Alumnae Panhellenics and sends information of special interest regarding campus trends, College Panhellenics’ activities, changes in College Panhellenic and Alumnae Panhellenic procedures and ideas for programming.

The area coordinator receives the Alumnae Panhellenics’ annual reports, officer rosters and any dissolution requests with supporting documentation.

Panhellenic support specialist
Panhellenic support specialists are full-time paid NPC staff members, one of these specialists serves the NPC Alumnae Panhellenics Committee volunteers and provides ongoing, consistent support to Alumnae Panhellenics and their volunteers. The Panhellenic support specialist can answer questions, assist with completing reports and share the variety of resources available to all Alumnae Panhellenics.

SUGGESTED SERVICE PROGRAMS

Scholarships
Alumnae Panhellenics award scholarships to deserving female high school graduates, collegiate sorority members and graduate sorority members. Many conduct fundraising activities to fund these scholarships. It is wise to consult an attorney to ensure that all funds are solicited and allocated appropriately. A woman’s participation in membership recruitment, pledging or initiation into an NPC member organization cannot be a stipulation in the selection criteria for high school women.

Scholarship grant awards
Alumnae Panhellenics may give annual scholarship grants to outstanding seniors and/or collegiate members of NPC sororities. Some have funds to assist deserving students with college expenses. Others support awards for students returning to college.

Assistance to College Panhellenics
When a College Panhellenic requests help, an Alumnae Panhellenic may provide personnel to offer support during the signing of the membership recruitment acceptance binding agreement (MRABA) or hand bid-matching, assist with Panhellenic workshops or underwrite the costs of College Panhellenic programs. An Alumnae Panhellenic can provide these services only when a College Panhellenic requests them.
Philanthropic projects
Each NPC member organization has its own inter/national philanthropy, but an Alumnae Panhellenic may take on projects of its own. Perhaps the community has a special need that an Alumnae Panhellenic can support. Many Alumnae Panhellenics unite in supporting the philanthropic efforts of each member organization.

Participating in civic and philanthropic activities provides community service while presenting a favorable sorority image. There is no better way to garner public approval than through philanthropic projects and scholarship programs. With public approval, two of the purposes of Alumnae Panhellenics — to promote the sorority experience and to heighten the Panhellenic image — become realities.

ALUMNAE PANHELLENICS HANDBOOK

The Alumnae Panhellenics Handbook is available on the NPC website for download. The handbook includes:
• Model bylaws, including officer duties
• A calendar for NPC reports and dues
• An installation service for officers
• Guidelines for the master file and recruitment information events
• Sample membership recruitment information form and sample letter to high school graduates
• Information on dues, assessments and fundraising
• Effective sorority education programs
• Guidelines for Alumnae Panhellenic newsletters
• Guidelines for College Panhellenics and Alumnae Panhellenics working together
• Guidelines for Alumnae Panhellenic workshops
• Guidelines for giving scholarships

All available resources can be found in the alumnae section of npcwomen.org.

RECRUITMENT INFORMATION EVENTS

Alumnae Panhellenics may host recruitment information events for potential new members. Alumnae Panhellenics and individual alumnae are bound by all College Panhellenic membership recruitment rules. NPC requires that Alumnae and College Panhellenics engage only in cooperative Panhellenic membership recruitment events during the summer months. These events replace individual sorority hosted events and are to emphasize information on all 26 NPC member organizations, with invitations extended to all female students planning to attend a four-year college or university. Please refer to the Sorority Recruitment Information Guide and accompanying tools when planning a recruitment information event.

Alumnae Panhellenics can sponsor these Panhellenic events and solicit the help of undergraduate sorority members who are at home for the summer.

The event format may include samples of sorority magazines and displays of NPC member organizations’ badges, flowers, colors and philanthropic projects. All items must represent all 26 NPC member organizations. NPC brochures on sorority membership, information about area College Panhellenic recruitment schedules and an NPC video promoting NPC membership are all program possibilities.
An Alumnae Panhellenic recruitment information form may be used to collect and disseminate basic information about potential new members. This information comprises the Alumnae Panhellenic master file to be available to all 26 NPC member organizations.

**Best Practice (1993):** The membership recruitment information form may include only the following information:
- Name
- Home and school addresses
- High school and college attended
- GPA (high school and college)
- Date of birth
- Parents’ names
- Interests, activities and honors
- Signed and dated permission to release the information

If held during the school year, Alumnae Panhellenics can sponsor Panhellenic information programs as part of orientation for high school students. Information is general in nature, promoting NPC sorority membership and encouraging the young women to consider sorority membership when making college plans.

**Policy (1993):** When there is an Alumnae Panhellenic in the area, the Alumnae Panhellenic is responsible for organizing membership recruitment information events. When there is no Alumnae Panhellenic in an area, membership recruitment information events may be organized by representatives from a minimum of two NPC organizations, with all efforts being made to include as many NPC sororities as possible.

These events must represent all 26 NPC member groups.

An Alumnae Panhellenic must not charge a potential new member a fee or encourage her to provide gifts to attend a membership recruitment information event or to submit information for a recruitment information form. Further, it is not necessary for a potential new member to attend a membership recruitment information event or to register with an Alumnae Panhellenic to participate in membership recruitment on a college campus.

**NPC ALUMNAE PANHELLENIC AWARDS**

Alumnae Panhellenics must meet the criteria for all active groups to be eligible for Alumnae Panhellenic awards given biennially. These include basic functions such as paying dues on time, submitting reports by the deadlines and ensuring that bylaws and other official documents are on file with both the area coordinator and the NPC office. Eligible Alumnae Panhellenics also actively communicate with their area coordinators.

**Citations of Merit and Programming Excellence Awards**

In some categories, special awards recognize Alumnae Panhellenic achievement in specific functions. These fall under areas such as programming, College Panhellenic relations and recruitment information events. Area coordinators annually submit nominations for Alumnae Panhellenics in their areas. Information for these nominations also comes from the submitted annual report.
New Alumnae Panhellenic Excellence Award
To recognize recently chartered Alumnae Panhellenics, NPC gives an award to outstanding new groups. New Alumnae Panhellenics are defined as groups that have been chartered within the past four years. New Alumnae Panhellenics may nominate themselves by submitting an awards application, or area advisor coordinators may submit nominations with input from the Panhellenic support specialist based on interactions with these groups through the chartering process.

Harriett Macht Outstanding Alumnae Panhellenic Award
The Harriett Macht Outstanding Alumnae Panhellenic Award is a biennial award established in 1993 and sponsored by Delta Phi Epsilon International Sorority. This award recognizes excellence in programming, College Panhellenic relations, community service, public relations and other established criteria. Winners of this award receive registration, travel and meal expenses to attend the NPC annual meeting. An Alumnae Panhellenic may apply for this award, or the area coordinator may nominate one or more outstanding Alumnae Panhellenics in her area.

The Carol Coordt Circle of Excellence Award
Named in honor of Carol Coordt for her outstanding service and dedication to the NPC Alumnae Panhellenics Committee, the Circle of Excellence was established in 2013 to recognize Alumnae Panhellenics that have received the Harriett Macht Outstanding Alumnae Panhellenic Award sponsored by Delta Phi Epsilon and exhibited an extraordinary level of achievement in the alumnae world. Their names are acknowledged on an engraved plaque that hangs in the NPC office. As members of the circle, they will serve as mentors, role models and resources to NPC and other Alumnae Panhellenics. Their status in the circle will cover two bienniums; they are eligible to reapply for the Harriett Macht Outstanding Alumnae Panhellenic Award during the third biennium following their inclusion in the circle.
This section highlights general resources and information on a variety of topics. Each item stands alone, so the section does not flow.
Installation Ceremony for a New College Panhellenic

When a new College Panhellenic is formed and meets all criteria necessary to be officially recognized by NPC, the following script can be used in a ceremony celebrating this accomplishment. Recommended attendees include all members of the new College Panhellenic, sorority advisors, leaders from other fraternity/sorority life councils, faculty and administration.

For the recitation of the Panhellenic Creed, you will want to have a printed program or project the Creed so that everyone can read it aloud.

Installing officer:
We are gathered here today for the purpose of officially recognizing and installing the [name of institution] Panhellenic Association. The National Panhellenic Conference organizations chartered at [name of institution], having met all the requirements established by the National Panhellenic Conference and have fully qualified to become a recognized College Panhellenic Association. They have written and approved bylaws, a membership recruitment program and rules governing membership recruitment, all of which are in accordance with the NPC Unanimous Agreements.

The operations of the National Panhellenic Conference and its College Panhellenic Associations are based on a spirit of unity and friendship. National Panhellenic Conference organizations were founded on ideals that dedicate their members to learning, service, honor and respectability in all relationships, and a belief that deep friendships and high endeavors are fostered most effectively through the cooperation of all member sororities.

In this installation service, it is fitting that we read the Panhellenic Creed and that each sorority woman silently dedicates herself to the fulfillment of it. In unison, please repeat the Panhellenic Creed with me:

We, as Undergraduate Members of women’s fraternities, stand for good scholarship, for the guarding of good health, for maintenance of fine standards, and for serving, to the best of our ability, our college community. Cooperation for furthering fraternity life, in harmony with its best possibilities, is the ideal that shall guide our fraternity activities.

We, as Fraternity Women, stand for service through the development of character inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which we strive to live.

Installing officer continues:
It is now my privilege and pleasure as the installing officer to present to [president’s name], the first president of the [name of institution] College Panhellenic Association, this letter from [Panhellenics chairman’s name] the Panhellenics chairman of the National Panhellenic Conference, officially chartering the [name of institution] College Panhellenic Association as a recognized College Panhellenic Association. [Present letter.] Next, I would like to present you with the National Panhellenic Conference certificate of recognition. [Present certificate.]

I now declare the [name of institution] College Panhellenic Association of duly recognized and installed with all the accompanying rights, privileges and responsibilities.
INSTALLATION CEREMONY FOR COLLEGE PANHELLENIC OFFICERS

When new officers are selected for the College Panhellenic, the following script can be used for their installation.

[The installing officer is usually the retiring president.]

Installing officer:
Will the retiring officers please stand? To you, we say thank you for the many contributions that you have made during your term of office. You can enjoy the satisfaction of knowing you fulfilled your responsibilities well and, by doing so, won our respect and esteem. We wish you all the best and ask your continued interest and support of the [name of institution] College Panhellenic Association and its activities.

Will the newly elected and appointed officers please come forward and stand to my left and right? [Call the names of president, vice president(s), secretary, treasurer and recruitment chairman and indicate they should stand to the right. Call the names of the other officers and indicate they should stand to the left.] [May insert officer titles adopted by the College Panhellenic Association in its bylaws.]

Installing officer to all:
You have been chosen by the College Panhellenic Association of [name of institution] to lead the Panhellenic on our campus during the next year. This is an honor and a privilege granted to you because of your outstanding qualifications and your loyalty to your sorority and the concept of Panhellenic. During the coming year, it will be yours to serve willingly, to lead with sensitivity, to judge fairly and to work in harmony with your fellow officers and with the chapter delegates in a spirit of cooperation and friendship. Be sensitive to the wishes and needs of the Panhellenic members. Set goals and priorities by which you can achieve your objectives.

Installing officer to president:
Do you, [name of new president], promise, on your honor, to carry out to the best of your ability the duties of the president, to hold the welfare of the [name of institution] College Panhellenic Association as your goal at all times and to work in harmony with your fellow officers? [Pause for her response.] As president of a recognized NPC College Panhellenic Association, you are charged with knowing and abiding by the Unanimous Agreements of the National Panhellenic Conference. Do you accept this charge? [President responds.]

Installing officer to vice president(s) or appropriate title:
Do you, [name of new vice president], accept willingly the office of vice president of [title], to serve as an assistant to the president and in her absence assume her duties, and do you agree to fulfill other duties that may be assigned to you during your term of office? [Vice president(s) responds.]

Installing officer to secretary or appropriate title:
The secretary [or appropriate title] is the main communicator between the Panhellenic Association and chapters on our campus, the fraternity/sorority advisor and the National Panhellenic Conference area advisor. It is the duty of the secretary [or appropriate title] to keep minutes in an orderly and concise manner and to distribute them as required. Do you pledge yourself to perform these duties to the best of your ability? [Secretary responds.]
Installing officer to treasurer or appropriate title:
Timely and accurate performance of duty is the responsibility of the treasurer [or appropriate title]. The reputation of our Panhellenic in the community depends on responsible financial management. Do you promise to fulfill the duties of treasurer [or appropriate title] to the best of your ability? [Treasurer responds.]

Installing officer to membership recruitment chairman:
The position of membership recruitment chairman is one of the most important offices in the Panhellenic Association. Your management of the membership recruitment program will in large part determine the growth and development of our College Panhellenic. It is your responsibility to act with fairness toward all member organizations at all times and to ensure confidentiality within the membership recruitment process. Do you promise to discharge the duties of this office to the best of your ability? [Membership recruitment chairman responds.]

Installing officer turns to the left and addresses the remaining officers [name all officers by title]:
By selecting you for positions of leadership, your College Panhellenic sisters have shown their confidence in you. To ensure the continuing progress of our Panhellenic Association, you are expected to develop and coordinate all Panhellenic programs for the coming year. Are you willing to accept these responsibilities? [Remaining officers respond.]

Installing officer to entire group:
Those of you who are the elected delegates and alternate delegates of the member organizations of this College Panhellenic Association bear an important responsibility: that of fulfilling your own obligations as representatives of your chapters. You are expected to participate in and support Panhellenic activities, communicate information to your chapter sisters and serve on committees and in appointed offices as required. Remember the ideals of the Panhellenic Creed as you strive together to further the interests of the College Panhellenic Association on our campus and in our college community.

To pledge our support of these newly elected officers, let us together recite the Panhellenic Creed. [Lead the group in the Creed, reading phrases and allowing the group to repeat them until the Creed is completed.]

I now declare the College Panhellenic Association officers duly installed. With mutual respect and cooperation among all delegates, may this College Panhellenic continue to give loyal service to the chapters of [name of institution] and the community.

This sample is a guide to provide the basic areas to use when budgeting and tracking a budget. The numbers are not meant to reflect any campus’s specific budgetary needs, but rather as an example of some costs that may be incurred.

When preparing your budget for approval you’ll only use the expected column to anticipate your income and expenses for the year. Throughout the year, you’ll track expenses using the actual and difference columns.

Implementing a structure that uses the expected, actual and difference sections is important. You will easily be able to provide accurate reports to the College Panhellenic Council on where the College Panhellenic stands within the approved budget. Plus, tracking the differences provides for better planning in the coming year.

An Excel version of this tool using formulas is available in the “For Officers Running Your CPH” section of the NPC website.

RECRUITMENT RULES TEMPLATE

RECRUITMENT RULES OF [NAME OF INSTITUTION] PANHELLENIC ASSOCIATION

NOTE: The code of ethics from your campus is the suggested introduction to the recruitment rules template. Attach recruitment dates/event schedule and list of fines as separate documents to be updated/voted on annually.

I. Statement of Positive Panhellenic Contact

NOTE: All College Panhellenics should promote and encourage personal and informative panhellenic-spirited contact with potential new members at all times, year round. Strict silence is intended for a short period — not more than 24 hours — from signing the membership recruitment acceptance binding agreement (MRABA) until bid distribution. Additional silence rules are not desirable, because they can suppress participation in recruitment and stunt growth in your Panhellenic community. Panhellenics are encouraged to eliminate all silence and no-contact statements from their recruitment rules, except for the strict silence required during the short time period between preference events and bid distribution. All member organizations are expected to display ethical behavior at all times. Ethical behavior means adhering to local Panhellenic rules as well as NPC policies. It means holding yourself and others accountable to make good choices in your actions. Ethical conduct promotes parity for all member organizations through fair play.

We, the women of [name of institution], will promote panhellenic-spirited contact with all potential new members throughout the year. Strict silence will begin at [time of MRABA signing] and last until bid distribution [time of Bid Day]. No sorority member, including alumnae and new members, may communicate or live with potential new members during this period. Strict silence is defined as verbal, nonverbal, written, printed, text message and electronic communication or communicating through a third party. If potential new members live in a residence hall with sorority members, only casual greetings and contact are permitted.

II. Statement of Adherence to NPC Unanimous Agreements and Policies Regarding Recruitment

All NPC member organizations represented at [name of institution] believe in strictly adhering to NPC Unanimous Agreements and policies. All organizations will follow these valued and non-negotiable policies during the recruitment process.

III. Statement of Values-Based Recruitment

NOTE: The purpose of values-based recruitment is to focus on meaningful conversations with potential new members and recruiting/pledging women who will have a positive impact on chapters and the Panhellenic community. NPC has a policy on values-based recruitment and encourages Panhellenics to incorporate this concept into all recruitment styles. Nonessential features should be removed from the process, and the focus of membership recruitment should be on the values, benefits and obligations of membership for each organization.

All NPC member organizations represented at [name of institution] will promote the following practices during membership recruitment:
1. Engage in values-based conversations.
2. Choose recruitment activities and behaviors that reflect the core values of our organizations.
3. Make informed choices, based on shared values, about potential new members.
4. Educate potential new members about the values, benefits and obligations of sorority membership.

In accordance with NPC policy, [name of institution] recruitment events do not include skits, elaborate decorations and costumes.
IV. Statement of Membership Recruitment Acceptance Binding Agreement (MRABA)
NOTE: NPC member organizations want every potential new member to be informed about her options for joining a sorority. To be certain that each woman has this information, Panhellenics must use the MRABA script immediately prior to a potential new member’s signing the MRABA.

The [name of institution] Panhellenic will uphold and use the membership recruitment acceptance binding agreement (MRABA) for each potential new member interested in joining a sorority, whether during primary recruitment or continuous open bidding. We agree to all policies and steps pertaining to the MRABA.

V. Statement of Automatic Reset of Total
Total is the allowable chapter size as determined by the College Panhellenic.

To allow chapters to achieve parity as quickly as possible, total will be automatically adjusted [Choose one of the following options: every regular academic term (NOTE: For campuses on semester system) OR during the primary recruitment term and the ____________ term (NOTE: Campuses on a trimester or quarter system, should vote on the one additional term when total will be reset)]. This is to be done no later than 72 hours following bid distribution in the academic term that primary recruitment is held and within one week (no more than seven days) from the start of the academic term in which primary recruitment is not held. Total will be determined by [choose one of the following clauses:]

[median chapter size (MCS).] NOTE: This clause is the required method unless an alternative below is approved in advance by the College Panhellenic. Here is an example of how this applies to MCS: Set total based on the size of the fourth-largest chapter in a system of seven NPC organizations.

[average chapter size (ACS) rounded down to the nearest whole number.] NOTE: This clause may be used in cases where all chapters are relatively close in size.

[largest chapter size.] NOTE: This clause is recommended for Panhellenics with two or three chapters.
RECRUITMENT ACCEPTANCE BINDING AGREEMENT SCRIPT AND FORMS

Script for potential new members signing the MRABA

Script to be used immediately before potential new member signs Membership Recruitment Acceptance Binding Agreement (MRABA)

The members of the National Panhellenic Conference want every potential new member to be informed about her options for joining a sorority. To be certain that each woman has this information, this script must be used immediately prior to signing the MRABA. The script may be used for either a two- or three-preference event schedule.

Good evening. You have just completed some of the busiest days of your college career. Now you have the opportunity to make a decision that will broaden your college and alumnae experience and introduce you to a world-wide network of friends.

Please carefully consider the following points as you complete your membership recruitment acceptance binding agreement, also known as the MRABA.

1. Your options when considering your agreement are:
   - You may choose not to complete an agreement at this time.
   - You may choose to list any sorority whose preference (last) event you attended and from which you are willing to accept an invitation to membership (a bid).
   - You may choose to limit your choices to just one or list any sorority whose preference round (last) event you attended and are willing to accept membership. Please note that by not listing the maximum number of events you attended you may be limiting your potential to join any other NPC organization during this recruitment should you not be placed with your choice(s).

2. When you sign this binding agreement, you are agreeing to accept an invitation to membership from any NPC sorority that you have listed.

3. Once the acceptance agreement has been turned in to the representative of the College Panhellenic Association, it cannot be altered or changed.

4. If you receive an invitation to membership (a bid) from any NPC organization that you listed and do not accept it, you will be ineligible to be pledged by any other NPC organization on the campus until the beginning of the next primary membership recruitment period. This statement is from a Unanimous Agreement, which all organizations and members of NPC agree to uphold. The Unanimous Agreement III. The Panhellenic Compact specifically states in point 5: If through the primary membership recruitment process, a potential new member receives a bid and declines it, then she is ineligible to be pledged to another NPC sorority on the same campus until the beginning of the next year’s primary membership recruitment period. If you do not receive an invitation to membership (a bid) from any NPC organization you have listed, you will be eligible for continuous open bidding if/when space allows. You must understand that not all NPC organizations will have available spaces for new members for the academic year.

Chapter members and advisors evaluation

Obtaining chapter member feedback about the membership recruitment process is another important step in the evaluation process. Feedback can be gathered in any or all of the following ways:

1. Distribute a brief written survey to each chapter member.
2. Have chapter membership recruitment officers or Panhellenic delegates lead discussions with their chapters. Provide a brief written summary to Panhellenic.
3. Hold a discussion/evaluation session with chapter membership recruitment officers and their alumnae membership recruitment advisors.
4. Discuss recruitment in focus groups with random samples of chapter members and provide a brief written summary to Panhellenic.

Please take a few minutes in a chapter officers’ meeting or chapter meeting to evaluate the current recruitment processes. Your comments and recommendations will be considered in planning for the next recruitment cycle. Circle the appropriate number, according to the following scale:

SUGGESTED INTERFRATERNAL PROGRAMS

Fraternity/Sorority Council
A fraternity/sorority council can provide a forum for discussion and communication among all Greek-letter groups. Such a council may be practical, especially on a large campus with many sororities and fraternities. It can coordinate joint activities such as educational programming, Greek Weekend, a philanthropic or service project or fraternity/sorority newspapers, newsletters and electronic communications that promote fraternity and sorority life.

A fraternity/sorority council should be a separate organization, and NPC has a position statement explaining this expectation. Separate College Panhellenic Associations and Interfraternity Councils are recommended by both the National Panhellenic Conference and the North-American Interfraternity Conference. The organization and procedures differ enough to make a College Panhellenic and an Interfraternity Council function more efficiently when operated independently.

• Purpose: A fraternity/sorority council should foster cooperation of sorority women and fraternity men in carrying out a specific project or reaching a particular goal. All activities should reflect the ideals, values and standards of all fraternal organizations.
• Organization: It should include representatives from the College Panhellenic, the National Pan-Hellenic Council, National Association of Latino Fraternal Organizations (NALFO), National Asian Pacific Islander Desi American Panhellenic Association (NAPA), National Multicultural Greek Council (NMGC) and the Interfraternity Council (IFC). Selection and size of the representation depends on the size of the campus’ fraternity/sorority system. However, each organization represented should have one vote.
• Authority: Responsibilities should be restricted to those necessary to accomplish the fraternity/sorority council’s goals and function. Membership recruitment programming and judicial committees are not proper functions of a fraternity/sorority council. Working with the university administration to give fraternities and sororities a place in summer orientation of new students is a proper function.
• Meetings: Should be held when needed to achieve the purpose of the council. Rotation of meeting places among chapters is suggested if there is no convenient central meeting place.

Panhellenic websites
Many College Panhellenic Associations have created websites to share information about Panhellenic programs and activities. It is an effective vehicle for promoting Panhellenic efforts as well as providing membership recruitment information for potential new members.

The website must present relevant content in a clear and attractive format. Regularly updating the information is one of the most critical components of an effective website.

In addition, the site should contain links to chapter home pages and websites for NPC member organizations represented on the campus, as well as links to the NPC website, The Sorority Life website and Sorority Parents website. Likewise, the Panhellenic website should be listed as a link on the university website to encourage students to browse its information.

All content on the website must be tasteful and appropriate for the intended audience (students, parents, campus community and alumnae).
AWARDS FOR COLLEGE PANHELLENICS

NPC awards for College Panhellenics are granted annually. Each year NPC recognizes outstanding College Panhellenics that meet specific criteria. Awards are:

- The Excellence Award for College Panhellenics that meet all seven criteria.
- The Achievement Award for College Panhellenics that meet five or six out of seven criteria.

The criteria are listed below with success indicators. The success indicators are intended to guide the College Panhellenic when submitting the award application and will allow the award judges to determine how well the College Panhellenic meets the overall criteria in these areas.

Participation in the awards process is limited to campuses that have achieved the Panhellenic core competencies listed below. College Panhellenics that do not meet the core competencies are not eligible.

Panhellenic core competencies:

INDIVIDUAL CHAPTER MEMBERSHIP GROWTH PLAN

The National Panhellenic Conference adopted a membership growth plan for college chapters in 1998. Three different approaches are available: reorganization, re-establishment and recolonization.

Reorganization is an inter/national membership management technique by which the inter/national organization develops a recruitment plan for a chapter and:
- Provides special assistance for the chapter recruitment process.
- May solicit Panhellenic support, cooperation and possible involvement.

A vote of the College Panhellenic is not required for a chapter to reorganize.

Re-establishment is a procedure by which an inter/national organization rebuilds a chapter within a specific time frame and:
- Provides a development strategy and plan for a chapter.
- Shares the development strategy with the College Panhellenic.
- May solicit Panhellenic support, cooperation and possible involvement.
- Establishes a definite timeline for implementing the strategy of the plan.
- Reviews progress of the plan, which, if not met, allows the College Panhellenic to consider extension.
- Completes the plan within 12 months.
- Meets the institution’s membership requirements for a recognized student organization.
- Determines the status of chapter members.

A vote of the College Panhellenic is not required for a chapter to develop and implement a re-establishment strategy and plan.

Recolonization is a clearly defined plan developed between the inter/national organization and the College Panhellenic. The plan should be formulated no more than four weeks after the chapter closes and:
- The chapter should be closed for at least 12 months before recolonization is implemented.
- The inter/national organization may solicit Panhellenic support, cooperation and possible involvement.
- At the time of the annual discussion, both parties will decide whether the recolonization plan is renewed, revised or no longer valid. The annual discussion does not require a visit to campus.
- Approval of the plan requires a vote of the College Panhellenic.

The College Panhellenic will allow for a reasonable period of time, not to exceed two years, to establish stability for an inter/national organization that has reorganized, re-established or recolonized its chapter before extension is considered.
UNIVERSITY DOCUMENT REVIEW PROCESS

The National Panhellenic Conference has a University Document Review Committee that has been in existence since 2004 and has reviewed documents from hundreds of universities.

What's the purpose?
This committee reviews university documents such as standards, expectations, relationship statements, assessments, accreditations and award applications, and makes recommendations about the document to the inter/national presidents of the sororities on that campus.

How does the committee get a document?
The committee receives documents for review in various ways:
1. A fraternity/sorority advisor sends the document to the committee at the final draft stage for input before the document is finalized. This is a great opportunity for collaborating to ensure that both the university administrators and inter/national organizations can agree on the assessment document.
2. The university sends the document to the headquarters of the member organizations and the document is forwarded to the inter/national presidents, who send it to the University Document Review Committee.
3. A chapter’s alumna advisor, inter/national officer or staff member discovers a document as part of a campus visit or a chapter president sends it to the headquarters. At this point, the document has probably been in existence for a while, but it is still sent to the committee for review in hopes that if any changes are needed, they can be implemented in the future.

When is the university notified of a review?
Once the decision is made for the committee to review a document, the NPC staff contacts the NPC area advisor, and the area advisor informs the fraternity/sorority advisor that feedback will be forthcoming from the inter/national presidents. The inter/national president with the same affiliation as the College Panhellenic president serves as the liaison with the university.

What is the committee looking for?
The committee checks for items that are not consistent with NPC Unanimous Agreements or policies, as well as requirements that might infringe on the rights and privileges of sororities as private organizations. The committee questions items that seem unclear or excessive.

What happens next?
Documents are assigned to two or three committee members. Each of the committee members assigned, independently reviews the document, and their collective feedback is summarized by the NPC staff in a letter to the inter/national presidents of the chapters on campus. The presidents review the committee’s feedback and reach a consensus about how to respond to the university fraternity/sorority advisor.

Who is on the NPC University Document Review Committee?
The committee is composed of volunteer sorority leaders who have served their organizations and the National Panhellenic Conference for many years. Many current members of the committee have served as inter/national presidents and members of their NPC delegations. Several past NPC chairmen are actively involved and bring many years of experience working with our partner universities.

For more information on this process, contact the NPC executive director.
HOUSING POLICIES AND PROCEDURES

The National Panhellenic Conference has a University Housing Initiative Committee that has been in place since 2010. The role of the committee is to cooperate with college and university administrators in communicating about developing housing plans for sorority chapters.

NPC is interested in the establishment of:
- A specific housing plan.
- Housing that will contribute to a useful, healthy and happy living experience for the sorority chapters.
- Some degree of similarity and equality to eliminate competition on a material basis.

Housing policies
1. NPC member organizations are to confer with the NPC University Housing Initiatives Committee chairman and the NPC office in these instances:
   A. Campuses that are opening for the first time to NPC member organizations.
   B. Campuses without an established housing program that are considering the adoption of one for the first time.
   C. Campuses that have a program or agreement that is deemed advisable to change.
2. Any NPC member organization contemplating action in regard to housing on any campus falling in one of the above categories is to notify the other organizations involved and the University Housing Initiatives Committee. The University Housing Initiatives Committee will then act as a clearing agency to formulate a satisfactory plan.

Housing procedures on campuses newly opened to NPC sororities
The first NPC sorority planning to charter on a campus should consult with college administrators regarding existing and/or planned housing policies. The NPC delegate of the first group will then notify the University Housing Initiatives Committee and the NPC office, which acknowledges the information and publishes it in the housing database.

As soon as a second NPC sorority has chartered a chapter, the NPC delegate of the first installing sorority becomes responsible for contacting the NPC delegate of the second sorority. Together, with the cooperation of the University Housing Initiatives Committee and the NPC office, by correspondence or at a meeting, they develop a housing agreement pertinent to the campus situation.

When a new campus is opened to NPC sororities and several chapters are installed on the same date, the first sorority chapter in alphabetical sequence is responsible for initiating a housing agreement pertinent to the campus, in consultation with the NPC office.

General procedures for housing agreements
A housing agreement is passed and amended by a majority affirmative vote of all the NPC sororities with chapters on that campus, and all of the NPC sororities on campus are ethically bound by this agreement. However, should a housing agreement be passed by less than a unanimous vote, the agreement is limited to the next two consecutive NPC bienniums.

A housing agreement is drawn for the current or ensuing NPC biennium, with action to be taken at the close of the biennium to amend or terminate the agreement.
Housing agreements are signed either by the inter/national president or the NPC delegate or both, and they are witnessed by the University Housing Initiatives Committee chairman.

The NPC posts copies of the agreement to the NPC website and sends copies to the proper college authority on housing. Copies of housing agreements are also sent to the NPC Executive Committee. Where an agreement already exists, any additional sorority chartering a chapter on the campus shall abide by the agreement for the current NPC biennium.

Housing agreements may be opened for review during the biennium at the request of any NPC sorority on that campus. Implementation of all housing agreements is carried out under the direction of the NPC office. Any action by the sororities concerned is official only when cleared through the NPC office.

Unless the NPC office is notified that a signatory desires a review of a specific housing agreement at least three months preceding the opening date of an NPC annual meeting, agreements will be renewed automatically and be in force at the conclusion of the NPC meeting.
INTERFRATERNAL ORGANIZATIONS

Following the establishment of NPC in 1902 and the North-American Interfraternity Conference in 1909, other interfraternity organizations were formed, including those serving collegiate professional and honorary Greek-letter fraternities and sororities. In addition to the National Panhellenic Conference, well-known fraternal organizations serving college students include:

Association of Fraternity/Sorority Advisors: AFA is an organization of student personnel professionals working with fraternities and sororities to offer service to campuses and individuals.

Center for the Study of the College Fraternity: CSCF promotes research related to women’s sororities and men’s fraternities and maintains records and files of relevant research. It is housed at Indiana University.

Fraternity Communications Association (formerly the College Fraternity Editors Association): FCA is composed of fraternities and sororities committed to communicating the highest ideals of the fraternal community and its achievements.

Fraternity Executives Association: FEA is an organization composed of the chief administrative officers of the member organizations of fraternal umbrella groups such as NIC, NPHC and NPC. Its purpose is to promote, support and encourage the free discussion and exchange of ideas relating to college and university fraternal organizations.

Gamma Sigma Alpha: ΓΣΑ is an organization committed to leadership, academic achievement and excellence of fraternity members.

National Asian Pacific Islander Desi American Panhellenic Association: NAPA is an association of 18 collegiate member fraternities and sororities with an interest in culture and serving the APIA community.

National Association of Latino Fraternal Organizations Inc.: NALFO is an umbrella organization for Latino Greek-letter organizations.

National Association of Student Personnel Administrators: NASPA is one of the major professional associations for individuals working in student affairs at colleges and universities. Its membership consists primarily of upper-level administrators.

National Multicultural Greek Council Inc.: NMGC is an umbrella council for a coalition of Multicultural Greek-letter organizations (MGLOs) established in 1998. The purpose of NMGC is to provide a forum that allows for the free exchange of ideas, programs and services between its constituent fraternities and sororities; to promote the awareness of multicultural diversity within collegiate institutions, their surrounding communities and the greater community-at-large, and to support and promote the works of its member organizations.

The National Panhellenic Conference Foundation: The NPC Foundation provides support for the educational programming of the National Panhellenic Conference.

National Pan-Hellenic Council Inc.: NPHC was organized in May 1930 at Howard University, Washington. It is composed of nine sororities and fraternities. Life-long community service is a commitment of all the members of NPHC. This goal is promoted through national conventions, forums, meetings and other vehicles for the exchange of information and engagement in cooperative programs and other supportive activities.
North-American Interfraternity Conference: NIC is the men’s counterpart to the National Panhellenic Conference. Established in 1909 with 27 charter members, it has grown greatly through the years and now represents more than 70 general college social fraternities for men with chapters on more than 800 campuses and a membership of more than 4.5 million. It serves as a trade association for its member organizations.

Order of Omega: Order of Omega recognizes fraternity men and women who have attained a high standard of leadership in interfraternal activities.

Professional Fraternity Association: PFA, organized in 1977, is the result of the consolidation of the Professional Panhellenic Association and the Professional Interfraternity Conference. Membership includes 40 member fraternities representing 17 professional disciplines. The purposes of PFA include the encouragement of scholarship, professional and interfraternity ethics, and cooperation among member fraternities.

Rho Lambda: ΡΛ is a national sorority leadership recognition society that honors Panhellenic women who have exhibited the highest qualities of leadership in Panhellenic and their sororities.
GREEK ALPHABET

Greek letters have both a Greek and an English pronunciation. Today’s fraternities and sororities do not adhere strictly to the pure Greek or the accepted English but often combine the two forms in the same name for the final sound effect rather than phonetic correctness.

Alumnus (masculine): A fraternity member who is no longer a member of a collegiate chapter.

Alumni (masculine): The plural of alumnus, the customary plural term when men and women are addressed.

Area advisor: The NPC volunteer with direct advising responsibility for the College Panhellenics in a specific geographic region. She contacts all NPC delegates for the chapters on the campus when important issues arise. College Panhellenic presidents should keep the NPC area advisor informed on all Panhellenic issues. Minutes of each College Panhellenic meeting should be provided to the area advisor. A list of NPC area advisors is available at npcwomen.org.

Area advisor coordinator: The NPC volunteer who works directly with the College Panhellenics Committee chairman to coordinate and provide guidance to the NPC area advisors in one of the six identified regions: Mid-America North, Mid-America South, Mid-Atlantic, Northeast, Southeast and West. If an area advisor is unavailable for any reason, she is the next point of contact for College Panhellenics in the region.

Area coordinator: The NPC volunteer with direct advising responsibility for Alumnae Panhellenics in a designated area. She works with member organizations to provide assistance in recruiting members, provides programming guidance and support and relays news from NPC to the Alumnae Panhellenic she works with. A list of NPC area coordinators is available at npcwomen.org.

Badge: An insignia of fraternity or sorority membership worn by initiated members. Each NPC member sorority has its own badge.

Bid: An invitation to join a sorority.

Bid Day: The last day of recruitment when potential new members receive invitations (bids) to join chapters. The Unanimous Agreements state that there is to be no alcohol use or men associated with Bid Day.

Chapter: A membership unit of an inter/national sorority.

College Panhellenic Association: The cooperative campus organization of all collegiate members of NPC member organizations on the campus.

College Panhellenic executive board: The officers of a College Panhellenic Association, responsible for running the day-to-day business of the College Panhellenic Association.

Continuous open bidding (COB): An opportunity for chapters that do not reach quota during primary recruitment to bid to quota and/or for chapters that are not at total to bid to total. The COB process is not structured by the College Panhellenic, and only chapters with available spaces in quota/total are eligible to participate in COB.

Continuous recruitment (CR): An NPC-recognized primary recruitment style for a campus.

Fully structured recruitment (FSR): An NPC-recognized primary recruitment style for a campus.

Fraternity: A Greek-letter sisterhood or brotherhood. NPC member organizations may be formally named as fraternities, but are referred to by NPC as sororities.

- Lodge - small house used as a meeting place that may or may not have limited living accommodations
- Residence - living accommodations for members and house director

Initiation: A ritual ceremony that brings new members into full membership of a sorority including its lifelong benefits. Once a woman is initiated into an NPC sorority, she is ineligible for membership in any other NPC sorority.

Interfraternity Council: The male counterpart of the College Panhellenic Association that may be supported by the North-American Interfraternity Conference.

A potential new member agrees to accept a bid from any chapter she lists on her MRABA. If she receives a bid to a chapter she lists and declines it, she is ineligible to join another organization on that campus until the beginning of the next primary membership recruitment period. If she does not receive a bid to membership, she is eligible for continuous open bidding.
Minimally structured recruitment (MSR): An NPC-recognized primary recruitment style for a campus.

New member: a woman who accepted a bid from a sorority but is not yet an active member of the chapter. As a new member, she receives education about the organization’s values and history to prepare her for initiation.

Quota: The number of potential new members to which each chapter can offer bids during primary recruitment. This is determined with a formula involving the number of chapters and the number of women participating in bid matching.

Quota addition: A woman who was not matched during initial bid matching, but is added to a chapter’s bid list after bid matching. A potential new member is only eligible to be a quota addition if she maximized her options throughout recruitment.

Quota range: A procedure to determine the best number to use when setting quota.

Recommendation: A form completed by an alumna member of a sorority, recommending a potential new member for membership. It may also be referred to as sponsorship or reference.

Recruitment counselor: A Panhellenic representative who has no contact with her own chapter during membership recruitment and is available to guide women through the recruitment process and answer questions.
Release Figure Methodology (RFM): A process used to determine the number of potential new members to invite to events. The process is implemented on campuses by trained NPC volunteers known as RFM specialists.

Snap bidding: An option available to chapters that did not match to quota during bid matching. This process takes place before bids are distributed. Snap bidding is not intended to fill spaces in the chapter total and is limited to any woman who participated in at least one event during primary recruitment.

Sorority: A Greek-letter sisterhood. NPC refers to all its member organizations, regardless of formal title, as sororities.

Strict silence: The period of time after the close of preference events and prior to the distribution of bids when there is no communication between potential new members and sorority women.

The UAs are passed unanimously, ratified by each member organization’s inter/national president and binding on all NPC member organizations and their members. Each College Panhellenic (or the equivalent organization) and Alumnae Panhellenic must incorporate the NPC Unanimous Agreements into its governing documents.
